A very large and appreciative audience filled the M. E. church last night for the stereopticon lecture of Rev. W. S. Mitchell, of Oil City. His subject, "The Awakening of the Orient," was a very instructive and his views excellent.

The public roads just now are a fright, making the hauling of heavy loads out of the question, and well nigh stopping even light travel in the country. Peculiar weather conditions have made this an exceptional spring in this respect.

The Easter Supper served at the M. E. church, Saturday evening, was a great success. It was one of those excellent suppers the ladies are famous for serving. This is the fourteenth year an Easter supper has been served. About \$37.00 was cleared.

The St. Patrick supper given by the ladies of Committee No. 4 of the Presbyterian church Monday evening was well patronized, the ladies realizing something over \$42 for their church fund. The supper was of the usual high order given by Tionesta ladies.

George Wilson had his new refrigerator at his meat market in operation for the first time Monday afternoon, and now George is in a position to snap his fingers at the weather man when he fails to give us an ice crop. Teamsters and travelers report the roads in all directions to be in about the roughest condition on record. One farmer who was several hours coming a distance of about five miles, said he didn't come over the road, but through them. Heavy hauling has been suspended since the wheels sink into the road beds to near the hub.

Ess-Teo-Dee, the dandruff cure that cures dandruff, is a hair tonic. It cures itching heads. It makes the scalp healthy, and stops the hair from falling. It makes the head happy. Anderson & Carlson, barbers, Tionesta, have used it for five years and recommend it very highly as a cure for any scalp disease. One-dollar bottles can be had at their tonsorial parlors.—Adv.

Clarendon parties are testing the land in and about Duhring, this township, with the diamond drill and we understand have located a number of beds of the finest glass sand and if reports are true they have found large deposits at a depth of 900 feet. A glass plant is now the subject of discussion at this point. An immense stone crusher will be put in operation in the early spring.—Marienville Express.

Some of the early birds, and this includes most all those peculiar to this latitude, got their warblers slightly frosted, we imagine, Monday morning when they attempted to tune up for the daybreak concert. Robins, blackbirds and bluebirds have arrived on the scene which is exceptionally early for the two latter species, and they must expect to encounter a few hard knocks if they persist in their freshness.

Martin Wyant, who has been baggage man for the Sheffield and Tionesta railway passenger train for over a year, has resigned his position and accepted a more lucrative position with the Pennsylvania, at Kane, where he will be night yard clerk. He worked at his new position for the first time last evening. He is having his household goods packed in a freight car at N-braska and will move his family immediately to the "Mountain Top City."—Sheffield correspondent in Warren Mirror.

Your home newspaper heralded to the world your birth. It told of your entry into school. Mentioned your birthday party when you were sweet sixteen. Applauded your graduation from the high school, started you to college, and when you returned mentioned the first job you secured. Told of your marriage to the sweetest girl in town and also mentioned the advent (or event) of your first born. Told of the visits of pa and ma, sympathized with you in your sorrow, laughed with you in your joy, and when you die it will do its best to get you through the pearly gates, at only \$1 a year.—Ex.

The well on the Kelly land at Oldtown, by Proper Bros. and others, was spotted with 120 quarts of the high explosive Friday. The well responded with a fair showing of oil and some gas, the owners believing they have what will develop into a pump. The hole is nearly 1500 feet deep with about 90 feet of sand, supposed to be a merging of the Balltown and Speedly sands. Another well will be started soon. The Richards well on Council run was down 1620 feet last week where they struck about 40 feet of sand which showed a little oil and gas. The drillers are waiting for a wire line with which to complete the well and expect to begin drilling again this week. The operators in both these ventures are much encouraged so far and the territory which they have under lease will be tested to the very limit.

The senior class of the Clarion high school has issued invitations to friends to attend the commencement exercises which are to be held in the M. E. church of that place Friday evening, March 29. A fine program has been arranged which, besides the class exercises, will embrace a fine lecture by Dr. R. D. Wolf, of Greensburg, Pa., and splendid music by the Brookville orchestra. The presentation of the diplomas will be by Supt. J. O. Carson. Prof. Roy S. Braden, the efficient principal of the school, has left nothing out in the arrangement of the program that would add to the interest and pleasure of the occasion, and those who attend may be sure of a fine entertainment. The commencement sermon will be preached in the evening of Easter Sunday by Dr. George M. Hughes. The graduates are as follows: Susie Elizabeth Black, Gladys Lavina Braden, Edwin Lincoln Breneman, Marie Marie Cassatt, Charles Eugene Cook, Martha Jane Greenhill, Velma Abigail Matthews, Ruth Reardon.

The Oil City representative of the Franklin Herald writes under date of Saturday, 15th inst: Dr. J. C. Dunn and daughter, Miss Fern Dunn of Tionesta, were in the city today enroute to British Columbia where they expect to locate about May 1 after a six week's visit in Chicago. Among Dr. Dunn's baggage was an unique collection of arrow heads which he had been collecting for the past 10 years. Mounted on a board in the shape of an arrow head were 140 of his best specimens, the majority of which were found in Forest county within a few hundred feet of the Allegheny river. Others were from Montana and Alabama and the collection contains all sizes from an inch in length to several inches long. The carving on some of the heads were exceptionally beautiful while others were in a very crude form. The specimens from Forest county as well as the ones from Montana were of flint while the ones from Alabama were mostly of granite. One not only beautiful specimen from Alabama was of milk white granite almost transparent with many shades of brown markings. Mounted on the board also were several "skinning stones" used by the Indians which were found in Forest county. These stones were of different shapes but all were smooth as glass with sharp edges.

Mrs. J. F. Proper entertained the Tionesta Reading Club at her home on Saturday evening. Miss Hattie Gould, one of the principals of the Oil City schools, gave an illustrated talk on the city of Paris. The stereopticon views used by Miss Gould are very fine. They included the principal points of interest in the city of Paris, portraits of a number of noted personages of France, copies of some of the famous paintings and statuary in the art galleries of the great city. The club has been studying France during the year, so that Miss Gould's talk and exhibit were especially interesting and edifying to the members. The hostess served dainty refreshments at the conclusion of the program.

Endeavor Home Burned. The home of Francis H. Kennedy and family at Endeavor was consumed by fire last Wednesday morning, and all the household goods, besides \$100 in money, were burned up. Fifteen dollars in coin were afterwards found amongst the ashes. Mr. Kennedy carried \$500 in insurance on his household effects, which covers only about half of his loss. The building was owned by the Wheeler & Dusenbury company, and it was not insured the loss in total, about \$900. It was located near the fork of the road a short distance above the upper mill.

Distressingly Sad Death. A death of peculiar sadness occurred on a Baltimore & Ohio railroad passenger train at Nansen, eight miles south of Kane, Wednesday afternoon at 3:20 o'clock. The woman, Mrs. Milton Reid, of Duhring, Forest county, was enroute to Kane, where she intended to enter the Kane Summit hospital to receive medical attention.

Mrs. Reid lived at Duhring and about 5 o'clock Wednesday morning gave birth to a daughter. Owing to the great distance to the nearest doctor's office the woman did not receive medical attention. As a last resort a cot was obtained and the sick woman was placed aboard a B. & O. train and had started for Kane. As the train was passing Nansen, however, she expired. Investigation showed that the death occurred in Elk county, consequently the coroner of that county was notified and he decided that death was due to convulsions and that an investigation was unnecessary.

Mrs. Reid was accompanied by her husband and Miss Eva Kinney. An effort was made to get a Sheldahl physician to make the trip, but without success. The tiny baby was turned over to Mrs. Frank Reid upon arrival at Kane and Mr. and Mrs. Reid will adopt the little orphan girl. The deceased was but 19 years old and this was her second child, the first having died in infancy.

Kellettville. A house occupied by Harry Wilson and located near the Salmon creek mill caught fire about 11 o'clock Sunday night, from a gas light in the sitting room, and was considerably damaged in this room and on the roof. The fire was put out by a large number of volunteers who were called out by the fire alarm whistles, but they were obliged to tear off part of the roof to quench the flames. Mr. Wilson's household goods were all carried from the house but were somewhat damaged. The house was owned by the Salmon Creek Lumber Co. Archie Pierson, who is employed at the Kribbs & Ray livery barn and who sleeps there, was robbed of \$25 in money and a good watch some time Saturday night. The money and watch were in the pockets of his trousers, which the thief carried outside before making away with the valuables. There is no clue to the thief.

Mr. and Mrs. F. B. Robbins have almost completed the work on their baking rooms and eating parlor, which they are arranging on the lower floor of their residence. Mr. Day does not come as a stranger in town, having been a resident here for a number of years before moving to Niagara Falls and he and his family will be gladly welcomed by their old neighbors and friends.

The Ladies' Aid, assisted by other ladies of the M. E. church, will serve an Easter supper, including ice cream and cake, at six o'clock on Saturday evening, March 22. Every one is invited to go to the hall and get a good supper. The members of the senior class of the high school held an ice cream supper in hall Saturday evening to raise funds to provide some specialties at the commencement exercises. They had about \$28 as a result of their efforts, after expenses were deducted.

Miss Linnie Whitton was over from Muzette Friday and Saturday receiving medical attention for her hand, in which she had the misfortune to run a needle some time ago and which is giving her considerable trouble. She was the guest of Mr. and Mrs. Arthur Math and Mr. and Mrs. John Blum while in town. In glancing over the March number of the Oil Business College Journal, of Warren, we noticed the name of Beniah Hall, a former student of the Kellettville school, a winner of second prize in a penmanship contest recently held at the college. We also recognize the familiar features of our fellow townsman, Herald Fitzgerald, as one of the members of the basketball team.

Recent Deaths. BINGMAN. Audred Bingman, the nine-year-old daughter of James and Maud (McCann) Bingman, died at the family home at McKeesport, Pa., Thursday, March 13, 1913, after a long illness.

She was taken ill with pleurisy which became so severe that an operation for her relief was performed on Feb. 21st at the McKeesport Hospital. She rallied nicely from the operation and improved so rapidly that she was able to be about the house after returning home on Tuesday previous to her death. A sudden recurrence of the pleurisy is supposed to be the cause of her passing away within two days of her return home. She was born at Nebraska, this county, Dec. 17, 1903. The family later resided at West Hickory, removing to McKeesport about three years ago. Audred was a bright and winsome child and her death was a sad blow to the parents and family, who have the sincere sympathy of many friends in their great loss. Besides the parents, four brothers survive her. The body was brought to Tionesta Saturday morning and the funeral services were held in the Free Methodist church at Newmansville, Sunday at 11 a. m., Rev. G. A. Garrett officiating. Interment was made in the Walters cemetery. EMERT. Mrs. Dorcas Emert died at her home on German Hill, this county, on last Monday morning at 9:30 o'clock after an illness of about three weeks, a severe cold developed into pneumonia. The deceased was born on German Hill, April 4, 1858. She was a daughter of Casper and Martha Izert, very highly respected early German settlers in that section. Her entire life was passed in Forest county and on German Hill, where she was highly esteemed as a neighbor and a friend. She was a good wife and a kind mother, whose influence was always for good and whose faithfulness in every relation will be remembered. About thirty-one years ago she was united in marriage with Mr. James Emert, and when in childhood was confirmed in the Mt. Zion Lutheran church on German Hill, remaining a faithful member throughout life. She is survived by her husband, one sister, Mrs. Eli Sautzger, of Tyersburg, Pa., one son, Willis Emert at home, and three daughters, Mrs. Claude Hepler, of Akron, O., Mrs. Earl Sutley, of West Hickory, Pa., and Mrs. Charles McKee, of McKee Hill. Appropriate funeral services will be held at her late home this Wednesday afternoon, conducted by Rev. H. A. Bailey, followed by the interment in the Mt. Zion Lutheran cemetery. THOMAS. William Wallace Thomas was born in Paint township, Clarion county, Pa., Dec. 28, 1827, and died at the home of his daughter, Mrs. Orion Anthony, West Hickory, Pa., March 13, 1913, at 8 o'clock a. m. Some years ago, while pursuing his usual avocation of lumbering, he met with an accident by which he lost the sight of an eye. This injury later involved the other eye and Mr. Thomas finally became totally blind, and from that time on, although of a rugged constitution, his decline was rapid. Mr. Thomas began lumbering when yet a mere youth and at the age of 15 years was a sawyer on a mill owned by the May brothers at Oldtown, three miles above this place on Tionesta creek. The saw mill was one of original design, called the "up-and-down" or "muley" mill, the power being furnished by water from a dam in the creek and run through a race to the wooden, over-shot water wheel. From this time on until broken in health he continued lumbering, and lived to see the primitive mill grow into the modern band mill with a capacity running into the hundreds of thousands daily. He was a hard worker in all his dealings and a most trustworthy in all his dealings and lived a moral upright life, being a consistent member of the M. E. church for more than sixty years. He had held many offices of trust in his day and was known to the older generation as "Squire Thomas." In the year 1850 he was united in marriage with Sara Jane Wentworth. To this union six children were born, but only one of whom, Mrs. Jane Zerbe of Tyersburg, survives. After the death of his first wife he married, August 6, 1861, Sara Ann Luckey, who preceded him to the grave about a year ago. To this union nine children were born, all living but one, namely: James M., George H., Fred W., Alvin A., John E., all of this community, Charles W., deceased, Mrs. Orrin Anthony of West Hickory, Mrs. Jay Kiehlinger of Thompson's Warren county, and Miss Jennie, at home. Funeral services were held in the M. E. church at West Hickory Saturday morning, Rev. W. W. Dale officiating, and the body was brought here on the 11 o'clock train, the interment in Riverside cemetery following immediately after the arrival of the train. Many friends attending the services at the grave which were conducted by Rev. W. S. Burton.
