**The Distinctive Garment Store**

**Select Your New Spring Corset Before Trying on Spring Gowns.**

The new spring corsets are now arriving, representing the latest developments of the season by European and American designers.

We call your attention particularly to the splendid exhibit of new and charming models in the

**Mme. Mariette Corsets.**

These garments are made specially for us by a leading manufacturer of fine corsets. They assure you not only exquisite workmanship, beautiful imported materials and faultless fit, but the very latest refinements of European style artists.

They are light and resilient and pleasing to wear. They are priced from \$5.00 to \$35.00. Let our trained fitter show you how your figure is brought out by these attractive new Mariettes.

**Wear Gossard Front Lace Corsets.**

Improve your figure and you improve your health. The approval and continued recommendations of Gossard Corsets, by the greatest designers and fashion authorities, is interesting. To have doctors and trained nurses advocate them in the same breath with fashion creators is a wonderful tribute to a garment which has done much to "image women."

111 CENTRE ST., OIL CITY, PA.

**PREDICTED HIS DEATH**

**Man Dies After Pointing Out Burial Lot in Cemetery.**

Predicting that he would die within twenty-four hours and pointing out to Sexton Ewing of the Grove City (Pa.) cemetery where he wanted to be buried, M. K. Vogan, thirty-six years old, of Erie, a former resident of that place, dropped dead ten minutes after leaving the cemetery where he had gone to visit the grave of his daughter.

Vogan said to Ewing: "I am going to die and I want you to bury me here," pointing out a place beside his daughter's grave. He then left the cemetery and had not gone over 500 yards when he fell dead from heart failure. His request will be carried out and he will be buried beside his daughter.

**PLY SWORD AND TORCH**

**Chinese Bandits Burn City of Lao Hokow—Murder Norwegian.**

Brigands sacked and burned the city of Lao Hokow, China, killed Dr. T. Froyland, a Norwegian missionary, and wounded several other foreigners, including Rev. O. M. Sama, another Norwegian.

A force of 500 brigands obtained entrance to the city by means of treachery from within. They immediately piled torch and sword all around. They burned the Asiatic Petroleum and the Singer buildings, and looted the British and American Tobacco company's premises.

**REMARKABLE COINCIDENCES**

**Lives of Two Lutheran Pastors and Wives Are Much the Same.**

The birth of twins, in both cases a boy and a girl, in the homes of Rev. Nathan B. Yerger of Rothersstown, Pa., and Rev. Elbert E. Landis of Lancaster, Pa., has called attention to a series of remarkable life parallels.

Both ministers are Lutherans and although they were born in different sections of the state they have been friends from boyhood. They entered Muhlenberg college at the same time and were roommates four years.

They were graduated in the same class and were stationed in Lutheran churches in the same county. They were married the same day and the wedding trips were taken together.

Their wives were girlhood friends although one is a native of Berks county and the other of Bucks. They entered the Kutztown Normal school together and were the closest of friends throughout their residence at that institution.

Like their husbands, both women were graduated in the same class and both took up teaching which they abandoned at the same time to become brides.

**Runaway Kills Hoodoo Deffer.**

Undismayed by any hoodoo, David Tubbs, a farmer, was moving some household goods to a new home near Corry, Pa., on Friday the thirteenth. His team ran away and he was killed instantly. He was sixty years old.

**President's Daughter to Wed Secretary McAdoo**

MISS ELEANOR WILSON.

**ELEANOR WILSON ENGAGED**

**Youngest Daughter of President to Marry Secretary McAdoo.**

The White House is to have its fourteenth wedding this summer, probably in June.

Formal announcement of the engagement of the president's youngest daughter, Eleanor, to Secretary of the Treasury McAdoo was given out.

With rumors of various kinds going around it was decided that it would be inadvisable further to withhold confirmation of the engagement.

Although all doubt was removed as to existence of the engagement some indecision was felt by the president's family as to making an announcement because of Mrs. Wilson's health.

Mr. Wilson's friends believed strongly, however, that an announcement ought to be made immediately in order to discredit reports circulated that objection to the match had been raised by the president, by Mrs. Wilson and by Miss Nona McAdoo, the secretary's twenty-year-old daughter, who has acted as the mistress of his official residence for the past year.

While no formal announcement of the date for the wedding could be made because of the haste with which it was decided to make known the engagement it is understood that the ceremony will be performed in two or three months. A day early in June is expected to be chosen.

The Wilson-McAdoo wedding will be the second White House wedding of President Wilson's administration.

**Late For School, Takes Poison.**

Mary New, fourteen years old, of Philadelphia, took a quantity of poison because she was homesick and late for school. She was taken to the University hospital and will recover.

Mary's parents are dead and she was taken from an orphan asylum by Mrs. Lydia Fields several years ago. The girl frequently became despondent, feeling she was a burden to her foster mother.

**Says it Snowed Angle Worms.**

According to William McKim, a farmer of Big Beaver township, near New Brighton, Pa., it snowed angle worms in that township. Mr. McKim was crossing a field and noticed worms crawling on the snow. They were one and one-half inches long. The ground was frozen and the residents say they believe the worms were taken up in a tropical climate and transported on a cloud.

**Burglars Chloroform Baby.**

Chloroform was used by burglars on baby Clinger, six-week-old son of C. D. Unger of Avalon, Pa., when they entered the Unger home. Little loot was obtained. After chloroforming the infant the burglars carried him to the kitchen in his nursery basket and opened the outside door. It is supposed that they thought the fresh air would prevent the child from dying.

Shirts made to order \$2.00 and upward.

We have achieved a distinct hit with some remarkable clever suits which we have been pleased to price \$16.50, \$18.50 and \$19.50.

Distinctive models representing exact copies of suits designed to sell for twice and three times the price of these.

Materials are wool crepe, split Bedford, poplins, Austrian suiting, and novelty weaves.

The suits are effectively trimmed with moire taffetas, silk cords and fancy silks.

Skirts show the new tier and draped effects.

Tango, terra cotta, tan, shades of blue, brown and green.

**BACK BROKEN; HE WORKS**

**Man's Recovery Remarkable—Life Despaired of After Accident.**

George Whipkey, whose back was broken about two years ago, has recovered and returned to work as supply clerk in the Standard Coke works in Mount Pleasant, Pa.

Whipkey was a teamster at the Standard works and as he was driving under a tippie his head hit a cross beam and he was thrown backward into the wagon, breaking his back. He was taken to Memorial hospital, where little hope was held out for his recovery. The vertebrae began to knit, however, and he left the hospital.

*Morck Optical Co*  
OIL CITY, PA.

Die geeignete Auswahl von Brillen.

Es sind mehr Augen durch unredliches Anpassen von Gläsern als durch sonst etwas ruiniert worden. Hat das Auge mangelhafte Refraction, so muß das Bild aller Gegenstände nach einem Focus auf der Netzhaut durch außergewöhnliche Tätigkeit des musculus ciliaris gebrückt, oder das Bild unvollkommen sein und das Resultat verunreinigtes Sehen mit Schwäche und Schmerz um Augen und Stirn. Dies verursacht Congestionen, welche sich durch schwere Augenlider, Rötze, Jucken oder Brennen, ein Gefühl, als sei Schmutz im Auge, und häufigen Schmerz, verbunden mit Empfindlichkeit gegen Licht zeigen. Je schwächer das Auge, desto fühlbarer obige Symptome. Augen mögen physikalisch stark und gleichwohl sehr schwach sein und umgekehrt.

Um durch Gebrauch einer Brille die Mängel aufzuheben, wird die Tätigkeit der Muskeln geändert, und wenn der Schaden vorüber oder durch zu stark oder zu schwache Gläser nicht aufgehoben ist, so sind die Ursachen der Congestion eher vermehrt statt vermindert. Befehl gemischte Refraction, muß irgend ein Hohlgläschen den Schaden vermehren.

Jeder Schwächliche sollte sich sorgfältig wissenschaftlich unterfragen um Brillen anpassen lassen, ehe er sie in Gebrauch nimmt.

In besondern Fällen werden Gläser auf Bestellung geschliffen, in jedem Falle garantiert.
