### THINK SHIP IS GONE

Hopes About Given Up of Ever Hearing From Southern Cross.  
Anxiety deepened at St. Johns, N. P., for the 173 men on the sealing steamer Southern Cross, which has been missing since Tuesday's blizzard. She was not reported either by incoming vessels of the sealing fleet or by the steamer Kyle, sent out by the government to search for her.  
This disaster following closely on the loss of seventy-seven men of the sealer Newfoundland brought upon the colony the greatest tragedy in its history, depriving whole settlements of their bread winners.  
All but five of the sixty-nine bodies of the Newfoundland hunters, brought in by the Bellaventure, have been identified. Of the thirty survivors in the hospital none is expected to die, but the majority never will be fit for active service again. Three lost both hands and both feet. Five lost both feet. Eight others lost a foot and seven will lose a hand or fingers. The others will bear scars for life.

From infidel to preacher is a long jump, but Mr. Hawes has cleared all the hurdles, he declares. It was while Mr. Hawes was in the circus business in 1910 that he attended a tabernacle meeting conducted by Rev. Milford Lyon and professed conversion.

### NAVY TO BE DRY JULY 1

Secretary Daniels Issues Order That Means No Booze on Ships.

"The use or introduction for drinking purposes of alcoholic liquors on board any naval vessel or within any yard or station is strictly prohibited and commanding officers will be held directly responsible for the enforcement of this order."

This order signed by Secretary Daniels was issued last Monday and will become effective on the first of next July. It will mean a dry navy.

Besides abolishing what is known as the officers' wine mess on board ship and the sale of liquor at the officers' clubs on shore, Mr. Daniels' order is so sweeping as practically to enforce total abstinence upon naval officers for extended periods. It will henceforth be a violation of this order for any officer or guest upon any naval vessel to have in his possession any alcoholic beverage.

Officers living on shore will be prohibited from having any liquor in their private homes, if their duties require their residence on naval reservations. Wives of officers so situated will be prohibited from serving punches or any other form of liquor at their social functions.

### Die geeignete Auswahl von Brillen.

Es sind mehr Augen durch unredliches Anpassen von Gläsern als durch sonst etwas ruiniert worden. Hat das Auge mangelhafte Refraction, so muß das Bild aller Gegenstände nach einem Focus auf der Netzhaut durch außergewöhnliche Tätigkeit des musculus ciliaris gebracht, oder das Bild unvollkommen fein und das Resultat verunkeltes Sehen mit Schwäche und Schmerz im Auge und Stirn. Dies verursacht Comestionen, welche sich durch schwere Augenlider, Rötze, Juden oder Brennen, ein Gefühl, als sei Schmutz im Auge, and häufigen Schmerz, verbunden mit Empfindlichkeit gegen Licht zeigen. Je schwächer das Auge, desto häufigere obige Symptome. Augen mögen physikalisch stark und gleichwohl festhändig sein und umgekehrt.

Um durch Gebrauch einer Brille die Mängel aufzuheben, wird die Tätigkeit der Muskeln geändert, und wenn der Schaden vorüber oder durch zu stark oder zu schwache Gläser nicht aufgehoben ist, so sind die Ursachen der Comestionen oder vermehrt statt vermindert. Befestigt gemessene Refraction, muß irgend ein Sandelglas den Schaden vermerken. Jeder Schwachichtige sollte sich sorgfältig wissenschaftlich untersuchen und Brillen anpassen lassen, ehe er sie in Gebrauch nimmt.

In besonderen Fällen werden Gläser auf Bestellung geschliffen, in jedem Falle garantiert.
