

Calendar for September 1912 showing days of the week and dates.

Republican Ticket.

President—Hon. William H. Taft, of Ohio. Vice President—Hon. J. S. Sherman, of New York. State Treasurer—Hon. R. K. Young, of Tioga County. Auditor General—Hon. A. W. Powell, of Allegheny County.

JUDGE PARKER forgot that his own campaign fund in 1904 was not in the nature of small change.

A MAN must have a strange sensation when trying to be a presidential elector for a party he has booted and is trying to defeat.

UNCLE SAM's marines in a Nicaragua port look more logical than the British marines who landed there in armed force a few years ago.

MR. TAFT evidently believes that the veto power was bestowed for a wise and practical purpose and should not be allowed to drift into disuse.

HENRY WATSON predicts that Bryan and Wilson will come to blows. There is nothing that bores a Kentucky editor like too much harmony.

CANADA also will protest against the act passed to regulate the Panama Canal. The Canadians are ready for a good deal of reciprocity if called by some other name.

THE English press is unanimous in condemnation of the action of Congress and the president on the Panama Canal toll. If England could vote in November the professor would ask for returns from there early in the night.

Good Presidential Timber.

Do you believe, asks the Pennsylvania Spirit, that Theodore Roosevelt is a man of sound judgment, undoubted veracity and unerring ability to distinguish between good and bad men in selecting public officials? Would you accept his estimate of a man with whom he has been acquainted for many years as being of value? Do you think Colonel Roosevelt could be utterly mistaken in his judgment of the character and ability of an old and intimate friend, who has worked in the same field with him for many years? Would you think for a moment that the Colonel would recommend to his fellow countrymen anything that he did not believe to be the genuine article?

Very well, then. Here is what he said about Mr. Taft four years ago: "I feel that the country is indeed to be congratulated upon the nomination of Mr. Taft. I have known him intimately for many years, and I have a peculiar feeling for him because throughout that time we have worked for the same object with the same purposes and ideals. "I do not believe there could be found in all the country a man so well fitted to be President. He is not only absolutely fearless, absolutely disinterested and upright, but he has the widest acquaintance with the nation's needs without and within and the broadest sympathies with all our citizens. "He would be emphatically a President of the plain people as Lincoln, yet not Lincoln himself would be freer from the least taint of demagoguery, the least tendency to arouse or appeal to class hatred of any kind. "He has a peculiar and intimate knowledge of and sympathy with the needs of all our people—the farmer, of the wage-worker, of the business man, of the property owner. No matter what a man's occupation or social position, no matter what his creed, his color, or the section of the country from which he comes, if he is an honest, hard-working man, who tries to do his duty toward his neighbor and toward the country, he can rest assured that he will have in Mr. Taft the most upright of representatives and the most fearless of champions. Mr. Taft stands against privilege, and he stands pre-eminently for the broad principles of American citizenship which lie at the foundation of our national well-being."

Washington Party Conventions. GREENVILLE, Pa., Aug. 27, 1912. EDITOR FOREST REPUBLICAN, Tionesta, Pa.

DEAR SIR:—Will you kindly announce in your paper that a district conference will be held at Corry, Pa., Saturday, September 7th at 10:30 a. m., to take action in regard to nominating a Washington party candidate for Congress in the 28th Congressional district, and if it is decided so to do, to select at that time the nominee. This conference will consist of two delegates from each county, and one person representing the pre-emptors of the party named. A county conference will be held at Tionesta, Friday, September 6th at the court house at 10:30 a. m., to select two representatives to that convention. Members of the Washington party in their respective precincts in Forest county are expected to select one delegate from each of their respective districts to represent them at the county conference. Very truly yours, J. L. MORRISON.

Legislature Will Elect The Governor In Vermont.

There being no choice by the voters for Governor in the Vermont election yesterday, the question will be decided by the legislature according to the law in that state. The legislature being overwhelmingly Republican, Allen M. Fletcher, the Republican nominee, will be chosen. The Republicans will have a small plurality in yesterday's election according to returns received from about two-thirds of the state, which are as follows:

Fletcher, Republican, 17,309; Howe, Democrat, 12,722; Metzger, Progressive, 10,760.

BOOTH LEFT ONLY \$2,440

Bequeaths Personal Estate to Salvation Army—Remarkable Funeral. As was expected, the will of the late General William Booth of the Salvation Army reveals the fact that he disregarded the world's goods. The main document deals only with properties which he held as general of the Salvation Army or in behalf of similar public trusts. These are all vested in his successor in trust.

Three codicils to the will deal with his private property, the net value of which is \$2,440. This is bequeathed to the army. The codicils also dispose of property estimated to be worth \$26,475, representing money settled on the general by Henry Reed many years ago for his private use. It was on the income of this money that the late general subsisted. This property is divided among his children, Bramwell, Catherine, Marian, Herbert, Eva and Lucy.

In many respects the funeral procession of the late Salvation Army founder was the most remarkable pageant of his kind ever witnessed in London. A crowd estimated at 2,000,000 lined the route.

There were very few of the conventional signs of mourning. The thousands of uniformed Salvationists who followed the hearse wore white armlets and the army's scarlet banners were decked with white streamers. Additional color was given by the flags of every country where the army works.

The hearse was an open carriage decorated with flags and palms and drawn by a pair of horses driven by a groom in white breeches. Forty bands were in line.

Clarence Farnsworth went to Warren Wednesday morning and on the road he found the pocketbook with money intact. The purse was somewhat damaged, having been driven over by a couple of rigs. Mr. Hanson is thankful Mr. Farnsworth happened to be the fortunate finder.

Dr. Hyer of Clarendon was called to the home of S. A. Allaire, Monday, and found most of the family suffering with measles. They are quarantined, all but Mr. Allaire, who is at Henry's Mill, and Simon, who was out when the quarantine notice was put up and who is boarding with his aunt, Mrs. Marink.

Farmers are having a great deal of trouble harvesting their oats, the wet weather being a great hindrance.

Last Sunday nearly a hundred rigs, all told, were in from towns near by, the people bent on getting a few blackberries. We are always glad to welcome the "town folks" to our berry fields and we treat them with courtesy and kindness, which some of them very poorly return.

On last Sunday alone they destroyed a fence for one man and stole some oats, another rig stole a large quantity of apples, still more were found digging potatoes from a field. They took more than they could use and in case of the apples threw them into the bushes as they passed by on their way home. Another such outrage will be reported to the law.

TWO WHITES SHOT BY BLACKS

One Killed, Other Hurt—Jealousy Over Mulatto Belle Causes Shooting.

Jacob Kostrew, aged forty-two, of Cherry Valley, near McDonald, Pa., was shot and killed and John Powell of Cherry Valley was shot and injured seriously as the result of a fusillade of bullets fired by negroes at a ball in Cherry Valley. Both men were white.

The white men who were shot, it is alleged, were talking to a pretty mulatto, the belle of the ball, and wished to dance with her. Her negro escort and other negroes became jealous and a fight started in which the fatal shots were fired.

After the shooting both negroes walked away without molestation, the walked away without molestation.

WOOL MAGNATE INDICTED

Alleged to Have Had Part in "Planting" of Dynamite.

Following the surrender to the Boston authorities of W. M. Wood, millionaire president of the American Woolen company, and his release on \$5,000 bail it was announced that another big man in the New England textile industry has been indicted in connection with the dynamite "plant" during the Lawrence (Mass.) strike.

It is alleged that the dynamite was "planted" in order to discredit the operations of the strike leaders.

Wood's indictment caused an immense sensation. In addition to being president of the American Woolen company Wood is president and treasurer of the National and Providence Worsted mills in Rhode Island, director of the Merchants' National bank and Pierce Manufacturing company of New Bedford, Mass., and a member of the National Association of Wool Manufacturers and the Home Market club.

After a conference with Assistant District Attorney McIsaac, Mr. Wood said:

"I cannot conceive what information could have been presented to the jurors which in any way connected me with the so-called dynamite plot. I certainly had no connection with it and this fact will be fully established at the proper time to the satisfaction of the public and even the district attorney. Beyond this I have nothing to say."

Deafness Cannot Be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless this inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

Funeral services were conducted at the home Friday morning by Rev. W. E. Frampton. The floral offering were very beautiful. During his short life it had been so little and delicate, requiring so much care and anxiety, that it so bound up its little life with those of the parent and neighbors that its going leaves a vacancy that nothing can fill.
