

Calendar for December 1913 showing days of the week and dates from 1 to 31.

Just as the Democratic leaders suspected, workingmen are becoming idle all over the country in a strenuous effort to discredit the tariff bill.

It does get rather tiresome to have a man or two in a community who pose as the only unadulterated, simon-pure reformers and insist that all others are cheap imitations.

SPEAKING before a body of Presbyterian preachers in Philadelphia recently Prof. Doolittle, of the astronomical department of the University of Pennsylvania, said that fifteen million years hence, through the gradual cooling of the sun, this earth will swing through space in eternal darkness, a lifeless and useless ball of ice.

ACCORDING to the laws of the State every employer is required to report accidents, which prevent a person from working two days or more, to the Department of Labor and Industry, at Harrisburg.

IT MUST be beginning to dawn upon the minds of those who supported Wilson or made Wilson's election possible by following the Roosevelt bolt, that the public has nothing to gain from the tariff legislation.

Politics Not In Season. The Democratic Congress after having been in session almost continuously since the inauguration of President Woodrow Wilson has given to the country two pieces of legislation in the form of the new free trade tariff bill and the bill regulating the currency.

The currency legislation is certain to become a law this week and if wise will be a Christmas present to all the people, and one which all the people are certain to appreciate.

The near free trade tariff legislation is being thoroughly tested. Its friends are still firm in its approval.

Calamity Howling. During the long years of Republican supremacy in national affairs Democratic politicians who tried to make capital out of business depression, financial stringency, strikes or bank failures, were habitually referred to as "calamity howlers."

Now the shoe is on the other foot. The Democratic newspapers are the conservators of political morals and common sense and the Republicans are the vandals who are demolishing the temples of prosperity to get material out of which to make political capital.

The new high school building is completed and they are moving from the rooms in the old building this week. The new building is equipped with all the modern improvements and will be a most delightful place for school work.

The schools closed Friday for one week's vacation. The Christmas treat was given and Mr. and Mrs. Santa were there to make the last day a pleasant one for all.

The different teachers are spending their vacation out of town, Miss Blanche Hendricks at her home at Cochranton; Prof. Titterington and Miss Margaret Goodfellow at their homes in Indiana, Pa.; Miss Edith Gayley in Kane, and Mrs. Maude Berlin in Warren.

The following young people are home for the Christmas holidays: Miss Dauphine Smalenberger from Rimersburg, where she is teaching. She is accompanied by her friend Miss Craig; Alva Watson, accompanied by Preston Frost, is home from State College; Nellie Detar comes this week from Buffalo, where she works in a millinery establishment, and Pearl Detar, who is stenographer for the Spirilla corset works in Meadville, will also spend Christmas with her parents; Melvin Dettler spent Saturday with friends in Kane on his way home from Allegheny College.

The new mill will shut down the first of January for the rest of the winter, and the mill crew will be put to work in the woods, cutting and loading chemical wood.

Several young ladies who were considered undesirable persons were treated to an "egging" Tuesday evening and took the hint by leaving on the morning train. The boys must have been very much disgusted to use such expensive means of getting rid of them.

Whig Hill. Our snow has disappeared and near summer is here again. Hunters are in the woods shooting birds just as if bird season was in full blast. It is certainly too bad to kill them off to the last one, and if one mentions it to the hunters they will say, "I don't care; they allow hunters to come in here with their dogs and we don't have a chance," and it looks that way.

Clarington.

Joseph Meehling, of Euclid, Butler county, is here to spend the winter in Clarington. He is hale, hearty and active for a man of his age, being in his 83d year.

Mr. and Mrs. Robert Hillard, among the oldest and most respected residents of Barnett township, leave this week for Kane to visit their daughter, Mrs. Farnsworth, and may spend the winter there.

Rev. D. O. May is still conducting the revival meetings. Mrs. Hill, wife of a former pastor here, is here visiting her daughter, Mrs. T. K. Williams, and is assisting in the meetings.

Dean G. Meehling is home from State College making himself useful around the store during his vacation. The Union Sabbath School is having an entertainment and treat Wednesday evening, Dec. 24th.

It is rumored that wedding bells will be ringing in our village this week. It is mighty strange men never know when they are well off.

The State Live Stock Sanitary Board has authorized the payment of \$47,000 to 900 claimants for diseased and infected cattle killed under the direction of the Board. The money had been held up by the Auditor General until he received a ruling by the Attorney General.

Athlete Hanged by Trapze. Chester Childs, aged seventeen, an Erie (Pa.) High school senior, member of the last season's football team, was strangled to death on a trapze which he had put up in the attic of the family home. His mother found him unconscious—hanging by the neck from the trapze. It is believed he fell. His head caught in a loop.

Engaged Youth Kills Himself. David Hinkle, nineteen years old, who was to be married on Christmas day to Miss Jessie Warner of Jefferson, Pa., committed suicide at York, Pa., by shooting himself. Hinkle was a farmer. He put on the suit to which he was to be married and going to his room fired a bullet through his heart.

Kills Wife, Then Shaves and Eats. Confessing that he had strangled his wife because he was jealous of her, Fletcher White, a negro, surrendered to the Philadelphia police. He killed the woman by twisting a silk handkerchief around her neck. He then shaved and ate breakfast before giving himself up at a nearby police station.
