

Calendar for June 1913 showing days of the week and dates from 1 to 30.

State Park Bill Withdrawn.

A dispatch from Harrisburg under recent date says: The A. Cook Sons Company, owner of the tract of timber in Forest, Jefferson and Clarion counties that a bill sought to purchase for the state for \$600,000, has withdrawn its offer through Thomas Liggett, of Pittsburg, who appeared before the forestry committee of the house. The bill was defeated on third reading in the house recently, then was reconsidered for recommitment. In withdrawing the tract from sale, Liggett said:

"The price at which and the conditions under which we have been given to understand that it will be necessary for the owners to sell it are inadequate and unreasonable."

"Neither the Cooks nor any other self-respecting persons would accept them, particularly so in view of the apparently malicious rumors of graft, etc., which have been discussed and insinuated, notwithstanding the fact that all who have taken occasion to fairly investigate this matter realize that the Cooks have made a large monetary sacrifice in order to accomplish for the people the preservation of a small portion of the original Pennsylvania woods."

"All the forces in the legislature that have operated against this measure are, of course, not known to us. They seem to me to be anti-administration, anti-ethical, anti-people and anti-forestry. I believe that the people of Pennsylvania should and will hold the promoters and spokesmen of the determination to break down this park measure as responsible for the failure to accomplish a most excellent object."

"Whether it will be possible to bring about conditions which will preserve the trees for consideration by a future legislature, having in it less contention and politics and more real interest for the people's good, is an open question; but if so, the tract will have to be sold at more nearly its real value than the one which the Cook people had agreed to accept, under the pressure brought upon them by both their friends and enemies." It is not at all probable that the insinuation of graft had anything to do with the defeat of this most estimable proposition, but on the contrary, the entire absence of graft back of the bill may have had much to do with the lax interest shown in the project by some of our worthy (?) lawmakers.

Porkey.

The past two Sundays our town has been drawing ones on account of the ball games played by Mayburg and Up-the-creekers. The games are better attended than other Sunday services in these parts which shows which is the most entertaining to our people. These games are hard on the foot bridge as many misuse it and do not know they are doing it until some one has to tell them.

Church services at Minister were not well attended the last two Sundays, and as there was no congregation the service was dispensed with both Sundays. We are going to have preaching at Porkey next Saturday evening, and shall see if anyone wants to go to church here.

Mr. and Mrs. Wagner with their two daughters were the guests of the David Cole family at Minister over Sunday. Since our last letter we had a demonstration of the familiar play of Rip Van Winkle, when one of our natives got off the train with a keg and proceeded to empty the same, but which only put him to sleep for a few hours, and upon awakening carried the keg across the creek and tried hard to put it dry, but the task was greater than his capacity.

The Velle Motor car has been successfully run on the S. & T. Railway and was taken to Warren on Saturday last to have some minor repairs made, but we do not know if it will be kept at our service or not. We are hoping however it will, so that we may enjoy its luxuries.

G. McCurdy; Lynch, Lory Stricklen; Porter Farm, Robert Huling; Cooper Tract and Hastings open for consideration: Sheriff, Adaline Grubbs; Porkey No. 1, Anna Allaire; No. 2, Kate Guenther. The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

It was insured for \$400, but that will only cover about half the cost of building a new one.

Take Plenty of Time to Eat.

There is a saying that "rapid eating is slow suicide." If you have formed the habit of eating too rapidly you are most likely suffering from indigestion or constipation, which will result eventually in serious illness unless corrected. Digestion begins in the mouth. Food should be thoroughly masticated and insalivated. Then when you have a fullness of the stomach or feel dull and stupid after eating, take one of Chamberlain's Tablets. Many severe cases of stomach trouble and constipation have been cured by the use of these tablets. They are easy to take and most agreeable in effect. Sold by all druggists.

It seems almost unnecessary for us to add anything to the words in the above drawing. Read them! The statement they contain is absolutely true. A dollar in the bank is doubly valuable; it adds to your self respect and helps YOUR CREDIT. It gives you a standing in your community and acts as an incentive to make you GET MORE.
