**To Our Readers**

**No Paper Next Week.**  
 The glad holiday season is again in our midst, and that means that the REPUBLICAN force will take a lay-off, hence no paper will be issued from this office next week. We don't feel the need of a rest so much ourselves, but doubtless our subscribers do, so here goes. The office will be open for business and the receipting for any amount of money that may be dumped on the editorial desk, and the bigger the dump the better. Our next appearance will happen on the 7th day of the new year, in the meantime, a merry Christmas and a glad New Year to all.

—Acknowledgment of subscription renewals is made as follows, with thanks: Mrs. Christine McKay, Burlington, Iowa, (new); Mrs. M. Daugherty, Newmansville, Pa.; F. E. Sibble, Oil City, Pa., (new); Mrs. C. Fitzgerald, Marienville, Pa.; M. W. Squire, Jacob Siggins, H. J. Wertz, Tionesta; Fred Squire, Barryville, N. Y.; E. M. Corah, Vinita, Okla., (new).

—Reports from Dominic Vass, the Italian who was shot by a countryman during a quarrel near the Mayburg chemical plant last Saturday week, is to the effect that he is doing well and has every chance of recovery from his dangerous wound. Nothing has been heard from the man supposed to have done the shooting, and it is probable he has made a good get-away.

—Friends here of Hon. John H. Robertson of Seattle, Wash., learn with sincere regret of his severe illness from his old trouble, sciatic rheumatism. He was obliged to submit to an operation a short time ago, and has since been confined to a hospital in that city. His physicians believe the treatment he is receiving will give him much relief and may effect a permanent cure from his painful ailment. We all hope so.

—At the bride's home in Kellestville, Pa., the marriage of Mr. Victor William Nelson and Mary Lucy Good was solemnized by Rev. H. Smalinger, Saturday evening, Dec. 20, 1913. The ring service of the Methodist Episcopal church was employed. The bride was attended by Miss Amy Blanche Sallade, and Mr. John Roy Good, brother of the bride, acting as best man. They will reside in Kellestville where both are well known.

—The C. L. Club met at the home of Mrs. C. F. Felt, on Biddle street, Tuesday evening, December 16th. This being the last meeting before Christmas, gifts were exchanged, causing much merriment. Christmas games were played and prizes awarded according to the ability of the players. All this, with appropriate decorations, and holiday cheer, made it seem that Christmas is really here, instead of a few days away.—Kane Republican.

—Rehearsals for Christmas exercises in both the Methodist and Presbyterian Sabbath schools have been in progress for the past two weeks, and nice programs will be given by the scholars of each school this Wednesday evening, beginning at 7:30 o'clock. After the exercises a treat will be in store for the members of the schools, and presents will be distributed from pretty Christmas trees. The public is cordially invited to attend these exercises.

—Rev. L. E. Fenton and wife were called to Stewart Run, Pa., to officiate at the funeral of the late Azro Copeland. We are informed that Rev. Fenton has purchased a new home at Falconer, N. Y., and will in the future upon an undenominational Rescue Mission in the city of Jamestown, N. Y. Prior to accepting the pastorate of the White Church at Stewart Run, Mr. and Mrs. Fenton were engaged for four years in rescue work in the city of Bradford.

—Constable and Game Warden S. F. McMullen, of Harmony township, placed three residents of Warren county under arrest the first of last week, the charge against them being a violation of the law in hunting on Sunday. The alleged offense was committed in Forest county and the three accused men were taken before Squire W. P. Siggins at West Hickory, where all plead guilty and were fined the maximum penalty of \$25.00 and costs, the total in each case amounting to \$28.50.

—G. T. Anderson has just received the finest stock of jewelry of every description that has ever been shown in Tionesta or Forest county. These goods are here for the holidays only, and the stock comprises anything and everything desirable for Christmas presents. Because none of the stock will be carried over every article will be sold at 25 to 50 per cent, below prices asked at most jewelry stores. The opportunity is yours to get suited easily, quickly and at prices easily within your reach.—adv.

—We learn with a good deal of regret that our community is likely to lose one of its good citizens as a resident in the person of W. H. Shaffer, who has occupied the Proper farm at the top of the German Hill road for several years past. Mr. Shaffer has purchased the N. F. Hoover farm, near Tylersburg, one of the finest pieces of property in Clarion county. There are no reservations, the purchaser taking over the oil and gas rights, and the timber, with all of which the farm is well supplied, there being several wells on the place producing oil and gas, and a fine growth of timber. The farm contains 110 acres, is under a good state of cultivation, and the buildings are in fine condition. Mr. Shaffer may not move before another year, depending on circumstances, and we hope he will not. He is too good a citizen to lose from our community.

—W. D. Dotterer, a former graduate of Clarion State Normal School, now Managing Superintendent of the water works at Centerville, Iowa, was in Clarion a few days this week on his way home to visit his parents at Muzette, Forest county.—Clarion Democrat.

—Sunday, the 21st of December, supposed to be the shortest day of the year, was also officially the beginning of winter. And yesterday, as if to put his official seal on the theory, the weather man sent us a good sized snowstorm, giving to old mother earth a real holiday aspect.

—The two water wells on the Proper farm, on German Hill, had been falling for some time and were recently drilled through the Mountain sand, the work being finished last week. A good strong supply of water was found in the bottom of the sand at a depth of about 270 feet. A gas engine will be placed at each well and the water will be pumped into two tanks. The wells were pumped with the machine and there was no sign of exhausting the supply, so it is reasonably certain the farm will have an abundance of good water.

—On Monday at the Casing Head Gas Co.'s plant near Fagundus, Arlie Vrohm, a young man living near Titusville, backed up against the end of the shaft of a running engine. His clothing was caught by the shaft around which he was whirled until the engine was stopped. It was found on his release that his left leg was broken below the knee and the knee itself crushed; the right hip dislocated, and worse than all his scalp was torn loose from the skull by striking a beam. Dr. Briggs went out and fixed the unfortunate up. The Doctor thinks he'll come out all right in time, however.—Tidouts News.

—New well No. 2, on the United Oil and Gas Company's lease on the James Albright farm, about a mile back on the hill from the County Home farm, Hickory township, was shot Monday. The well is located about 500 feet from the other new well and has been drilled in at a depth of 700 feet. It is in five feet of sand and indications are for a production of about five barrels at the start. With the completion of this well the company will suspend drilling operations until spring. They now have a total production of about six barrels and the stockholders, who are Warren and Jamestown men, are pleased with the prospect.

—Funeral services in remembrance of the late Azro A. Copeland were held Thursday at the White Church, Stewart Run, Rev. E. L. Monroe of Meadville, assisted by Rev. L. E. Fenton of Jamestown, N. Y., officiating. A large number of friends and neighbors were present to pay their last tribute of respect to the deceased, who was highly esteemed in the community where nearly all of his long life had been passed. Seven children survive Mr. Copeland, namely: Mrs. Henry Osten, Manly Copeland, Stewart Run; L. R. Copeland, Tidouts; Charles Copeland, Meadville; Evelyn Copeland, Franklin; Mrs. Ida Rankin, Oil City; Elbridge Copeland, St. Paul, Minn. The interment took place in the cemetery connected with the church.

—The following little pleasantry from the pencil of our well-beloved friend, Colonel Bowen of the Oil City Blizzard, is reproduced, not so much because of the graceful reference to our "youth and beauty," but rather to show how little envy is couped up in the average editorial breast when an impecunious brother happens to strike a streak of good luck: "Jake Wenk, the young and handsome publisher of the FOREST REPUBLICAN, is in clover, some of his former friends having presented him with a load of sausage and a barrel or two of 'brad' wurst, whatever that may be. Jake is grateful for all these hand-outs, as they materially reduce the high cost of living, and has a clever way of acknowledging their receipt in a manner designed to suggest an encore."

—A Sheffield correspondent of the Warren Times thus notes some clever crayon work by a former Tionesta boy: Frank Klinefister has shown his ability as a cartoonist and as an exhibition of his work he has imitated Mutt and Jeff by using them to illustrate the recent Perry Grapho fiasco, when the inventor took some kind of a pill and skipped out of the town and God only knows where he is at this time. Frank is going to have his illustration on exhibition in a barber shop. He winds up the climax picture of the last one with showing Jeff floored with the Perry Grapho factory closed after having dreamed of riches. Frank should fall up this work and make it a study as he has the ability of making a name for himself by his clever work. The Warren Times of Dec. 16th contained a good illustration of this cartoon.

—The proprietors of the lumbering plant of Coleman, Harter & McCormick, at Johns run, were made happy last Friday afternoon to see the first train of cars cross the new bridge spanning Tionesta creek and bring over a train load of lumber. The new structure stood the test perfectly and trains will be now running regularly until all of the manufactured lumber and other material have been shipped. The company has between 4,000,000 and 5,000,000 feet of very fine pine lumber in their yards and it will require considerable time to move this stock, all of which finds a ready market at good prices. The mill has been shut down for the winter and will probably not start up again before April. In the meantime a good sized force of men will be employed in shipping the summer's output of material and clearing up the yards for the spring opening. Work in the woods will also be carried on as weather conditions will permit.

Mrs. McKay's many oil Tionesta friends will be pleased to learn that she is well and happy at her new Iowa home, where the weather happens at this time to be ideal.

**TRAIN HITS MAIL CARRIER.**

William L. Hunter, Railway Mail Carrier is Severely Injured.

William L. Hunter, for several years mail messenger between the Tionesta postoffice and the P. R. R. station, met with an accident that might easily have ended fatally. He has been handling some heavy mails of late, and yesterday he had gone to the station with a big cart load of sacks, which he had left standing at the usual spot for loading and receiving mail for the 11 o'clock train from the north, and had stepped into the pump house a few feet below the station platform to ask Chas. Sanner to assist him in loading the heavy mail sacks. As the train was coming to the station Mr. Hunter started for his cart, and must have made a misstep getting so close to the train that either the pilot of the engine or the baggage car struck him and knocked him violently to the ground, rendering him unconscious. Assistance was quickly at hand and the injured man was taken to his home and Dr. Bovard summoned. He found four ugly cuts over the right eye and right side of the head, and the right shoulder blade broken.

As the doctor was finishing the necessary surgical work Mr. Hunter "came to himself" again, but was unable to tell just how the accident had happened. He complained only of pain in his shoulder, saying that the wounds about his head gave him little or no pain. Dr. Bovard was not prepared to say just how the patient's injuries might terminate, but as there was no evidence of internal injury he ought to recover, though his more than 72 years of age would make that process slow.

As the doctor was finishing the necessary surgical work Mr. Hunter "came to himself" again, but was unable to tell just how the accident had happened. He complained only of pain in his shoulder, saying that the wounds about his head gave him little or no pain. Dr. Bovard was not prepared to say just how the patient's injuries might terminate, but as there was no evidence of internal injury he ought to recover, though his more than 72 years of age would make that process slow.
