—Mr. and Mrs. G. F. Rodda were called to Bradford Sunday on account of the death of the former's sister, Mrs. John Pattison. The deceased was aged about 60 years, and had been an invalid since last Christmas. She is survived by six children, five daughters and one son, all of Bradford. She was a member of the Presbyterian church. The funeral was held yesterday afternoon at her late home.

—The delivery team of the grocery firm of Wilson & Taylor, of Marienville, became frightened at a train Monday afternoon and indulged in a lively runaway. In rounding the corner at their store the driver, John Myers, was thrown out and struck his head against a sewer. A bad gash was cut in his forehead and he was otherwise bruised. He was bleeding profusely when picked up. Dr. O'Dell attended him and thinks his injuries will not prove serious. The wagon was somewhat broken up the team stopped after reaching their barn.

—Friday being the last day for the purpose, County Commissioners Harrison and Scowden and Clerk Henry drew off a number of tickets that occurred on the primary ballot throughout the county, the interested parties failing to appear after due notice. This was necessary to complete the tickets for the fall election.

—Robert Lowers, the four-year-old son of Mr. and Mrs. S. W. Lowers, of Albaugh Hill, was kicked in the right side by a horse, Monday afternoon, and seriously injured. Dr. F. J. Boyard was summoned and found the boy unconscious, and with a broken rib. The final result of his injuries is rather uncertain. The boy was chasing the horse in a field when it playfully kicked as he got too close to its heels.

—According to a Washington special, Postmaster W. H. Baker of Ridgway has been removed from office and B. P. McNulty has been appointed to the place. Bro. Baker's sins consisted mainly in being a Republican, although a pretense was made at trumping up some sort of charges against him. He had something over a year yet to serve, but the "reformers" walked the plank.

—Four cars and the tender of a dead engine in a northbound freight on the P. R. R. jumped the track at the upper switch here at 8 o'clock last Friday night, causing an all night delay of traffic on the road before the cars were replaced on the rails and the track repaired. No one was injured in the derailment. The cars were not much damaged but the track and switch was considerably torn up. It was necessary to bring a special train from Oil City to transfer the passengers and mail of train No. 34, which did not leave here until 12:30 a. m. Saturday.

—State Commissioner of Health Samuel G. Dixon on Saturday announced the appointments of inspecting physicians for ten counties of the state. Those for Forest county are as follows: Barnett township, Dr. J. J. Brewer, Clarion; Tionesta township, Dr. J. J. Boyard, Tionesta; Jenks township, Dr. J. E. Beck, Marienville; Kingsley and Howe townships, Dr. C. Y. Detar, Kellettville. The inspection work will begin in a short time.

—Miss Marie Brehm, who was a prominent figure at the International Congress on Alcoholism, recently in session at Milan, Italy, read a paper on "Temperance Teaching" before that body on Saturday which attracted wide attention. Miss Brehm's report urged that temperance instruction should be based on strictly scientific grounds. The fight for temperance in the United States, she said, had given encouraging results during the past thirty-three years. Workmen in America were more temperate than in any other country, she declared. Miss Brehm, whose home is in Pittsburgh, is one of the attractions at the approaching teachers' county institute to be held in Tionesta Oct. 20-24, having been engaged to deliver an address on the evening of the 20th. As an orator she is world-famous having talked to immense gatherings in all parts of the globe. To hear her is a rare treat. Her subject on this occasion will be "The Voice of Science."

—John S. Carr, a lifelong resident of Warren county, died at 3:30 o'clock, Saturday afternoon, Oct. 4, 1913, at his home near Lottsville, Pa. He had been in failing health for the past year, the direct cause of his death being dropsy. Mr. Carr was the son of William and Margaret (Todd) Carr and was born near Lottsville in February, 1850. He was a highly successful farmer and dairyman, being famous in his section for the good butter, as well as maple sugar and syrup produced from his farm. As a citizen his character was above reproach and he had many friends in Tionesta, where he was a frequent visitor at the homes of his brothers-in-law, F. R. and C. A. Lanson. He is survived by his wife, who was Miss Elva Lanson, and one daughter, Miss Genevieve, and by his mother and one brother, Forest, of Lottsville. The funeral was held Monday afternoon at his late home, the services being conducted by Rev. W. S. Burton. Interment was made in the Bear Lake cemetery.

—County Commissioner Scowden has lately come in possession of a small document which he prizes quite highly as a souvenir. It is in the form of a county warrant, or order, and was issued in 1863, when his father, Joseph Scowden, was a member of the board of County Commissioners of Crawford County. The order is engraved and quite resembles the old fashion "shin-plaster," or script of war times. The warrant was issued Feb. 18, 1863, to C. G. Mott or bearer, and calls for the payment of \$5.00. It bears the signature of M. Warner and Jos. Scowden, Commissioners, and is attested by Thos. T. Minnie, Clerk. The writing, though faded considerably, is still quite legible. Strange to say this order was not presented to the Treasurer of the County for payment until last year, forty-nine years after its issue, when it was redeemed and so marked in red ink. Mr. Scowden Sr. is the only one now living whose name appears on the order, and he has reached the remarkable age of 90 years. After cancelling the paper the present board of Commissioners of Crawford county sent it to our townsmen as an heirloom and keepsake.

—The opening meeting of the Tionesta Reading Club for the year 1913-14 was held at the home of Mrs. J. H. Derickson, Wednesday afternoon, Oct. 1st, at 2:30 o'clock, with all the members present except two. A very interesting program was carried out. The greeting by the President, Mrs. Brown, was well received. Among other things she called attention to the benefit to be derived from women's clubs. The work of the clubs not being confined to literary subjects, they have taken the initiative in a great many reforms, and leading questions of the day. The topic study being Canada, Mrs. J. F. Proper read a well prepared paper on "The Dawn of Discovery," giving a good idea of that interesting country. This was followed by the reading of an interesting paper by Mrs. A. B. Kelly, her subject being "Early Explorers." She gave a sketch of the early history of Canada, its early explorers, and a very interesting sketch of Cartier. Having become a federated organization, it is hoped that in the future our club will be represented at the State Convention. The next meeting will be held at the home of Mrs. George Holman, Wednesday afternoon, October 15th.

—Contractor Lundager finished the concrete work of the bridge at the Coleman mill at Johns run and returned to his home at Franklin Saturday. The piers are substantial structures and will withstand the heaviest possible weight. The iron for the superstructure is mostly on the ground, and the work of erecting the spans will begin in a few days and it is expected to have cars running over the bridge within the next month or so.

—C. H. Horner, of Trumans, near Sheffield, had four fingers of his right hand badly smashed while assisting in some work on a well on his lease near Trumans, this forenoon. His hand was caught in a wire line, and the fingers were so badly injured that amputation may be necessary. Mr. Horner is well known in Kane, and his son Fred, who resides here, left for Sheffield on the noon train to see his father.—Kane Republican, Tuesday.

—Two large, 20 horse power pumps were taken through here yesterday and will be installed at the lease of the Tionesta Gas Co., in Tionesta township. These pumps will have a daily capacity of 1,200,000 feet of gas, which is more than double the consumption of the gas users on the Tionesta lines, and there should be no such thing as a shortage this winter. All of the wells on the lease are being put in the best condition possible and the management estimates that the production will be far larger than the consumption.

—A very enjoyable evening was spent by the young folks of Gultonville and vicinity by meeting at the Gultonville school house, Sept. 27th, to partake of a pie social. The social was arranged by the teacher, Miss Nora Haslet, in order to get some things much needed in the school room. The young men certainly did their part and all paid a good price for a pie. Miss Haslet's pie got somewhat the label, Warren Hoover was the lucky bidder, paying the sum of \$2.50. The total receipts were \$32.81. Not so bad for old Gultonville, after all.

—The Forest County Women's Christian Temperance Union is represented at the State Convention at Johnstown, this week, by Mrs. Myrtle Hallings, County President, Mrs. Mabel Henderson, Recording Secretary, Mrs. Cora Jones, President of Kellettville Union, and Mrs. Mary Brewer, Superintendent, from Clarion. According to statistics given at this Convention the state now has 30,282 members of the W. C. T. U., having the largest gain for the year of any state in the Union, leading with 2,860 new members in the last year. In addition to the enthusiastic regular work, the convention is inspired by help of Madam Layal Barakat with her electrified Bible Readings, Rev. Robert C. Patterson, of Belfast, Ireland, author of "Catch My Pal" movement, and Mrs. Mary Harris Palmer, of Macon, Ga.

### County Teachers' Institute.

The forty-seventh annual session of the Forest County Teachers' Institute will convene at the Court House, Tionesta, Monday, October 20th and continue till Friday noon, 24th, 1913. Superintendent J. O. Carson has arranged an exceptional good program for the week, and he has been most fortunate in the selection of his corps of instructors and the evening entertainers. Competent judges believe that in both these features the institute will be stronger than any ever heretofore held in the county, and that the gathering will be a pronounced success goes without the saying.
