 —Glenn Shira, son of Mr. and Mrs. J. C. Shira, was operated on for appendicitis yesterday, Thursday, at his home by Drs. Summerville and Vogan, of Emmenton, and Dr. J. F. Summerville, of Monroe. The operation was successful.—Emmenton Herald. The Shira's were former residents of Tionesta.
 —The Proper Oil Co. has a rig up for a well on a 400-acre tract owned by J. F. Proper in Tionesta township, which joins the John Alho farm on the north. The company has drilled a well each on the Joseph and John Alho farms, and while there was a show oil and gas, neither was a paying producer.
 —Rev. John Lusher, pastor of the Methodist church, at Parker, who has been in the ministry for over 40 years, is preparing to retire and has resigned his pastorate. Rev.  —Mrs. H. A.  —A. P. Billinger, a roomer at the Cooper rooming house, on Elm street, was the subject of an epileptic fit this morning shortly after 7 o'clock when he reeled and fell on the steps of the Oil City National Bank building. Late today the father of the young man was notified at his home in Endevor of his condition, which is really pathetic. He will probably be removed to the home of his parents.—Oil City Blizzard, Friday.

—A small fire at John N. Gerow's restaurant threatened a lot of damage last Wednesday afternoon, but John found it first and put it out without an alarm being turned in. The fire caught under the counter in a waste basket from an unknown cause and had burned up to the money drawer in which there was quite a sum of paper money.

 —A Sheffield dispatch says: The Sheffield and Tionesta railroad has received some new gondolas for use on that road. The cars are painted black and are of the standard size. It is not known if they will enter them in the regular interchange traffic or keep them exclusively for their own use. When the road is through to Tionesta, they will require many cars to take care of the increased traffic which they expect through the laying in of the new extension.
 —One of the effects of the remarkably low water of the Allegheny river in the vicinity of Iriveton has been to bring to light a boiler and engine which for many years has been at the bottom of the river at that point, and it is puzzling old timers to give a theory for its presence. According to copper plates on the outfit it was made at the Westington Iron works, at Newburgh, N. Y., in 1864. The boiler is of 50 or 60 horse power and the engine about 12 horse power.
 —First frosts of the season fell Tuesday and Wednesday nights of last week, and in many places back from the river considerable damage was done to corn and vegetable vines. Sunday night of this week was perhaps the coldest yet, and the frost practically finished what was left from the previous frostings. In most cases the corn was sufficiently advanced to withstand the frosts and the ears may not have been seriously affected, but the fodder is practically done for. Buckwheat, in most cases was about matured, but the crop is likely to be less than the average.
 —When it is known that a killing frost occurred on June 10 last, and that another freeze that was blasting to crops fell Sept. 10, it will be realized that this was a very short summer, there only being ninety growing days of the season says the Titusville Herald. The records on the Titusville Light and Power company's big thermometer show that on June 10, at 4 a. m., it registered 29 degrees, and on Sept. 10 at the same hour 31 degrees was recorded. This was the shortest season between killing frosts, known in a great many years. For quite a long time there has not been a bad frost in September and for two years there was not a heavy frost until late in October thus giving crops a good chance to mature even though there were late springs.
 —A man named Sisson whose home for the past several years has been at West Hickory, Forest county, arrived in town last night with his wife and five little children and as the furniture had not arrived and there was no gas in the house they had rented there were the care of the Salvation Army, Adjutant Doucher and his wife. Mrs. Sisson and the five children are all sufferers from tuberculosis and they came to Warren so they could receive treatment from the free tuberculosis dispensary in this city. Sisson was without funds and as a deposit of \$10 is required by the gas company when a meter is put in the gas was not turned on in the house until the morning after Adjutant Doucher had arranged for a meter. Mrs. Sisson's case is very bad and the children all have well advanced cases of tuberculosis. The youngest child is about two years old and the oldest is twelve. There are thirteen children in the family, but the five who were brought to Warren are the only ones that are afflicted with the disease. One daughter, aged about 18, died about two years ago from the same disease.—Warren Times, 11th.

Warren Carl Loses Part of Right Arm.
 Warren Carl, employed on the mill of the Watson Lands Lumber company at Mayburg, met with a shocking accident Friday forenoon last about 11 o'clock. He was engaged at the time in oiling some of the machinery and was reaching over a pair of live rollers when his foot slipped and threw the oil can and his right hand between the rollers. The hand and wrist were badly mangled and crushed. Dr. Sorrell of Kellestville was summoned and gave temporary relief to the unfortunate man, and took him at once to the Emergency hospital at Warren, where he assisted in the amputation of the arm about three inches above the wrist, and at last accounts the patient was doing well under the painful circumstances.
 Mr. Carl had been a resident of Nebraska for a number of years, and about a year ago moved to Mayburg and took employment in the above mentioned mill. He is aged about 30 years, is married and they have one child.

Not An Accident.
 The severe cut in the price of Oxforas at Hopkins' Store was not an accident, but was done on purpose. To reduce the stock prices are badly cut. Come and see. adv

Wherever he shall be stationed he will take with him the best wishes of a host of friends made during his ministry in this community.
 —Thomas Purdy, of whose visit to the scenes of his early childhood and early life we made mention a short time ago, was a caller at the REPUBLICAN office Monday and gave us a most pleasant and interesting hour's visit. Since coming north—his home is now in Virginia—he has had the satisfaction of meeting a host of former friends and comrades, all of whom, like himself have taken on more or less age. He was born on the old Purdy farm, now gone to rack, located just above the mouth of Ross Run. There he grew to young manhood, and before he had reached his majority he enlisted in Co. G, 83d regiment, and went to the front with that famous organization, participating in all of its engagements to the end of his three years' enlistment, and having the good fortune to get through without so much as a scratch. Leaving here in 1888, he migrated to Michigan, from thence to Kansas, and two years ago located in Virginia, not far from Richmond, in the land where, fifty years ago, he had seen and taken part in many a hard fought battle. Mr. Purdy went yesterday to Titusville to attend the annual reunion of his old regiment, and doubtless met many of his old comrades.

Death of Former Tionesta Boy.
 Rudolph H. Swanson, well remembered by most of our people as a former Tionesta resident for nearly three years when his parents resided here, died suddenly of apoplexy at his home near Fulton, N. Y., Sept. 10, 1913. The greater portion of his life had been spent in Jamestown, N. Y., where his parents, Mr. and Mrs. John H. Swanson reside. He left there last spring and moved to Fulton to engage in farming. While out with his wife at the barn in the morning he complained of not feeling well and went to the house to lie down. When his wife came in she found him apparently asleep on a couch, and she arranged some covers about him. In a short time when she returned she was shocked to find him dead. Mr. Swanson was aged about 30 years, and is survived by his wife and parents. His body was brought to Jamestown where the funeral was held on Sunday afternoon, followed by interment in the cemetery in that city. He was popular with the young people while he resided in Tionesta, and many friends will sincerely regret to learn of his demise.

Death of Mrs. Bart Wiles.
 Rachel Ann Wiles, wife of Bart Wiles, died at her home at Falconer, N. Y., at 8:15 o'clock Monday evening, Sept. 15, 1913, aged 30 years, 8 months and 15 days. She was a daughter of Walter W. and Angelina (Wood) Walford and was born at Glade Run, near Warren, Pa. She came to Tionesta with her parents when a child, and about twelve years ago she was united in marriage with Bart Wiles, the greater part of their married life being spent here. For a year or more she had been a patient sufferer from tuberculosis. She was a member of the Tionesta M. E. church. Besides the husband, she leaves five children, Carrie Belle, Clara May, Mazie Helen, Louis and Harold Edward, and to them the sympathy of this community will go out for the loss of a loving wife and mother. Mrs. Wiles is also survived by her father, W. W. Walford, of Tionesta, and three sisters, Mrs. L. A. Wiles and Mrs. Frank Robinson, of Falconer, N. Y., and Mrs. George Collinswood, of Penn Yan, N. Y. The funeral will be held at the family home in Falconer this afternoon at two o'clock.

Two Junkmen Arrested.
 The following article from the Bradford Star of Tuesday, Sept. 9th, is of considerable local interest, Contractor John Reek being well known here as a former operator, and Karl Kiser being a Forest county boy:
 "Bradford, for some time past has been the operating field for a gang of bold junk thieves and the theft of an 800-foot 2 1/2-inch drilling cable, owned by Contractor John Reek, of East Main street last Sunday morning culminated in the arrest this morning of Theodore Goodman and Joe Lovitz on a charge of larceny and receiving stolen goods. The arrest was made by County Detective Jones, assisted by Officers Cline and Price, after the stolen cable was found in their junk yard.
 "The return of the goods was due entirely to the cleverness of K. H. Kiser, a driller in the employ of Mr. Reek. Recently the drilling rig was moved from one location to another on the C. L. Douglass lease near the old mill dam and the big cable was left at the first location. One day last week while cutting brush, Kiser noticed that the cable had been cut into 100 foot lengths and had been coiled up ready for moving away. He immediately opened the bundles and inserted slips of paper with his name written upon them, realizing that if the cable was carried off, it would be almost impossible to identify it unless it was marked. Mr. Reek was notified of the discovery and Saturday night he watched for the coming of thieves until 3 o'clock Sunday morning. Owing to the heavy fog and the lateness of the hour, Mr. Reek gave it up and went home to bed. After he left, the thieves appeared and not only made away with the mutilated cable but also cut up a 600 foot cable, which they, no doubt, intended to call for later.
 "The police were notified and, yesterday afternoon, search warrants were gotten out and every junk yard in town was searched by the police aided by a member of the state constabulary. The search was fruitless and all of the dealers, including Goodman, denied all knowledge of the lost cable. This morning County Detective Jones arrived in the city and Price made a return trip to Goodman's place of business. The latter waxed very indignant over the fact that a second search was being made. The searchers moved several tons of cable which was coiled up in big piles and, when the bottom was reached, their search was rewarded by the finding of the stolen goods.
 "Goodman and his employee, Lovitz, were taken into custody at once and charged with larceny and the receiving of stolen goods. The prisoners were taken before Judge Binkins and gave bail in the sum of \$300 for their appearance next Saturday afternoon at 2 o'clock."

FOR THE HUNTER OR FISHERMAN

"The bass are bitin'," and there is no better sport in this world than a day spent in a boat on the old Allegheny or on Tionesta Creek.
 And this brings us to the subject of the proper fishing tackle to help make the day a success. We can supply your wants on short notice. Most anything you want can be found at our store, and we guarantee the goods and the prices to be right.
 The hunting season will soon be here and you will need a good gun or ammunition. All kinds of ammunition in stock; also hunting coats. Give us a little time and we can get you any make of gun as cheap as you can buy it anywhere. And we're always here to make good. Come in and talk it over. Always glad to see you.

A WAGON, A BUGGY, OR REPAIRS.

When you need a new wagon or a buggy, repairs of any kind, etc., come here. Skillful workmen give satisfactory work.
