Republican Ticket.

President—Hon. William H. Taft, of Ohio.
 Vice President—Hon. J. S. Sherman, of New York.
 State Treasurer—Hon. R. R. Young, of Tioga County.
 Auditor General—Hon. A. W. Powell, of Allegheny County.
 Congress-at-Large—F. E. Lewis, of Lehigh County; A. R. Ripley, of Cumberland County; A. H. Walters, of Cambria County; J. M. Morin, of Allegheny County.
 Congress—Hon. P. M. Spear, of Venango County.
 Assembly—Hon. A. R. Mechling, of Clarington.

HON. PETER M. SPEAR, Member of Congress, 28th District, Pa. Candidate for Re-election.

He has made good all his promises to the people of his district, and represented them faithfully.
 To have done well is better than to promise well.
 He is entitled to a square deal and re-election for his faithful services.

THIS IS WHAT HE SAYS TO THE PEOPLE OF HIS DISTRICT.

"I have always been a progressive Republican, and a believer in all true progressive principles. I believe in direct primaries, and also that those who enter should abide by the result.
 "This is the progressive legislation I have voted for:

"I voted for a non-partisan Tariff Commission, to obtain honest information for a fair tariff, sufficient to protect us from cheaper conditions and cheaper labor abroad.
 "I spoke for and materially assisted in passing a fair parcels post law, much demanded by the people and opposed bitterly by special interests.

"I voted for the election of U. S. Senators by direct vote of the people; for the Campaign Expense Publicity Bill; for the Eight Hour Day Law; for the Antiphosphorus Match Bill; for bills to create a Child's Labor Bureau, and a Department of Labor; for the Industrial Commission Bill; for the Seaman's Bill; for bill to regulate Convict Labor; to remove the gag rule from employees; for liberal pensions to old soldiers; for Federal Aid to public roads; and all other progressive legislation proposed, beneficial to labor and to the people generally. I am pledged to pending progressive legislation, including Employers' Liability Bill.
 "I believe in the conservation of our remaining timber and mineral resources and water power sites for the benefit of all the people. I voted against the Coosa River Dam Bill, and opposed before the State Water Commission the project to steal the Water Power privilege on Tionesta Creek. I believe in the rule of the people, and have been, and always will be, governed by the wishes of the people of my district.
 "I have kept faith with the people and ask for a square deal and re-election as a recognition of my faithful service."

If its free trade conditions you want again, then vote the free trade ticket, and get what you're after. That's what the Democrats in their platform have said they will give you, and that's what their candidates say is best for the American people. That's what you got under the last Democratic administration, and if you're pining for another dose of it, just cast your vote so as to help that party back into power. But don't whine after you have helped to bring it on yourself.

We are glad to inform our readers, says the Punxy Spirit, that the Republican ticket has at last been purged of the Roosevelt electors that clung to it with so much persistency, and that now every man who is for Taft may vote for the Republican Presidential electors with the confident assurance that his vote will be counted for the safe and wholesome gentleman who occupies the White House, and under whose administration we are now enjoying the most prosperous times we have had for a decade.

John P. Hines Against Parcels Post, and Hulings a Late Convert After it Has Been Passed.

When the parcels post legislation was before Congress John P. Hines, protested against it as follows:
 "I respectfully protest against the passage of any bill looking into the enactment into law of any recommendation with reference to parcels post, and earnestly request that your vote and influence be used against any recommendations regarding parcels post."
 (Signed) J. P. HINES.

Now that he is a candidate for Congress and a fair parcels post bill has been passed, due to the efforts of Congressman Spear, Mr. Hines now declares he is in favor of parcels post legislation.

Hulings was a candidate for the Republican nomination when the fight for parcels post was on in Congress. He then declared himself to be a Republican, which he now denies in a circular in which he outlines the legislation he advocated, but he failed to state he favored parcels post.

After the fight has been won and the bill prepared by Senator Bourne, who has championed parcels post legislation for years, has finally been passed, Hulings becomes a convert to it and proceeds to find fault with the bill, claiming he would have procured a better one.

Such assertions are not likely to fool the people who for twenty years have been fighting to obtain parcels post legislation.
 They will stand by Congressman Spear who made the fight for them and procured the passage of this legislation in the face of the bitter opposition of Express Companies, who are now fighting him because he favored this legislation and procured its passage.

A Huge Ballot.

The compilation of the official ballot for the November election has been completed at the State Department at Harrisburg. The ballot is twenty-three by twenty-five inches in size. It will contain eight columns of Presidential electors, headed as follows:

- Republican—Taft and Sherman.
- Democratic—Wilson and Marshall.
- Prohibition—Chaffin and Watkins.
- Socialist—Debs and Johnson.
- Bull Moose—Roosevelt and Johnson.
- Industrial—Reamer and Gillhaus.
- Roosevelt Progressives—Roosevelt and Johnson.
- Washington—Roosevelt and Johnson.

There is also a blank column for the writing of names of electors. Six spaces carry the names of the candidates for Congressmen-at-Large, Congressmen, State Senator, Auditor General, State Treasurer and members of the Legislature.

The size may be reduced later by the withdrawal of the Roosevelt electors from the Bull Moose and Roosevelt Progressive tickets.

THE DEMON'S ACT.

Another maniac has thrown the country into a gloom of horror by trying to murder one of its most illustrious citizens. The act of the madman at Milwaukee Monday night is none the less deplorable because it emanates from a cracked brain. Again the question comes up, how shall we protect our prominent men from the murderous assaults of cranks and crazy people? Happily Providence was on Colonel Roosevelt's side and made his assailant's weapon less effective than that of Ginepro or Colozoz. The nation unites in the hope that the ex-President's wound may prove to be as slight as he himself treats it, and that his recovery may be speedy and complete.

If its free trade conditions you want again, then vote the free trade ticket, and get what you're after. That's what the Democrats in their platform have said they will give you, and that's what their candidates say is best for the American people. That's what you got under the last Democratic administration, and if you're pining for another dose of it, just cast your vote so as to help that party back into power.
