

Calendar for July 1913 showing days of the week and dates from 1 to 31.

William J. would cut out the dinner grape juice he might still be able to make it on a thousand a month.

A SHINGLE mill in Maine uses 2,000 cords of paper birch each year in the manufacture of toothpicks.

AUSTRIA not only sells timber but timber products from its forest lands, and disposes of about 1,500,000 railway ties a year.

The daisy will not be Pennsylvania's state flower, Governor Tener having vetoed the bill passed by the recent legislature because he does not believe public sentiment favors the daisy as the state flower.

In these days of possible foreign "entangling alliances," the American people are really quite anxious to know just what and how much money it will take to keep Secretary Bryan on the job.

GOVERNOR TENER very properly vetoed the bill providing that after a school teacher had been employed in any one school for ten years, the tenure of such teacher shall become permanent.

It is said that railroad men do not like the semi-monthly pay days, which recently went into effect, and is a state law.

THE New York Herald makes this rather caustic criticism on Congressman Hulings' loan bill: "Isn't it about time to make some of our crank members of Congress understand that the government is not possessed of a bottomless Fortunatus purse—that 'the Government' is the people and has no money but what the people pay into the treasury in taxes?"

During the recent reunion of the Blue and the Gray on the Gettysburg battlefield, ex-Mayor J. D. W. Reck, of this place, had the pleasure of making the acquaintance of General D. M. Bailey, of McAlester, Oklahoma, who was a major-general in the Confederate army and one of the youngest men in the service.

DEAR COMRADE AND BROTHER:—Just returned yesterday, having made the pilgrimage with the Elks by way of Rochester. We had a lovely time. I was delighted to find your letter upon my return and hasten to reply. I agree with you perfectly that the meeting at Gettysburg was the greatest of its kind in the history of the world and will probably never have a parallel. It was an inspiration to us all and will be an occasion that our posterity will be proud to refer to as exemplifying the broad and humane views of the American people as a people.

Think Negro Trooper Was Assailant

A negro, believed to be a member of the Tenth cavalry, which is on its way from Fort Rihan Allen, Vermont, to Winchester, Va., attacked Miss Aurora Bruckart in Harrisburg, Pa., after he had knocked her escort, Harry Mohler, unconscious. The girl's screams alarmed the assailant and he fled.

Local people are surprised at the QUICK results received from simple buckthorn bark, glycerine, etc., as mixed in Adler-ka, the German remedy which became famous by curing appendicitis. The West Hickory Drug Store states that this simple remedy draws off such a surprising amount of old foul matter from the body that A SINGLE DOSE relieves sour stomach, gas on the stomach and constipation INSTANTLY. adv.

When you have trouble with your stomach or chronic constipation, don't imagine that your case is beyond help just because your doctor fails to give you relief. Mrs. G. Stengel, Plainfield, N. J., writes, "For over a month past I have been troubled with my stomach. Everything I ate upset it terribly. One of Chamberlain's advertising booklets came to me. After reading a few of the letters from people who had been cured by Chamberlain's Tablets, I decided to try them. I have taken nearly three-fourths of a package of them and can now eat almost everything that I want." For sale by all druggists. adv.
