—Fred Cubbon was down from Fagundus last Saturday and took home with him a handsome one-horse wagon of Snowden's famous make. Fred seemed greatly pleased with the new vehicle and figured that he would have a fairly good quality of wagon long after he has made his fortune and retired from business.

—At the request of Stow Post, No. 274, G. A. R., Rev. Willis S. Burton will deliver the Memorial Sermon Sunday morning at the M. E. church. Veterans and Sons of Veterans will meet at the hall at 10:30 and will proceed to the church in a body. The W. R. C. will meet at the home of Mrs. Wm. Smearbaugh, at the same time. There will be no services in the other churches Sunday morning.

—A news item has been going the rounds of the press to the effect that the new fish law opened the season for game fish on May 20, and closed it on the last day of October. This bill has been signed by the governor. This law applies only to Lake Erie, and does not in any way affect the general fish laws of Pennsylvania, which remain the same as formerly, opening the season for bass, lounge and salmon on June 15.

—Acknowledgment of subscription renewals is made as follows, with thanks: H. E. Lovell, Goltz, Pa.; R. E. Jones, Nebraska, Pa. (new); J. M. Barton, Waterville, Pa. (new); A. M. Ross, West Hickory, Pa.; A. P. Anderson, Brookston, Pa.; Harry Rudolph, Newtown Mills, Pa.; J. H. Barton, Redcliffe, Pa. (new); J. S. Caldwell, Pigeon, Pa.; Mrs. N. O. MacDonald, Ottawa, Kansas, (new); W. C. Brown, Marienville, Pa.

—Tuesday of last week Harrison Swab of Hunter Station dispatched what may be justly called the father of blacksnakes. It measured 9 feet 4 inches from tip to tip. He also ended the existence of two average sized rattlers. On the Sunday previous other parties in his locality killed 4 rattlers. All of these reptiles were slain within half a mile of the station, and the harvest has only begun. Keep up the good work, boys.

—The first accident of the bark peeling season occurred Wednesday near Minister on the S. & T. railroad, when John Henton, in the act of felling a huge tree, was struck on the head by a limb falling from the tree he was working on. He was rendered unconscious and taken to his home Mrs. Serrill and Detar of Kellettville attended. They found his condition serious, but at last accounts were quite hopeful of his recovery. Mr. Henton has a wife and family.

—A friend writes us that beautiful and impressive memorial services in memory of the late W. A. Shewman were held last Friday night, 5th inst., by the local order of Elks in Oregon City, Ore. Mr. Shewman was an Elk, a Mason and also a member of the Oregon City Commercial club. The members of these organizations had attended at the cemetery in a body previous to the internment, which was private, and lined the grave with pink and white carnations and hyacinths.

—Next Sunday, 23rd inst., the new summer schedule will go into effect on the River division of the P. R. R., and will be practically the same as last season, as follows: Trains leave Oil City daily, except Sunday, at 7:00 a. m., 2:45 and 5:15 p. m., arriving at Tionesta 7:43 a. m., 3:33 and 5:53 p. m. Southbound trains daily, except Sunday, arrive at Tionesta, 7:08 and 11:01 a. m., and 6:02 p. m. Sunday trains north arrive at Tionesta 7:48 a. m., and 2:48 p. m.; going south trains arrive 5:36 and 9:02 p. m.

—A communication from Joseph Kalbfus secretary of the State Game commission in relation to the new hunters license law, states that several months will elapse before the license tags and blanks will be ready for distribution to the treasurers of the various counties. Until the State Game commission is prepared to issue the license and tags, Mr. Kalbfus says the commission is not disposed to enforce the law or impose the penalties upon men who may desire to hunt before the state can furnish the tags and licenses.

—Visitors from nearly every section of the county coming in Monday reported a heavy frost during the previous night, but the extent of the injury to growing crops could not be ascertained and will not be fully known for several days yet. It is not believed that much damage resulted, however, unless it should be to the fruit that escaped the frosts of several days previously. Orchard owners tell us that a good percentage of the fruit crop has escaped the frosts up to this time and that the yield promises to be not greatly below the average, barring possible future blight.

—Special services for the older folks will be held in the Presbyterian church of Endeavor next Sabbath, 25th inst., at 2:30 p. m., and it is hoped to have a large attendance of all the old people in the community, especially those who are unable to come out regularly. Should there be anyone who has not the means of conveyance at hand, arrangements will be made to have them conveyed to and from the church if they will advise the pastor, Rev. J. F. Scherer, to that effect. Although this service is especially for the old folks, a cordial invitation is extended to everybody to attend.

—Captain Henry Harrison Cumings whose prominence as a citizen has been state-wide for the past quarter of a century and who has for a much longer period been one of Tidouite's foremost and most highly honored residents is died at his home in that place on the morning of May 14, 1913. Although in failing health for two months past, his death came unexpectedly a few moments after eating breakfast with his family, and while reclining on a couch to enjoy a short nap.

—The Hickory township school board at a recent meeting elected the following teachers for the ensuing year: East Hickory, Laura K. Smutz, Principal; No. 5, no election; No. 4, Susie Baker; No. 3, Dora Ross; No. 2, Mary Henderson; No. 1, Ethel Boughner; Alburch, no election; Church Hill, Hazel Sibbie; Queen, Daisy Gesin; Beaver Valley, Dorothy Shunk.

—The terms of all justices of the peace elected and commissioned in this state in 1907 and 1908 have been extended until the first Monday of January, 1914, and the terms of all such officers elected and commissioned in 1909 have been extended until the first Monday of January, 1916. Each justice elected in the year 1907, 1908 and 1909 was elected for a term of five years from the first Monday of May succeeding his election, which took place in February. The terms of the justices elected in 1907 and 1909 have been extended a year and eight months, making the term of each within four months and seven years.

—Twelve car loads of rails have been received at Nebraska for the extension of the Sheffield & Tionesta railroad from that place to Tionesta, and it is expected to begin laying them today, the roadbed being completed to the Coleman mill, two miles above the mouth of Tionesta creek. For the present, this is as far as the track will be laid, and the work of ballasting the road will be taken up. Three weeks will be required to finish the track as far as the above point and trains will be making regular trips and transporting lumber from the Coleman mill by the middle or latter part of June.

—A family party from Oil City, composed of Mrs. Isabel Wilkinson, Mrs. Joseph Wise, Miss Wilkinson and Mr. Martin, who visited relatives near Scotch Hill over Sunday, had a mishap which might easily have been worse while coming down the steep Smokey Hill road Sunday evening. One of the pole-straps broke, allowing the carriage to crowd the horses, but Mr. Martin turned them sharply into the bank before they could start to run. The carriage was partially upset against the bank and Mrs. Wilkinson had her left arm considerably bruised. Mr. Martin received a slight cut on the forehead.

—On account of a big woods fire on the hill between here and Fagundus last week Thursday, a glycerine magazine located on the hill a short distance from the Fagundus road and in the path of the fire, blew up with a terrific explosion. We did not learn how much glycerine let go, but it was large enough to make a hole in the ground about three feet deep and twenty feet in circumference, besides uprooting and stripping big trees and breaking glass in a nearby house. No one was injured as the explosion was expected. In town houses were shaken, crockery and glassware rattled and in some reported instances dislodged from their resting places. We understand the glycerine belongs to the Harpers.—Tidouite News.

—Negotiations pending for about a month resulted Monday in a transfer of all the gas and oil interests of Geo. H. Ahrens and F. A. Shaw (the Forest Gas Co.) to the United Natural Gas Co., a Standard subsidiary, the purchasers taking over the control on the day of the sale says the Tidouite News. The consideration is private. We understand that the name, Forest Gas Co. will still be retained. W. H. Turner has been made the agent. Probably there will be little or no change so far as Tidouite is concerned, it simply being a transfer of interests owing to the ill health of Mr. Ahrens, who has now disposed of the last of his oil and gas interests. Gas will still be furnished Tidouite, and we presume other customers along the line. The purchase includes the valuable holdings in the vicinity of Goltz, Forest county.

### Court Minutes.

The May term of Forest county court began Monday morning at 10 o'clock, with Judge William E. Porter of Lawrence county, and Associates Aul and Morgan on the bench. The absence of Judge Hinceley is caused by the serious illness of his wife at the Johns Hopkins hospital, Baltimore, Md.

Judge Porter, who is one of the most affable of men and dispatches business with such pleasantness that he has already popularized himself with the bar, received the constables' returns, and charged the grand jury, of which Harry Potter was named as foreman.

On petition of Mrs. Elizabeth Weller, executrix, she was granted leave to sell real estate to pay debts and current expenses in the administration of the estate of her deceased husband, A. L. Weller.

The name of John T. Carson was substituted for that of T. J. Reyner as a viewer in the vacation and supplying of a road in Howe township leading to the Jenks township line.

John Covert and Alex Carr of Marienville witnesses subpoenaed to appear at last license court, who failed to appear, were given a short lecture by the court and assessed with the costs incurred in bringing them here.

In the case of the Commonwealth against Fred Olson, charged with assault and battery by his wife, the plaintiff asked leave to enter a nolle pro on payment of costs, which request the court granted.

The case of George Detar vs. Kerr Lumber Co. occupied the attention of the court all of yesterday. The suit is to determine the ownership of the timber on Warrant 3546, 1,100 acres, in Jenks township, upon which the defendant company has been lumbering for some time past. All the evidence was in last evening, and the attorneys will make their plea to the jury at the calling of court this morning.

In the case of the Commonwealth vs. M. M. Rook, charged with obtaining goods under false pretense, A. M. Douit prosecutor, the grand jury returned a true bill. The case will be taken up today, a jury having been impaneled Tuesday evening.

### REPORT OF THE GRAND JURY.

We suggest that the oven spoils, valves and ventilator of the County Jail be treated to a new coat of paint, also that the plaster on the ceiling of the jury room be repaired. We further report that the boiler or furnace of the County Home is in bad condition, and further suggest that a new boiler be secured to take the place of the old one. Also that the knives and forks and dishes at the County Home are not sufficient for their needs, and we suggest that they should be furnished with a sufficient amount to meet their requirements.

HARRY H. POTTER, Foreman.

### Wedding Bells.

ZUERDEL-WILSON.  
Lawrence W. Zuendel of Kingsley township, this county, and Miss Mary Margaret Wilson were united in marriage at the home of the bride's parents, Mr. and Mrs. Chapin E. Wilson, Pittsburg, Pa., May 14, 1913. Prof. Zuendel has been principal of the high school at Knox, Clarion county, for several past terms and is likely to continue as such having recently been re-elected. The bride is an accomplished and highly esteemed young lady. Many Forest county friends will join in best wishes to the happy young couple. They will make their home at Knox.

BROUQUIN-STUCHIL.  
A very pretty, but quiet home wedding, took place at the residence of William Morrow, M. D., at West Hickory, Pa., Thursday evening, May 15, 1913, when Louis Laverne Brouquin of Tidouite was united in marriage with Miss Carrie Evelyn Stuchil of the same place, Rev. John F. Scherer, pastor of the Presbyterian church of Endeavor, officiating. On account of the serious illness of the bride's foster mother, Mrs. Martha Unepner Morrow of Tidouite, the wedding was made as quiet as possible, only a few of the immediate relatives being present. The groom is one of Tidouite's worthy and most respected young men, now profitably engaged in West Virginia. The bride is so well and so favorably remembered as a former Tionesta girl that we can say nothing that would add to her many graces of character or the high esteem in which she is held by our people. A host of friends here will join in wishing her and the man of her choice only joy and contentment in the life that is before them.

FLEMING-BARTON.  
Thursday, May 8, 1913, Miss Lizette Evalyn, daughter of Mr. and Mrs. John H. Barton, of near Redcliffe, Pa., and Mr. William A. Fleming, of Franklin, Pa., were united in marriage by Rev. D. O. May, of Clarington, at the home of the bride's parents. The ceremony was performed in the front yard under an apple tree. Mr. W. A. Bartie played the wedding march. After the ceremony a sumptuous course dinner was served. A few immediate friends of the family were present. Miss Barton was one of Barnett township's most popular young ladies and is well known in this vicinity. Mr. Fleming is foreman for the firm of W. J. James at Watsonville, near Redbank, and by his personality has made many friends in this vicinity. In the evening about seventy-five young people, friends of the young couple, gave them a rousing serenade. After spending an enjoyable evening, refreshments were served, and the crowd in leaving joined in wishing the young couple a long and happy life.

Recent Deaths.  
REDFIELD.  
Mrs. Anna Clarinda Drown, widow of Corydon Redfield, died at the home of her daughter, Mrs. Jacob Smearbaugh, Tionesta, Sunday morning, May 18, 1913, at 11 o'clock. She was aged 80 years. She was born in Ohio, but her parents moved to Owasso, Mich., when she was a child and it was there she grew to young womanhood, and was married to Mr. Redfield, who preceded her in death over forty years ago. Not long after their marriage they moved on a farm located about midway between old Shamburg and Titusville, which had since been her home and which is now occupied by her eldest son. Mrs. Redfield had been in feeble health for several years, but her last illness was of rather brief duration, she having come to the home of her daughter about two weeks ago in hopes that she might recuperate. She was a woman of excellent qualities of mind and heart, a friend in time of need, and was loved and respected by all who knew her. The following children survive: F. W. and Harry Redfield living at the old homestead; Fanny C., wife of William Shaw, of Clarion, Pa.; Pauline R., wife of Jacob Smearbaugh of Tionesta, and Martha, wife of George Weant, of Ponca, Oklahoma.

Funeral services in memory of the deceased, conducted by Rev. H. A. Bailey, were held at the home of her daughter yesterday afternoon at 2:30 o'clock, following which her body was laid to rest in Riverside cemetery.

Some Oil Borings.  
E. E. Fleming's latest well on the headwaters of Jamieson run was finished last week, but failed to show up as a paying producer of either gas or oil and was plugged after being shot.

Lowe & Welch's second well out in the Smokey Hill territory is expected to strike the pay streak by the last of the week. Their first well, on the Robert Mealy farm, is a fair gasser and is shut in.

Lowe & Co.'s latest venture on the Baird tract, Dawson run territory, was shot last week, and reported as one of their best. It is believed that it will settle down to a 10-barreler, or better.

Pequignot & Clinger finished their fourth well last week on the King lands, which join the C. O. Baird tract to the north. It is dry in a location less than four hundred feet from No. 3 well, which is a fair producer.

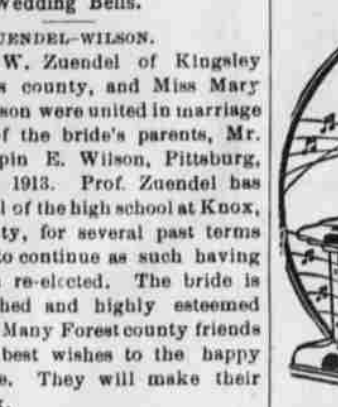

Richards & Co. have the rig about completed for their second venture for deep sand production. It is located on Little Tionesta creek, about a quarter of a mile from the mouth of the stream. They will go as far as the Speechley sand, at least.
