

"BILLY" SUNDAY is said to take a bath after each address he makes. Sometimes his language needs a shower, too.—Franklin News.

When a man is contemplating a resolution to quit smoking on January first, and his friends present him with half a dozen boxes of cigars on Christmas, should he show his appreciation by smoking them or his stoicism by silently shouldering his additional burden?—Punchy Spirit.

No, sir. He should perform neither of such silly stunts. He should promptly tip up a box of the El Vero's and parcel post them in this office, where nonsensical resolutions and foolish stunts are tabbed with utmost promptitude.

RECORDS of the State treasury show that more than 250,000 hunters' licenses were issued during the season closing on the last of the year, and it is thought that those counties yet to file complete reports will run the number up to more than 300,000, far exceeding expectations. The treasury will doubtless net \$275,000. The next legislature will, according to the hunters' license law, appropriate one-half of this amount toward the reimbursement of the counties for the payment of bounties on noxious animals.

Let Us Be Fair.

While The Gazette Times has had occasion to deplore and regret the failure of the Underwood tariff bill to reduce the cost of living there is no desire to be unfair with that measure and its sponsors, the Democratic party. There has been some lowering of prices since the act became a law. Immediately after its signature announcement was made that owing to reduced duties apponinaries, without which no home is complete, would be sold at 50 cents a case less than heretofore. Of course the ultimate consumer, who as a rule buys "polly" by the split, will never discover how cheap it has become, but no matter—here is one definite triumph of low tariff.

Wednesday the world was brightened by an announcement that golf balls, heretofore \$9 a dozen, are now quoted at \$7.50. Whether the tariff has anything to do with that is not stated, but as the Republican party was accused, in its heyday, of claiming credit for everything good under the sun, it is only just that the Democrats be given credit for lower cost of golf balls. Of course there are people here and there who do not play golf, as indeed there are a few who don't buy apponinaries by the case, but any statistician attached to the Committee on Ways and Means, down at Washington, can figure out the immense saving to the public that has been encompassed; and every little economy like this relieves the general pressure imposed by cost of living. Give the Underwood act time to reveal all its virtues and don't be hasty in your judgments.—Pittsburgh Gazette Times.

Mayburg.

Both old and young are enjoying themselves coasting and skating. All seem to have a right good time.

Mrs. James Brown has returned home from the Emergency Hospital in Warren, where she was operated on for appendicitis. She is improving much since she has got back to her home again.

Herbert Carroll, while skating, had the misfortune to run into a low bridge and knock one of his front teeth out.

The school children of Mayburg, assisted by their teachers, Miss Margaret Franpton and Prof. E. C. Terrill, gave a fine Christmas entertainment Dec. 19th. Also there appeared on the scene a beautiful Christmas tree, well decorated with presents from both teachers and scholars. A fine treat was distributed among the scholars from their teachers, mingled with plenty of jokes and laughable incidents, among which was "a fine nigger doll baby" for Prof. Terrill, and a large stocking filled with cigar boxes, rubberneck cats, and many other presents too numerous to mention for Miss Franpton. There was a very large attendance and a good free will offering was given for the benefit of the school library, for which both teachers and scholars are grateful to the people of Mayburg and extend their hearty good wishes for the coming new year.

C. T. Deshner, while working about the loader, had the misfortune to fall and fracture the bone of his left arm.

Harry Knight is visiting relatives and friends in town for a few days.

Miss Tressa Hendrickson attended the lecture in Johnson's Hall, Kellestville, Tuesday evening, Dec. 30th.

Misses Mary W. and Sarah A. Snyder visited their parents, Mr. and Mrs. Andrew Snyder, of this place, the past two weeks.

Della Cook, a student in the Tionesta high school, visited her parents, Mr. and Mrs. Samuel Cook, for a few days, but returned to Tionesta Dec. 27th to attend school again.

Floyd Burrows left Friday morning on the 8:00 o'clock train for Edinboro, where he expects to attend school for some time. The people of Mayburg extend their best wishes for the new year and hope that he will make success.

James L. Brown, Jr. has returned to his home from Clarion, where he was visiting his uncle for a few days.

Mrs. E. D. Reyer, of Marienville, visited the Snyder girls a few days the past week, returning to her home Tuesday morning on the 8:00 o'clock train.

The Mayburg Union Sabbath School elected for the year 1914 the following officers: Superintendent, Emerson Kifer; assistant, Harry Smith; secretary, Miss Edna Smith; first assistant, Miss Lois Campbell; second assistant, Miss Tressa Hendrickson; treasurer, Rhet. Pyle; organist, Miss Edna Smith; assistant, Mrs. Edward Merchant; librarian, Floyd Burrows; assistant, Frank Hendrickson.

Rev. G. S. Bryon, with his helper, Rev. John McDonald, has begun a series of revival meetings in the F. M. church at Mayburg.

Mrs. G. S. Bryon has suffered intensely with toothache since the day before Christmas. The tooth became so bad that it burst open, giving her some relief. She went to a dentist Friday and had the tooth extracted.

Leslie Paul, residing with his grandmother at Cherry Grove, visited his parents and other relatives here the past week.

Make A Munificent Gift.

Through the action of Orion Siggins, of West Hickory, and Mr. and Mrs. Fred N. Chambers, of Oil City, there will be preserved for all time for public park purposes a tract of 24 acres of woodland extending from the mouth of Horse creek south nearly half a mile.

The necessary papers were signed Saturday. They will be placed on record this morning. The tract is one of the few naturally wooded parks left in this section. The timber right was purchased by Mr. Siggins some time ago from Fred N. Chambers who owns the land. Mr. Siggins has relinquished his valuable claim "for the good of the cause." The property will be known as "The Siggins and Chambers" park. In arranging for the transfer it was decided that its management should be placed in the hands of three trustees. Those named are Major John M. Reed, Hon. Peter M. Speer and Fred N. Chambers. In the event of the death of one of these three the vacancy shall be filled by the selection of the remaining two. In case these fail to agree or neglect to fill a vacancy the selection shall be made by the presiding judge of Venango county.

The entire 24 acres are woodland, some of the trees being more than 100 years of age. Mr. Siggins was especially happy to relinquish his timber right for the benefit of posterity. He says that the pine and other timber he has cut from the other part of the Strong and Brown larger tract adjoining which he bought several years ago, was grown during the period covering his life time, showing that it is not impossible to reforest this county if fires can only be kept out.

Plans for the improvement of the acquisition are only embryonic at present. The land slopes from both banks of Horse creek but not abruptly. The first action will be to post it against hunters that the wild game already having its home there may be preserved. Spots will be cleared away where small picnic parties may meet. Benches will also be installed. If the necessary fund can be created the underbrush will be cleared away and from time to time other improvements be made.

It is understood that some of the land adjoining, from which the timber has been cut, and is the property of B. F. Brundred, of Oil City, will also be donated as an addition to the contemplated park.

That this action has been taken to preserve the tract at the mouth of Horse creek from being developed and will eventually result in a fine place for park purposes being developed will be pleasing news to every lover of nature in all this section and especially to the residents of Oil City to whom especially it will be available.—Oil City Derrick.
