Asked for an interview on the present political situation President Tuft

"A chief issue of the most immediate importance in this campaign in my opinion is whether we shall allow prosperity to remain and expand or whether we shall halt it by our political election.

"And prosperity is here. Evidencea of Industrial activity are abundant. Commerce has grown by leaps and bounds. The great transportation systems of the country are hard pressed to move the myriads of products that enter into interstate commerce. The activities of the financial institutions that furnish the funds for the success ful raising of various branches of busi ness has never been so extensive. The workingman and mechanic has never been before so well and steadily employed not so well paid."

The president declares that the demand for labor is greatly in excess of prosperity is the putting the Demobranches of the government. He concludes:

American Peace League Head PARADE BROKEN **UP BY POLICE**

Big Fight in Lawrence; Two Officers Stabbed

COPS MACE SEVERAL OF MOB

Industrial Workers of the World Prevented From Marching to Cemetery to Decorate Strike Victims' Graves.

Police and paraders fought with knives and clubs at Lawrence, Mass., prior to a demonstration by members of the Industrial Workers of the World.

Two officers were stabbed, a number of demonstrators were clubbed and a labor leader captured after a hard fight and then freed. Two arrests were made. One shot was fired from the ranks of the paraders.

Carlo Tresca, an organizer of the Industrial Workers, was in custody, but gained his freedom a minute or two later. Persons who saw Tresca's arrest said he was reacued by comrades. Treaca, with a smile, said the police let him go.

The clash was unexpected. More than 5,000 operatives met in the railroad station to welcome 700 members of the Industrial Workers of the World, who had come from Boston to participate in a parade to the graves of Anna Lopizzo and Johnny Ramy, who were killed during the strike riots in January. After the visitors had detrained an impromptu parade was started, finally turning into Essex street.

When the head of the parade reached Essex street a line of officers halted it and an argument began. The police notified the marchers that they must disperse because they had no permit. Those in the front rank were endeavoring to fall back when suddenly the marchers in the rear pressed forward and the mill workers tried to pass the police.

They struck right and left at the officers, who responded by swinging their clubs. Many paraders were knocked bleeding to the ground. In some instances the marchers robbed the officers of their clubs and began to beat the police. The latter were forced to retreat into Lawrence street. It was here that Tresca was seized by the officers, who started with him to-

ward the police station. Angered by the arrest of their leader the crowd made a rush for the police,

MARINES TO SANTO DOMINGO

Armed Force Sent There to Protect Customs Houses.

A force of 750 marines was sent to Santo Domingo to protect the customs houses there. President Taft approved the navy department plan of sending an armed detachment into Santo Domingo to prevent interference with the customs receivership, which has been administered for the last several years by the United States.

The marines were drawn from the Atlantic coast stations and sailed from Philadelphia on the transport Prairie There has been a smoldering revolutionary movement in Santo Domingo for more than a year, although there has been no actual assault upon any of the American customs houses. The gunboat Wheeling, which has been stationed in the West Indies for months, has heretofore been sufficient in the coast towns. Recently, however, the revolutionary activity has been increasing and the interior customs houses on the mountainous border between Hayti and Santo Domingo have been threatened.

In addition to the revolutionary activity there has been more or less smuggling across the border between Santo Domingo and Hayti and about a year ago several American customs officials were killed in a clash with the smugglers.
