A DESPERATE LEGISLATIVE PROPOSITION.

Bill To Grab The Entire Water System of The State Is Introduced In The Senate.

In the Senate of Pennsylvania has been introduced a bill which has for its purpose the reorganization of the State Water Commission and which is without doubt the most far-reaching and withal the most vicious in its provisions of any proposition ever set before a legislative body. It provides for the placing of the entire water system of the state in the hands of the water commission, which is composed of five persons, any three of whom, a majority, can act on all matters pertaining to their rights or duties, and whose acts shall be binding on the whole board.

The building of great dams for power development is provided for in the bill, and the taking over of any stream, great or small, for the mere asking would be possible under its provisions. Could a greater inequity be conceived in the minds of men?

This is the bill which the water power grabbers are waiting for. Under it the rapids of the rivers and creeks of the state will begin at once. Could the right of eminent domain have been granted heretofore, we have no doubt but that the hideous dams proposed in this section would have already been under way.

We read much in the state press about other forms of iniquitous legislation that must be stopped or watched at Harrisburg this winter, but not one word in condemnation of this gigantic outrage. Many, no doubt, are unaware of what is going on, but most of the big daily papers are not ignorant of the provisions of this outrageous bill. Will they keep silence and let it go through?

God forbid that such a law should ever be fastened upon the people of Pennsylvania!

Speaking of this bill the Titusville Herald says: "This legislation is of particular interest to this section of the state, in view of the efforts to dam the Tionesta Creek and the Clarion River, which have been vigorously opposed. Should the McNichols bill become a law it will wipe out the present Water Supply Commission, and substitute the State Water Commission, with enlarged powers, duties and authority over the water courses, water companies, etc. of this state. This bill is sweeping in character, but looks like legislation that is needed to prevent a wholesale raid upon the water power resources of the state."

We desire to call the Herald's attention to the fact that "a raid upon the water power resources," is the very intent of this iniquitous bill, and under it the raid will be on at once. But under the law as it now stands no raid can be made, for the reason that the power to grant the right of eminent domain is denied the present State Water Supply Commission.

Local Option Bill Defeated. The Rockwell local option bill was defeated in the House at Harrisburg last evening, the vote being 121 against adoption to 84 for it. The bill was on the second reading calendar.

A BILL has been introduced in the House at Harrisburg providing that the daisy be the official state flower and that June 14, be designated as "daisy day." The father of that proposition must surely be a "daisy." Why don't some member move to strike out "daisy" and insert in lieu thereof "Canada thistle," or "skunk's cabbage?"

OUR Representative at Harrisburg, Hon. A. R. Meachling, has introduced a bill appropriating \$624,000 for purchase of 7,200 acres in Forest, Clarion and Jefferson counties to constitute the Cook State park and providing for a State commission on parks. The bill ought to pass this great body of timber might be preserved for all time.

MANAGERS of the five big express companies have been keeping tabs on the parcel post since it went into operation. Their agents all over the country have studied and reported the effect of the system on their business and the general verdict on the package delivery service of the companies is that it is negligible. If this is so it is strange that the prices of express stock should have tumbled lately. However, it is clear that the parcel post business does not represent that much dead loss to the express companies. It is to a large extent a new business, that came into existence because of the facilities offered for it.

Nebraska.

Samuel Preston is home from Reno where he has been employed for some time. Miss Mable Karns, of near Pleasantville, visited her friend, Miss Anna Cole, during the past week. George Shay was up from Trumans Monday. It is an old saying that good things come slowly. Suppose that is why we are so long getting rural delivery.

LATER—Mr. White died at his home in Saybrook Saturday, the 22nd, at 4:30. Death was due to pneumonia from which he had suffered for several days. He has been among us for several years, having timber land and a small saw mill here. We shall greatly miss our genial friend.

Old Age. Old age as it comes in the orderly process of nature is a beautiful and majestic thing. It stands for experience, knowledge, wisdom, counsel. That is old age as it should be, but old age as it often is means poor digestion, torpid bowels, a sluggish liver and a general feeling of ill health, despondency and misery. This in almost every instance is wholly unnecessary. One of Chamberlain's Tablets taken immediately after supper will improve the digestion, tone up the liver and regulate the bowels. That feeling of despondency will give way to one of hope and good cheer. Sold by all dealers. Adv.

Local Institute a Great Success.

The teachers of Barnet township held their annual Local Institute at Clarion, Friday and Saturday, Feb. 21 and 22. Although weather conditions were very unfavorable and the roads were worse than "had," nevertheless it was said by all present to be the greatest institute ever held in Clarion. One of the most pleasing features was the interest displayed in the Friday evening session by the local teachers. Another good feature was the great interest shown by the people of Clarion and vicinity in attending all sessions of the institute.

After a welcome to the session on Friday evening was opened by an address "Five Points in Discipline," by Miss Matthews. The five points, home, school, director, teacher and equipment were each carefully dwelt upon. The next was a paper by Miss Ekis. This was a well prepared essay on "Genius." Dr. Brewer then gave a very interesting talk, "Some Facts in Astronomy." He pointed out that the study of the stars and planets will reveal some wonderful facts. If any one might doubt the existence of a Divine or Supreme being, that doubt will be destroyed by a study of astronomy. Next Thos. R. Knight gave some good suggestions for opening exercises. First thing, go into the school room with a sun-dial on the wall. So, Miss Dinkler. Next Supt. Carson explained the "Course of Study."

Saturday morning the session opened by devotional and a short address by Rev. D. B. McCombs. Prof. R. D. Henderson of Lake City discussed Agriculture. Teach it practical, not from the text book. Agriculture in the rural school may not make more farmers, but it will make better farmers. Miss Fullenberry read a paper on Nature Study. She told of the many beauties of nature we may see if we only observe more closely. Essay, "The Days That Are," Teaching, Studying, Testing." Prof. Henderson don't give long lessons in spelling, have bookless teacher, bookless classes. Reading, Saddle Dunkle Solo, Christine Heasley. The Poetic Art," Supt. Carson. It was a very interesting talk on English and American literature. As in his other talks, the audience was deeply interested and showed their appreciation of the earnest efforts of the superintendent by their applause. Reading, Flossie Braden, Mr. R. D. Wolf then took up the closing period in discussing "The Successful Teacher and his School." He pointed out that woman as having a great success in teaching as is man. The choir furnished good singing during these sessions.

Evening session—After solos by Mary Fullenberry and Gladys Braden, and a reading by Flossie Braden, Mr. Wolf gave his popular lecture, "My Best Girl." In pointing out some of the abnormal specimens, as the man-hunting, gun-chasing, flirting, slang-using, athletic and society girls, he kept the audience in a roar of laughter that brought forth frequent applause. He took the closing period in praising his "Best Girl." The audience sat breathless since while he lifted the truth, sweet, smart, virtuous and ideal woman to white light, where she rules as queen of her race. Mr. Wolf has come and gone but he has made a deep impression on his personality and good advice. We hope that he may return some day, as he gave us some advice that may lead some of us to take a better view of life and the world around us.

Death of Mrs. Christina Brewster. Mrs. Christina Brewster was born Jan. 31, 1838, and died at Clarksburg, W. Va., at the home of her daughter, Mrs. J. C. Church, Feb. 18, 1913, aged 75 years and 18 days. She suffered a stroke of paralysis last May at her home near Tionesta and in the fall was taken to the home of her daughter at Clarksburg, where a second stroke sustained six weeks was the cause of her death. Mrs. Brewster was a daughter of the late Daniel and Elizabeth Knisley and was born in Bedford county, Pa. When a child she removed with her parents to Clarion county and grew to womanhood on what is known as the Knisley farm, near Newmansville. She was united in marriage with Joseph R. Brewster, who died seven years ago last July. To this union four sons and one daughter were born, as follows: N. W. Brewster, of Endeavor, Pa.; S. K. Brewster, of Tylersburg, Pa.; D. M. Brewster, of Oil City, Pa.; E. H. Brewster, of Newmansville, Pa.; and Mrs. J. C. Church, of Clarksburg, W. Va. Mrs. Brewster had five sisters and one brother, who have all passed on before her to rest and await her coming, with the exception of Mrs. Sarah Barnett of Tylersburg, and Solomon Knisley, of Rt. 2, Brookville, Pa. She was a member of the M. E. church, in which faith she died and left a blessed testimony that she was ready to go and meet her Father in Heaven, which is a great comfort to those left behind, and an assurance that we do not part forever if we are as ready as mother was. The body was brought to Tylersburg on Thursday and the funeral was held the same afternoon in the Presbyterian church, the service being conducted by Rev. G. B. Walker, pastor of the M. E. church. Interment was made in the cemetery connected with the church. The service was largely attended by her late neighbors and friends to show their last respect to Grandmother Brewster, as she was known. J. C. Church and little son, Gale H., accompanied the remains. Mrs. Church not being able to come along, being too much worn out with the care of a loving mother.
