—Dr. E. W. Bolton was up from Oil City last Wednesday and performed an operation for adenoids and diseased tonsils upon Miss Kathryn Killmer, daughter of Mr. and Mrs. Charles Killmer.

—Chas. Emick, while harvesting out on the old Coleman place, Harmony township, killed a four-and-a-half foot rattler Saturday. It was a fat one, the girth measurement being nearly seven inches.  
—ONE THOUSAND DOLLARS—Will buy a property in West Hickory which will bring the purchaser over ten per cent. on the investment, and is safe and sure. See us about it. C. M. Arner & Son, Tionesta, Pa. adv  
—Preaching service at the M. E. church, Nebraska, Sunday morning at 11 o'clock and at the M. E. church at Tionesta, Sunday evening at 8 o'clock. The pastor will return from Grove City and conduct both services.  
—The latest in automobiles to reach town is a handsome new "Apperson," owned by Wm. Lawrence. It has all the latest electric appliances, 45 horse power engine, and is a pretty five-passenger machine.

—Professor Harry M. Shafer, A. M., Principal of the Clarion State Normal resigned July 11th. The resignation was accepted. The work in the principal's office is now in charge of Professor Ballentine, Vice Principal.  
—Quite an active hail storm prevailed in this section about the noon hour Sunday. In some parts the icy pellets were of considerable size and lots of them, but no damage of consequence to growing crops has been reported.  
—Harrison Swab, the wide awake milk dealer of Hunter station, was obliged to execute his dog Sunday, the canine having shown a disposition to become ugly and acting peculiar. As a matter of safety the owner thought best to put him where he could do no damage.  
—Henry Armburger of Hunter station is raising a chicken that has the distinction of walking on three legs, the extra leg having the further distinction of sporting six toes. The chick was hatched three weeks ago, and bids fair to "weather it through" and sooner or later become a side-show attraction.

—Acknowledgment of subscription renewals is made as follows, with thanks: Mrs. J. F. Shesley, Kittanning, Pa.; E. Harkless, Kellestville, Pa.; J. G. Harmon, Newmansville, Pa.; Mrs. Bertha Henry, H. H. Craig, Tionesta; James Wert, Deer Creek, W. Va. (new); V. T. Zahniser, East Hickory, Pa. (new).  
—The Tionesta township school board at a meeting last Saturday elected the following teachers for the ensuing year: Shriver, Augusta Korb; Oldtown, Parker Fick; Huddleston, Anna Etzel; Blocher, Pearl Elliott; Smoky Hill, Mildred Thomson; Pigeon Hill, Florence Maxwell; Hunter Run, Blanche Hunter; Hunter Station, Glenn Ledebur; German Hill, Bertha Scowden. Length of term, seven months, to begin Sept. 15th.

—The Bradford Era says the deep well being drilled near Derrick City, McKean county, may be in the white Medina sand but the drillers are not certain. The drill is now down 5,615 feet, and the formation is exceptionally hard. The sand is grey and white, and looks exceedingly like the white Medina, but the driller, Mr. Kippen, is not certain as he had never seen such a predominance of the grey sand. A formation of slate is said to usually be found between the red and white Medina, but as yet no slate has been struck.

—Richard Zahniser, a son of Rev. E. S. Zahniser, while at work today at the Empire Oil works, Reno, had the first finger of his right hand caught in a large pulley. The flesh and bone of the finger were so badly mangled that Dr. A. W. Goodwin, who was called to dress the injury, found amputation necessary.—Oil City Blizzard, Friday.

—Late Friday afternoon, while working at the Wheeler & Dusenbury plant at Endeavor, Forest county, John Dunkle, a woodsman, struck himself with a broad axe, splitting his left foot from the second toe to the instep. He went to Oil City to receive hospital treatment and the physician in charge does not believe the man will lose the use of the foot, although the wound is a serious one.  
—The school directors of Barnett township at a meeting Saturday elected the following teachers for the ensuing year: Clarington, High School, Roy S. Braden, principal; No. 2, Alice Frantz; No. 1, Ruby E. Matthews; Shippen, Irene Cook; Fitzgerald, Alice Ekis; Redelyffe, Sadie Dunkle; Cooksburg, Marian Crawford; Pleasant Grove, Florence Fitzgerald; Greenwood, Thomas Knight. Length of term, seven months, to begin Sept. 1st.

—At the risk of being ostracized, drawn and quartered by all the other early gardeners in this neck o' the woods, we make bold to announce that our vines are bearing ripe tomatoes this minute. Possibly some others have been eating ripe tomatoes by this time, but they have not come across with the goods, so theirs don't count. Will our friend Bill Smith of the Punky Spirit, who usually "makes garden" between January and March, please sit up and take notice!  
—The State Health Department is preparing for the annual medical inspection of the fourth class school districts some 1,700 in number, which will take place as soon as the schools open in September. To have the inspection properly performed it will require the appointment of 900 medical inspectors in the various districts, and these will be appointed in the next month, the work of selection requiring a great deal of time and consideration on the part of Commissioner Dixon.

—For some years past the State has refused to appropriate money for the payment of scalp bounties on noxious animals, in consequence of which the counties throughout the State have been compelled to refuse payment of these claims. A test case recently brought in Bradford county resulted in a victory for the plaintiff after having been carried to the Supreme court, and the result will be that the counties will probably have to pay the bounties on scalps of animals named in the law.  
—Congressman Bulings has been advised that a vacancy at the United States Naval Academy for a Midshipman from the 28th Congressional District of Pennsylvania will occur in June, 1914. A competitive examination will be held, open to any young man in the district, between the ages of 16 and 20 years. This examination will be held at Oil City in the course of the next sixty days, so that the principal and alternates may have ample time to prepare for the examination to be given in April next.

—The farmers are having a little bit of the finest weather imaginable for the harvesting of their crops, and they are losing no time in taking advantage of the nice conditions. The hay crop is turning out far better than was hoped for a month ago and will be at least a good average generally and better in spots. The wheat and rye crops are considerably above the average for this section and are being harvested in fine shape. And if nothing interferes between now and harvesting time the oat crop will be a bumper and no mistake. A finer prospect for this cereal never laid out of doors.

—Among the new laws enacted recently is one increasing the compensation of jury commissioners. Those elected hereafter will receive \$4 a day hereafter, instead of \$2.50. Their mileage remains the same—four cents a mile each way from their homes to the county seat. Another law provides for the increase of the pay of election officers from \$3.50 to \$5 a day. The compensation of return judges remains the same—1.50 a day and ten cents a mile for general elections and \$2 a day and six cents a mile for township and local elections. Still another law increases the compensation of assessors from \$2.50 to \$3.50 a day.

—Orlo C. Stroup, for many years a faithful employe and ganger for the Wilburne Oil Co., and who lately moved from Tionesta to Enterprise, met with a painful accident last Friday near his home. He had climbed a ladder to the top of an oil tank in the regular discharge of his duties when the ladder toppled over and he was thrown to the ground, a distance of 6 feet or more. In the fall he struck on his left side, breaking both bones of the left forearm, but seeming otherwise to be unhurt. As evidence that he is getting along well it may be stated that he was able Monday to attend to his usual work, where the use of but one arm was necessary.

—While "Lige" Beatty, of Oil City, was patting the head of a pet sow on the Marlat farm, near Seneca, Tuesday, the ungrateful beast turned upon him and bit him on the inner side of his left arm, the tusks tearing the flesh and skin and scraping the bone. Home remedies were applied, but by Thursday the arm had swollen to such great proportions and the injury was causing Mr. Beatty so much pain that he was compelled to call upon Dr. Monjar, of Seneca, for relief. It is not thought the condition of the wound is due to infection, but rather by the breaking down of the tissues by the teeth of the animal. Mr. Beatty was formerly a resident of this community and is remembered by many.

—Up in Warren they are doing things to the autoists who disregard the law and regulations by running their machines without adequate lights. Arrests were made Tuesday night in the authorities' effort to enforce the state and borough law requiring autoists to keep tail lights burning when on the street with their car between one hour before sunset and one hour after sunrise. This brings the total number of arrests within the last few days up to six and the police say more will be made if the practice is not discontinued. No one escapes the drag net, not even the Burgess, as Mayor Eaton was one of those observed without a tail light. The minimum fine for the offense is \$10 and as the victims thus far have been of the first offense class they are allowed to settle for the minimum.

—The opinion of Judge Hinckley was sustained by the Superior Court, sitting in Philadelphia, in an opinion handed down last week in the case of Geo. R. Johnson to use of the Citizens National Bank vs. J. F. Proper, surviving and liquidating partner of the late firm of A. L. Weiler and J. F. Proper. The case was argued before Judge Hinckley some months ago, who rendered a verdict in favor of the plaintiff, and defendant carried it to the higher court, where opinion confirms the verdict as rendered by the lower court.

—In accordance with the new primary law, which goes into effect at once, candidates for all township offices, and political party offices as well, will hereafter be compelled to file petitions with the County Commissioners in order to have their names printed on the primary ballots, the same as candidates for county offices have heretofore had to do. These blank petitions may be had by applying to the Commissioners. Proper instructions will be printed upon the petitions. Those intending to be candidates at the Fall Primaries should make a note of this provision of the law and govern themselves accordingly.

—A well defined and authenticated report reached Clarion during the past week to the effect that the Pittsburgh public school authorities had tendered the position of Superintendent of the Public Schools of that city to Dr. J. George Becht, the present Secretary of the State Board of Education and former Principal of the Clarion State Normal. This honor was tendered Dr. Becht entirely without solicitation and is a just recognition of his worth and ability. But it is a serious question whether Dr. Becht can afford to step out of the leading executive educational office of the state to accept a position, at even almost double the salary, in such a reeking and defiling hotbed of corrupt and debasing politics. The probability is that, if accepted the position tendered, he might be destroyed by the conflicting political elements which should never be accepted if it could only be upon receiving unqualified and absolute control without the possibility of interference from any source, civil, political or religious.—Clarion Democrat.

**Fatal Auto Accidents Sunday.**  
Sunday afternoon four prominent Oil City men were injured, one, D. E. Byles, fatally, when their auto was struck by a trolley car on the Franklin and Oil City line, at a point known as Victory crossing. The party was returning from a religious service at Victory church. As the car was coming down a steep hill at the slow gate the chauffeur noticed the crossing ahead, but the trees and bushes on either side obstructed a view of the track and an approaching trolley car. Just as the auto emerged from the woods and ran onto the track it was struck squarely in the middle and crowded a distance of 50 feet along the track, the occupants being caught and held in the auto, which was a complete wreck.

The occupants of the machine—Messrs. D. E. Byles, E. A. Weiker, R. E. Kinter, head of The Kinter Co., and Thomas J. Wright—were extricated from the wreck, all more or less unconscious, and taken back to the city on the trolley car and sent to the hospital, where they received surgical attention. Gus Kofford, the chauffeur escaped with slight injury. Mr. Byles lingered until 9:35 o'clock Monday night when he passed away. It was found he had sustained a fracture of the skull at the base of the brain rendering his recovery impossible. He was aged 60 years and was one of Oil City's most highly esteemed citizens. He is survived by his wife but no children. The other members of the party have recovered sufficiently to leave the hospital, excepting Mr. Walker, who sustained a fracture of two ribs but is doing well.

When an automobile owned and driven by Samuel Peterson, and carrying Mr. and Mrs. S. P. Simonson and their 16-year-old daughter Elizabeth, and Gladys Lund of Warren, turned turtle Sunday morning, Miss Simonson was instantly killed, and Miss Lund, aged 7 years, sustained a broken leg. The party was driving on the road leading through Freshford township, near Wrightsville, Warren county, and when approaching a sharp curve at a too high speed the driver was unable to control the machine and it went over an embankment at Dugall hill. The unfortunate girl was caught beneath the heavy machine and her life was instantly crushed out. Excepting the Lund girl, none of the others was seriously injured.

**Thirty-Two Years Ago.**  
Items taken from the files of the REPUBLICAN issue of July 20, 1881:  
John A. Hart came home from Bradford to nurse a sore leg for awhile. He cut a bad gash in his right leg just below the knee while using an ax.  
Tommy Hassey is adding material improvements to his house.  
T. J. VanGiesen identified his domicile materially by a coat of two of paint.  
Philip Long, employed on the Brass & Allen mill, Hickory township, was instantly killed by a heavy timber stick falling on and crushing him.  
L. P. Davis, a well known resident of Fagundus, fell off an old building he was tearing down and broke his neck. His death was instantaneous.  
While playing near a pool of water at Golliza a little daughter of Mr. Briesley fell into the water and was drowned. Other little children were with her but were too frightened to give immediate alarm.  
Dan Rice's show, with the original Dan himself as chief clown, showed in town afternoon and evening Friday.

**Notice to Contractors.**  
The Howe Township School Board will, on the 9th day of August, 1913, receive bids for the erection of a new school house at Potter's Camp. Specifications the same as the Porter Farm school house. Specifications can be seen at the Secretary's home in Brookston. The board reserves the right to reject any or all bids.  
A. C. GREGG, Secretary.

**Recent Deaths.**  
**WEANT**  
Arthur P. Weant, only son of N. F. and Jennie Weant died July 6th, 1913, at his home in Bakersfield, California, after a prolonged illness of organic disease of the brain, aged 36 years. His father, Nicholas F. Weant, survives him, being in his 71st year. He also leaves a wife and three children surviving, Everett, aged 11; Harry, aged 9; and Carl, aged 2 years. Mr. Weant was married in 1901 to Elizabeth R. Lamb, when he moved to a farm near New Wilmington, Pa., from whence he again moved to Bakersfield, Cal., making that his home until his death. The body was laid to rest beside his mother in Union cemetery, at his home city.  
**FITZGERALD.**  
After an illness of several months from dropsy of the heart death came to relieve John L. Fitzgerald, one of Warren's highly respected citizens, on Wednesday morning, July 16, 1913, at 3 o'clock, at the Emergency hospital, where he had been a patient for two weeks. Deceased was born in Clarion county sixty-four years ago, and resided in Warren for a year and a half during which time he made many friends who will remember him for his excellent traits of character. His second wife survives him, Mrs. Ida Fitzgerald, and the following named children: Mrs. Myrtle Hottel, Mt. Jewett; Mrs. Laura Haight, Sheffield; the Misses Celma, Fernie and Marion Fitzgerald, of Warren, and John Fitzgerald, Mayburg, and Will and Fred of Endeavor. Deceased was a member of the Methodist church and the funeral services were conducted from the family home on Friday afternoon.

**MILES.**  
Hugh Miles, aged 92 years, died at his home in Fagundus, Warren county, Wednesday and the funeral was held at the Presbyterian church, Tidoute, Friday afternoon, Rev. Benjamin White, of Pittsburgh, a nephew, officiating. The pall bearers were also nephews, as follows: G. W. and L. E. Groves, Rocky Grove, Pa.; A. P. Miles, Cooperstown; J. L. Tuckey, Franklin; J. M. Davidson, Kane Pa., and L. M. Davidson, Oil City.  
Mr. Miles was born in Mercer county, Pa., in September, 1821. He came to Warren county in 1855, and engaged with considerable success in the lumber business and later as an oil operator. He was the principal stockholder and the promoter of a company which drilled the well that opened up the afterwards famous Fagundus field. He was a first cousin of General Nelson A. Miles. His wife died seven years ago and there are no children.

Mr. Miles and wife some years ago figured, as victims, in a sensational road accident, in a sensational road accident. He was struck by a trolley car, which broke into their home and compelled the old couple to reveal the hiding place of a small sum of money, two gold watches and a bond for \$1,000. The Oil City man was apprehended by Titusville police at his home and the bond was recovered.

**Forest County Highways.**  
A writer in the Oil City Derrick knows a good road when he travels over it, judging from the following: "The stretch referred to is part of the State highway which has been under the personal supervision of Inspector F. M. Hoover, and there are numerous other miles in Forest county that the same good word can said for."  
"Strangers who have occasion to travel the 11 miles of highway between Tionesta and Trankeyville are enthusiastic over its excellence. A party of Oil City men who made the trip from here in an automobile and spent Sunday with Harvey and Daniel Fritz at their commodious farm house, found the road in a condition that they describe as 'smooth as a floor.' There is a brick pavement and macadamized roadway from Tionesta to the Forest county almshouse and the remainder is 'dirt road,' but free from roughness or stones—fixed or rolling. Much of the highway has been excavated from solid rock, the river on one hand and the high, almost perpendicular cliffs rising on the other. In many places the outcropping rocks near the summit project overhead.

"The excellence of this stretch of highway appeals more especially to the traveler from this section, who has to mount and descend innumerable hills to reach it and some of these approaching highways are 'fierce.' The climber is rewarded by views of surrounding country that are said to be unmatchable in their rugged scenery. At the present time there is an added attraction to the vista from the mountain tops, as most of the farms are still covered with growing crops, with exception of here and there a spot where the early wheat has been cut and shocked.

"Surrounding scenery was not the only attraction the visitors from here encountered on their long ride. There were more than a dozen times when the car, juggling along at a safe speed and one that permitted an observation to be made of surrounding objects, that bunches of rabbits were seen playing in the road ahead and in not a few instances the approach of the car was watched by the partially grown rabbits with no other feeling, apparently, than curiosity. At one point in the road in Forest county a mother pheasant came out of the brush with a flock of seven of her more than half-grown feathered progeny. All settled along ahead of the machine for several yards, a sight unusual enough to 'city folks' to add no little to the pleasure of the trip."

**A Good School.**  
Clarion State Normal has a beautiful location. The view from Navarre Hall is unsurpassed in Western Pennsylvania. The buildings are modern and in good repair. Because of the better materials used, and higher priced labor, the eastern made Trunks will give almost double the service of either of the others and vary little if any in price.  
**\$3.50 to \$25.00.**

**Suit Cases.**  
The heavy straw board case covered with sheep skin looks as well to buy as a solid sole leather case, but wear tells the story.  
We try to sell every person a sole leather case, lined and a shirt pocket for \$5, but as every one don't want that price, we've others at \$1, \$2, \$3, \$10.  
Satchels, Telescopes, Shawl Straps and Trunk Straps.  
**LAMMERS**
