

Calendar grid for April 1914 showing days of the week and dates.

Election of County Superintendent.

To the School Directors of Forest County: Notice is hereby given that the School Directors of Forest County will meet at the Court House, in Tionesta, on Tuesday, the 5th day of May, 1914, at 1:30 o'clock, Post Meridian, for the purpose of electing a legally qualified person as County Superintendent of Public Schools for the ensuing term.

J. O. CARSON, Superintendent of Public Schools, Tionesta, Pa., March 30, 1914.

COUNTY SUPERINTENDENT. We are authorized to announce J. O. Carson as a candidate for Superintendent of the Public Schools of Forest County, subject to the decision of the School Directors in Convention, May 5th, 1914.

Announcement.

ASSEMBLY. ED. REPUBLICAN: At the urgent solicitation of friends throughout the county, I have consented to again be a candidate for the Republican nomination for Assembly from Forest County at the Primaries, May 19, 1914. A. R. MOHLING, Clarington, Pa., March 31, 1914.

THE Democratic House of Congress went on record yesterday in favor of surrendering our Panama canal rights to England and the railroads, by a vote of 247 to 161.

WHAT about pap-dispenser Mitchell Palmer, who is Wilson's hand-picked candidate for Senator from Pennsylvania? Does he think the people of this State endorse the giving away of all our rights in the canal to the English? Not one-tenth of his own party favor this surrender to John Bull. Not even under the whip and spur of a Democratic administration.

DEMOCRATIC opposition to his Panama policy brings President Wilson to the front with a second edition of his "insidious lobby," perhaps as natural an explanation as any from one who must know his party somewhat intimately. The genuine insidious lobby is the Democratic policy that is stagnating railroads, discharging workers by whole battalions and gnawing at the vitals of business.—Derrick.

"It is idle to talk of resuscitating the Republican party," says Senator Clapp. It is, for the reason that the Republican party is already very much alive. Just for instance, the enrollment of voters in Jefferson county shows a Republican majority of over 1,000 over Democrats, Progressives, Socialists and Prohibitionists. Which isn't a bad showing for a dead one.—Punxy Spirit. And that's about the ratio everywhere.

THE power of the administration may be invoked to put an iniquitous law on the statutes, or to repeal a righteous one like the canal exemption law, to please England, but it will be quite another story when Mr. Wilson, "right or wrong," tries to cram it down the throats of the American people, or make them surrender all their rights to Great Britain in the control of the canal which American money alone built.

A good way to start life is by teaching school, says the Punxy Spirit. While endeavoring to help your pupils to absorb something that is in the books, you incidentally learn a few things yourself. But the best of it for you is that it is your duty to set a good example as a teacher. You must not drink or use tobacco, or profane language, and consequently, in your effort to benefit others, whether it is sincere or only a bluff, you benefit yourself. You escape the acquisition of bad habits, and acquire a taste for learning, which is the foundation for success.

THE chemical factories of the entire country will cease operations, beginning Monday morning, and will be closed down for a period of three months anyway and maybe longer. This move is due to the general depression in all lines of business which is likewise responsible for business dropping off on the railroads of the east, which have laid off thousands of men within the past few months. The Pennsylvania railroad alone is laying off 25,000 employes, and has issued orders for the annulment of 88 passenger trains on its Pennsylvania system. The E. I. DuPont de Nemours Powder company has issued orders to close its works at Emporium to take effect April 15. They will not say for how long the suspension will last. It will remove from Emporium about ten or fifteen families to Virginia.

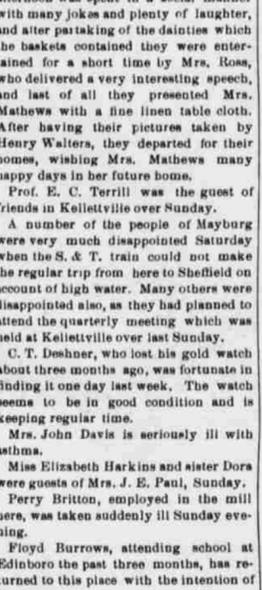

SECRETARY Joseph Kalbfus of the state fish and game association, recently ruled that the counties must pay the bounty on the scalps of noxious animals regardless of whether there is any money in the county treasury for that purpose, this having been made imperative by the laws of 1907 and 1913, whenever the certificates are presented to the commissioners that such scalps have been produced. Deputy Attorney General Cunningham has just given an opinion in which he supports the ruling of the secretary of the association, and the counties must look to the legislature for means of receiving back their disbursements. The fact that there is no money on hand to pay the bounties was held to have nothing to do with the complying with the law. The fact that the hunters' license law provided that one-half the funds received therefrom should be applied to the payment of bounties, misled the legislature into thinking that no special appropriation was necessary, but the Auditor General construed the act differently and withheld the bounty funds until a specific appropriation should be made. Hence the hitch.

Many people of this place were astonished to hear the sound of thunder, which brought on a rain storm Friday afternoon. Mr. and Mrs. W. A. Hartman of Henry's Mills were guests of their daughter, Mrs. S. O. Steele, during the past week. On account of a bad cold L. D. Smith was unable to attend to his duties in the store Monday. Fred Campbell was shopping in Warren Tuesday. The choir of the M. E. church met at the home of L. D. Smith, Tuesday evening, to practice for the Easter service. A number of the young people spent Wednesday evening at the Campbell home. Mr. and Mrs. Arthur White and family have moved to this place again. Mrs. James Troutner, with her sister, Ruth Shay, visited at the J. E. Paul home Thursday afternoon. When McManigie is back here on a visit with old time friends. Mrs. James Babb and brother, Henry Walters, were called out of town to attend the funeral of their grandmother. Mrs. J. E. Fitzgerald was a Warren shopper Friday. A number of the young people were entertained at the home of Mrs. Christina Gregory, Wednesday evening. All report a good time. Don Antico received word Wednesday evening of the serious illness of his sister, who resides at Conneaut Lake. His wife left Saturday morning for that place and will remain until his sister recovers. The ladies of Mayburg, with filled baskets, gathered at the home of Mrs. H. V. Mathews, Thursday afternoon, to bid her farewell before her departure. The afternoon was spent in a social manner with many jokes and plenty of laughter, and after partaking of the dainties which the baskets contained they were entertained for a short time by Mrs. Ross, who delivered a very interesting speech, and last of all they presented Mrs. Mathews with a fine linen table cloth. After having their pictures taken by Henry Walters, they departed for their homes, wishing Mrs. Mathews many happy days in her future home. Prof. E. C. Terrill was the guest of friends in Kelleysville over Sunday. A number of the people of Mayburg were very much disappointed Saturday when the S. & T. train could not make the regular trip from here to Sheffield on account of high water. Many others were disappointed also, as they had planned to attend the quarterly meeting which was held at Kelleysville over last Sunday. C. T. Doshner, who lost his gold watch about three months ago, was fortunate in finding it one day last week. The watch seems to be in good condition and is keeping regular time. Mrs. John Davis is seriously ill with asthma. Miss Elizabeth Harkins and sister Dora were guests of Mrs. J. E. Paul, Sunday. Perry Britton, employed in the mill here, was taken suddenly ill Sunday evening. Floyd Burrows, attending school at Edinboro the past three months, has returned to this place with the intention of staying with his parents for a while. Floyd Smith, employed as clerk in the Mayburg store for some time, will leave in the near future to take possession of his father's farm near Tylersburg. Sorry to see you go, Floyd, but as a farmer's life is an independent life, we wish you much success. A ten-pound daughter came to gladden the home of Mr. and Mrs. Victor Carlson, Sunday. Mrs. Chas. Doshner and family visited at the home of Wm. Doshner, Sunday. The Misses Vaire Day, Mary Dunkle and Katie Ransom visited with Misses Edna Smith and Tressa Hendrickson, Sunday afternoon. A goodly number from this place attended preaching in the F. M. church at Kelleysville, Sunday evening. A surprise party was had at the home of Chloee Cook in honor of her friend, Alma Mathews, Saturday evening. As it is soon time for her departure, all regret to see her go, as her brilliant face will be much missed in this place. A fine lunch was served, which consisted of many dainties. The evening was spent in a social way and all seemed to enjoy themselves. Alma's friends presented her with a fine silver mesh bag. A speech was delivered by Warren Cook and was very interesting, all paying strict attention. A good time was reported, and all extended best wishes to Miss Alma in her future home. Miss Lela Campbell and sister Arletine visited friends and relatives in Warren and Grand Valley the latter part of the week. Mrs. Amel Anderson is on the sick list.

Mayburg. The choir of the M. E. church met at the home of L. D. Smith, Tuesday evening, to practice for the Easter service. A number of the young people spent Wednesday evening at the Campbell home. RAILROADS LAYING OFF MEN

Heavy Retrenchments Being Made by Great Systems. Adverse state legislation, general uncertainty and business contraction have compelled the important railroads of the eastern part of the United States to adopt a drastic policy of retrenchment. As a consequence on such lines as the Pennsylvania, the New York Central, the New Haven, the Central Railroad of New Jersey, the Lehigh Valley and others, have laid off thousands of men in every department; more thousands, maintenance men, operating men, men in all other departments have been put on part time. Through trains and local trains have been eliminated from schedules and freight trains by the score. The situation has not developed suddenly, it is said, but has been in existence for months. If anything it is a little brighter now than it was two or three months ago. The causes are many fold, it is claimed—a falling off in business in the first place and in the second the adverse legislation in various states has so increased operating expenses that former conditions could not be maintained. Wants to Sell Her Spinal Cord. Desperate for money to help restore the health of her two crippled sisters, Mrs. A. E. Keener of Meadowbrook, near Philadelphia, is searching for a purchaser for her spinal cord. Decadent for twenty-seven years and spreading poison to every member of her family, hers is one of the very few cords ever restored from complete atrophy from locomotor ataxia and should, she thinks, be of great value to science after her death. Yeggmen Discovered Just in Time. Four yeggmen robbed the Phoenixville (Pa.) depot of the Philadelphia and Reading railroad. They bound the watchman and the ticket agent and placed them in a passenger car on a siding, then broke open the cash drawer and got \$60. They drilled a hole and placed nitroglycerin in the safe and were about to light the fuse when a policeman discovered them. He opened fire and they returned it as they fled. Felt at Oil City. Announcement was made by officials of the Pennsylvania railroad in Oil City, Pa., that 400 employes of the Allegheny Valley division have been laid off. Stomach Trouble Cured. Mrs. H. G. Cleveland, Arnold, Pa., writes, "For some time I suffered from stomach trouble. I would have sour stomach and feel bloated after eating. Nothing benefited me until I got Chamberlain's Tablets. After taking two bottles of them I was cured." For sale by all dealers. Notice to Stockholders. The annual meeting of the stockholders of the Tionesta Gas Company will be held at the office of the company on Monday, April 20, 1914, at 2 o'clock p. m. adv 2 J. H. KELLY, Secretary.

spread all over the low ground, and cellars in the lower part of the city had several inches in them. The Rupert children did not go out for their music last Saturday on account of high water on all streams in this valley. Mike Murphy and family, who live on the mountain on lot 482, spent Sunday with friends at Minister returning in the evening. This is their first visit of the hill since moving in there two months ago. There is a good layout for an unpleasant smell for automobile riders in a few weeks between Balltown and Brush Camp. The putrefying carcass of Bobby Magee's fine trotter is laying below the road in plain sight of passers by. We suggest that a burial or cremation take place soon or the air in that neighborhood will take on a decided blue color. Everything goes in Forest—guess its about right. On Sunday the creek was about the greatest attraction in this part. The boys and girls went to Sunday school and had a very interesting session, it being a review, and after Sunday school there was a song service to spend the time in waiting for a preacher to arrive from Kelleysville, but he did not arrive. No doubt the road was in passable down near that place. Jerry McDonald was up from Phelps Sunday and visited the Ruperts while here, where there is generally music. Jerry is learning to play the violin.
