—Although Kane produces an immense quantity of natural gas, it is stated that hard coal is being used there for fuel this winter for the first time. The fact that so much of the gas produced is sent to distant points that not enough is left for home consumption is given as the reason for the shortage of the supply there.

—Writing from Clifton, Arizona, J. H. Hagerty, a former resident of this city, says he observed that a correspondent of The News asked what had become of the wild pigeon, and that the same question often occurred to him when he lived here. —Recently while Fred Howard a punper for the Chambers estate, was on the Chamberlain farm property in Cranberry township, he was struck by a number of pellets of shot, fired by a careless hunter. As a result of this incident the management of the estate has posted notices forbidding any hunters trespassing on any of their property in either Forest, Warren or Venango counties.

—J. L. Klinefiter has our thanks for a generous supply of nice eating apples of the Northern spy variety. His farm is located on Church Hill, Hickory township, and his orchard is about the only one that produced any apples this year worth speaking of in that locality, and there were only a few bushels at that. And Mr. Klinefiter has one of the finest orchards in the county.

—Roy Grubs, the freight conductor on the Sheffield and Tionesta road was punching tickets and taking care of Tip Hunter's calls during the absence of the latter, who was off on a vacation. —The new train schedule on the river division of the P. R. R. which will go into effect on the last day of November, takes off two trains, making no change in the times of trains remaining. —John, Alvin and Fred Thomas have purchased a saw mill from Andrew Wolf and are setting it up on the Curtin tract at Myers Hollow, a mile up Little Tionesta creek from the river, Tionesta township. They expect to have the mill in operation soon and the contract will keep them busy for some time.

—Three large hawks loaded to the halyards with men, (strangers) dogs, guns and other hunting paraphernalia, went out from here Monday morning bound for the slaughter. Saturday night the waiting room at the Tionesta station was so congested with hunters and game, mostly rabbits, as to make it almost a burden for the ordinary traveler to shift about or find a seat. With this sort of "modocking" going on for the balance of the season there will scarcely be breeders left for next year.

—Simon Brevier, a resident of near Neilltown and a patient of Dr. Lusher of Pleasantville, was yesterday afternoon brought to the local hospital for treatment. Mr. Brevier was brought to the city by John Gahan & Co., in the hospital ambulance. The nature of the patient's ailment was not given out. —A resident of West Hickory, who came to Warren Saturday to see the sights, took too much "joy juice" aboard and fell into the hands of the police. The fellow was given a hearing yesterday morning in sunrise police court and was sentenced to pay a fine of \$3.50 for his evening's fun. The man had used up all his cash in his efforts to have a good time and he did not have the necessary cash with which to pay his fine but Justice Wheeler gave him his liberty on his promise to send the amount.—Warren Times.

—Raymond C. Lund of Warren, who has filled the position of court stenographer during the past several terms in this county, owing to the illness and death of W. B. Weed for more than thirty years the regular incumbent, has accepted an appointment in the government service in the Philippines, and expects to sail from San Francisco for Manila on Thanksgiving day. His work for Uncle Sam will be in the line of stenographic work in which profession he is very expert. Mr. Lund was born and reared in Warren, where he has many friends.

—F. W. Perkins, an oil well contractor of Eldred, McKean county, was here yesterday to look over the ground with a view to drilling the well on the Daniel Crosswell farm near the mouth of Little Tionesta creek, deeper. This well was drilled to what was supposed to be the Speckley sand last spring, and it is the intention of the operators, who are McKean county people, to drill it at least 28 feet deeper, and they may decide to go still deeper, depending on the prospects of striking a pay streak. Mr. Perkins will begin work as soon as he can get rigged up.

Nebraska W. C. T. U.  
The Ladies of the Nebraska W. C. T. U. met at the home of Mrs. Potter Thursday, Nov. 13. Devotional exercises were conducted by the president, Mrs. Allison, with prayer by Mrs. Hinderer and Mrs. Small. This was followed by a temperance song, "Wind the Ribbon around the Nation," by Mrs. Marie Klinefiter. The special feature of the meeting was the reading of the report of the State convention by Mrs. Myrtle Huling. We felt much honored in having our county president with us and gave her a vote of thanks for her most excellent report. This message was an inspiration to all present and we want to have more zeal in our work the coming year. At the closing a social hour was passed at which time fine refreshments were served, and all went home feeling the afternoon had been pleasantly and most profitably spent. Press Supt.

Declare War on Colds.

A crusade of education which aims "that common colds may become uncommon within the next generation" has been begun by prominent New York physicians. Here is a list of the "don'ts" which the doctors say will prevent the annual visitation of the cold:  
"Don't sit in a draughty car."  
"Don't sleep in hot rooms."  
"Don't avoid the fresh air."  
"Don't stuff yourself at meal times. Overeating reduces your resistance."  
To which we would add—when you take a cold get rid of it as quickly as possible. To accomplish that you will find Chamberlain's Cough Remedy most excellent. Sold by all druggists. adv.

## Jas. E. Gaul Dead From Heart Failure.

James E. Gaul, a lifelong resident of Jenks township, died from heart failure near his home, Saturday afternoon, Nov. 15, 1913. He had left his home shortly after dinner to drive to Marienville, about three miles distant, and must have expired within a few minutes after starting. About five o'clock in the evening one of his sons noticed the horse and buggy standing some distance out and near the McCray station and called his mother's attention to the fact. The son went immediately to see what the cause might be. When he reached the spot his father was sitting in the buggy but he did not notice at the moment that anything was wrong, but supposed his father had been overcome by an attack of illness. He backed the horse and as he cranked the buggy to turn it around, his father fell forward and the son sprang to his assistance to find that he was cold in death. Investigation showed that the horse had wandered aimlessly about the open fields, finally stopping where he was found. Although in his usual health when he left home, Mr. Gaul had experienced a good deal of pain about the heart and chest for several years back, and there seems no doubt but that it was heart disease that caused his death.

The deceased was the son of the late Col. John F. and Deborah Eldridge Gaul, and was born 54 years ago on the farm which he owned and occupied during the years of his manhood, three miles north of Marienville, on the Big Level road. He was united in marriage with Miss Edith Scott, who, with four sons and four daughters, all at home, survives. Mr. Gaul was one of Jenks township's most highly esteemed citizens, honored and respected for his sterling honesty as a man by all who knew him. In his lifetime he had been honored by many offices of trust by his fellow citizens, and at the time of his death he was a member and treasurer of the school board of his township. His sudden taking away is a serious blow to his family and the community as well, and he will be greatly missed.

Funeral services in his memory were held yesterday afternoon in the Marienville Presbyterian church, the pastor, Rev. H. F. Earseman, officiating, after which the body was laid to rest in the cemetery at that place.

—This season's crop of gun accidents promises to be fully up to previous records, though fortunately so far this immediate vicinity has not contributed any. In other sections however, two more fatalities and two serious accidents are charged to accidental shooting. At Silver Creek, Harold McCarthy didn't know that a double-barreled shotgun was loaded and Edwin Noonan was instantly killed. Both boys were about 14 years of age, and were inseparable playmates. Edward Hurley, aged 11, of Smithport, lost the sight of one eye when he attempted to jam a load of small shot into an air rifle. He placed the stock of the gun on the floor and was leaning over it when it was discharged. Roy Eschchurch, of Marshburg, was not so unfortunate, but he will be crippled for many weeks as a result of the accidental discharge of a gun while he was hunting in the woods near his home. The load blew off one of his toes. The lifeless body of Harry H. Brown, a well known young man of Canonsburg, near Washington, Pa., was found in a field near a wire fence with a great hole torn in the side. Brown had been hunting and it is supposed that the gun was discharged while he was attempting to crawl through the fence.
