We'll Pay the Charges on An Interesting Trip.

Dame fashion is throwing the precedents of former years to the winds this spring. So radical are her departures, and withal so beautiful—so fetching—that you will find frequent trips to this home of good fashions more than ever filled with interest and satisfaction.

Remember, we are ready to pay the freight. If you purchase to the amount of \$10, we'll pay for your one-way ticket; purchases of \$20 or over entitle you to your fare both ways.

The First Authoritative Showing of Tailored Suits for Spring,

And there is much to interest and attract every fashion-following woman. Never before were styles so beautiful.

The interest that always attends the first glimpse of the Spring styles is this year heightened by the novel departments from the beaten path of Fashion.

The Coats are cut shorter—24 to 26 inches. The Skirts are slightly fuller from the hips to the knees, and frequently caught at the belt in odd, irregular draped effects. The odd use of seams emphasizes the tendency to get away from the plain tailored to the fancy draped effects.

Especially of note among the materials are the new Eponges, Coverts, Whipcords, and Serges, in new and pleasing shades of taupe, leather brown, gray, mode, navy, blue, old blue, checks, and stripes.

The prices range from \$12.00 to \$40.00.

It will be a pleasure for us to show you these delightful new creations here in Appareling Section today.

Trust Companies of the Country.

Total Resources of Over \$5,490,000,000, Showing a Gain of More Than \$322,000,000 Assets.

United States Mortgage & Trust Co. is distributing the 1912 edition of "Trust Companies of the United States." In the preface President John W. Platten states: "The record of trust company achievement has never been more strongly marked by constantly increasing evidences of rare combination of progressiveness and conservatism than during the year ended June 30, 1912. More and more clearly has it been shown that the trust company's functions and its opportunities are capable of a legitimate expansion unrealized in former years. As a result, the trust companies of the country stand higher today than ever before in public confidence, material resources and usefulness to the communities they serve."

Virtue Little Thought Of.
The whole world admires and applauds physical courage, but moral courage, which is ten times harder to display, excites no plaudits, but rather scorn.

A Resolve.
