FATALITIES and loss of life, reported from all sections, supply good argument against the proposed Tionesta dam .-Blizzard.

It is possible that the aspiring politician who imsgines that he can lure the ill, is gaining rapidly and will soon be people into most any sort of a snare by baiting it with the word "progressive," may discover that he has made a wrong disgnosis,-Punxy Spirit,

A MILLION-DOLLAR damage was done by the bursting of two safely-built dams in Wisconsin yesterday, but this is a mere triffe compared to the damage that would be done in the Allegheny valley if the Tionests dam is allowed to be built, This enormous prospective damage can be checked right now by the citizens insisting that the application for the Tionesta charter be refused. Wake up,-Oil City Derrick,

Flood Damages.

The columns of the newspapers Wednesday, had many reports of damages to life and property in Western Pennsylvania and Ohio, from the floods and bursting dams. Over 30 persons are reported to have lost their lives. In some sections, where dams had been built on streams, the dwellers below them sought and Agues Rudolph visited relatives at Arthur Carson, Dan Wiles, John Thomrefuge on the hills, and remained there all night rather than risk their lives on the chances of structures being safe. This illustrates the feeling of apprehension that exists in this section against the erection of the proposed dam on Tionesta creek. The people of Western Pennsylvania have had too many examples of there. late of the danger that attends the piling | John Shaderline went to his home at up of water behind dams, to rest easy under the shadow. The cloudbursts and heavy rains are damaging enough each year without having their dangers added to by artificial floods prepared solely for private exploitation. If the dam was to be built the people of

the Allegheny Valley would be a restless, apprehensive community whenever such heavy storms occurred as devastated the country to the south of Pittsburg this week. Until the matter is settled by a ville campmeeting Sunday. positive refusal to grant the application, it must remain a menace. Action on the part of the Water Supply Commission should be demanded as a public necesity, and to allay people's fears .- Derrick.

Lynch. Miss Mae Showers spent Sunday with per parents at this place. Mrs. S. S. Eshelman is spending week with friends at Cooksburg. Robert Knight made a short call at the ome of S. S. Eshelman Saturday. John Black of Sheffield and Miss Mae Eshelman drove to Fool's Creek Saturday evening and took in the dance. A good time is reported. Miss Helen Geter is spending a few days with her parents. As we have been having very good revival meetings for the past two weeks we hope they will continue. They have organized a Sunday school. Miss Jennie Meager was a caller in

town Friday. Irve Bennett, who has been peeling bark near Yankee Camp, has returned home sgain and expects to remain for a few days with his family. Forest Crain, who has been employed

in Alabama for the past year, is visiting bis grandparents, Mr. and Mrs. Fox. Newtown Mills.

Mrs. Kate Burdick and two children of Smethport, are visiting her parents, Mr. and Mrs. W. F. Jones.

John Flick's mother of Clarington has ome to spend the summer with them. Miss Cora Kable of Marienville, is visting her sister, Mrs. Alvin Thomas. We are sorry that Mr. and Mrs. Frank Mealy did not stay long enough to receive

a serenade but we wish them a long, happy life, Mr. Moor had quite an up-set on our hill Saturday evening. No one was hurt but the rack was damaged quite a lot. Mrs. Bortzer was calling on her daughter Friday afternoon

Charlie Kegle is visiting his parents at Emlenton. The Thomas Brothers are getting ready to move their mill over on the new tract

of timber bought by Byers & Kegle, The recent storms have not done much damage on our hill but the rain has washed the roads out badly.

It sounds rather good to hear the whistle of Coleman & Watson's train passing over our hill nowadays. Mrs. Elmer Sparks of Eagle Rock was

visiting her parents, Mr. and Mrs. Edward Fox, last Monday. John Thomas spent Sunday with his wife and baby on Cropp Hill. Misses Nellie Vanderlin and Louise

Frederick of Walnut Bend are visiting their sunt, Mrs. C. D. Walter. Some of our young folks attended the Pleasantville campmeeting Sunday.

Cyril Thomas spent Sunday with his incle, Alvin Thomas. Miss Blanche Wiles' cousin of James own, N. Y., is visiting her now.

Mrs, John Harger was out to see mother one day last week. Ed. Kegle has had a very sick cow.

Little Miss Esther Osgood is visiting her grandmother, Mrs. Robert Mealy. The corn crop looks as though it would be a good one on our hill this summer. We wonder if Johnny has raised that

hundred bushel of radishes yet or if the rain has washed them all in the hollow. The party that was held at Alvin Thomas' last Friday evening in honor of Miss Kable was greatly enjoyed by all. Those present were, Misses Bessie and Altia Walter, Misses Georgia and Letha Fox, Miss Nellie Vanderlin, Miss Louise

Herb Hepler, Lester Childs, George Ellis, Floyd Stitzinger, Will Wentworth, as, and Mr. and Mrs. C. D. Walter.

The Old Swimmin' Hole.

The season is at hand when a low whistle and a mysterious raising of the first two fingers of the right hand will cause any small boy to glide stealthily around the corner and set forth in company with his bare-footed tempter for the nearest swimming hole.

The fashionable watering places may be well enough for the socially elect but the rivers and creeks must serve for the majority and the observant traveler can testify that the old swimming holes have not been deserted.

Of course every boy and girl should learn to swim and most of them do but sometimes the less skillful fall victums to their inexperience. Drowning accidents are all too common at this season of the year and there is scarcely a community in the State that does not have one or more to record during the summer season. Last year there were nearly 500 fatal accidents of this character throughout the State.

In the majority of cases, these occur in localities where it is difficult to obtain the prompt aid of a physician and every minute is of vital importance when a drowned man is to be resuscitated. Hence every body should be familiar with the methods of reviving the drowned. They are comparatively day. simple and can readily be learned. Dr. Dixon, Commissioner of Health, has issued a bulletin setting forth clearly and concisely the method of recovery and resusciation in cases of drowning. It is profusely illustrated with excellent photographs. Everyone who loves to swim should obtain a copy of this valuable little pamphlet and add to his store of practical knowledge, the methods of reviving the drowned. It should find its way to every boat club, fishing and hunting camp in the State. A postal card addressed to the Commissioner of Heath, Harrisburg, will bring a copy free of cost to anyone in Pennsylvania.

Pure Ice.

Karl de Schweinitz, executive Secretary Pennsylvania society for the prevention of tuberculosis, says: People who wouldn't think of drinking dirty water often use unclean ice. Have you ever seen how ice is handled? Frequently it seen how ice is handled? Frequently it the country who would not otherwise be atands on the sidewalk where dust and able to secure this valuable training and street dirt blow over it. People brush excellent means of livelihood, against it. Dogs have access to it. It affords an easy landing place for every bit of loose filth that is about,

Therefore, wash your ice carefully before you place butter or tomatoes upon it, or use it for ice water. Best of all drink ice cooled water instead of ice water. It is better for you and is more sure to be clean

Hesitate before you drink from public drinking tanks. Only too often the ice by destroying the foundation of the dishere is carelessly washed. Many offices, ease, and giving the patient strength by building up the constitution and assistinstead of using ice water, place the ice upon coils of pipe through which the water flows. This cools the water and at the sent time at the sent t the same time prevents it from getting dirty.

Ice is one of our greatest comforts in summer. Use it however, in such a way that it will do you good instead of harm.
