

THE SMART & SILBERBERG CO., OIL CITY, PA.

Garment Section Is Splendidly Ready.

You have never been in the store when assortments were so profuse, or so gratifying. And it makes a world of difference to have salespeople interested, as are ours, in the demands of a customer.

Tailored Suits at \$10 to \$35.
Spring Coats at \$10 to \$35.
Dresses from \$5 up to \$35.
Blouses from \$1 up to \$15.

Spring Hats at \$5, \$6, \$7.50 to \$10.

A Millinery Store in itself is this great collection of trimmed hats, from \$5 to \$10. It embraces every tendency in the spring millinery fashions.

Plenty of black hats, plenty of colored hats, plenty of black hats with a splash of color in the trimming—plenty of every desirable shape and kind, all distinctive, all the influence of Paris designers back of them and the work of the best makers in them.

Fetching Fashions For The Young Folks.

Junior Sections are providing Spring assortments not a whit inferior in style and scope to those for their elders.

In millinery, dresses, coats, etc., there are wonderfully pretty fashions—the sort that will appeal to the mothers as well as the girls.

And in the matter of price—which is a matter of very great importance to mothers with many wants to supply—you will find them fully as tempting as they are in style and in quality.

New Spring Coats and Skirts.

Women's and Misses' Coats Distinctive Models.

The Smartest of the New Models

The Renaissance of the Cape.

The cape has returned and it has "taken." In tweeds and mixtures it looks as breezy as possible; in silk it wears an air of elegance. In front it resembles a coat and even has cuffs ingeniously sewed on. From the back it seems to be two full capes. Ask to see them.

Separate Skirts Are No Longer Merely Practical.

They are still practical, especially when they have pockets and are as plain as can be, but when they come flounced, tuniced, sashed and bustled in the softest of silk and crepes, they can go anywhere and all feel perfectly at home.

Tussah Is the New Skirt Fabric

It is of mohair and wool, is soft as silk, light in weight, and does not get dusty or wrinkle. It combines the beauty of silk with durability of serge.

Tussah Skirts are here in black and blue at \$7.50, \$8.50, \$10.00 to \$15.00.

CHARGED WITH LOBBERY
Mail Clerk Grabbed in Harrisburg, Pa.—\$20,000 Taken From Mails.
William R. Baum, aged thirty, a railway mail clerk, was arrested in Harrisburg, Pa., charged with having stolen \$20,000 from the mails. It is alleged that two packages, each containing \$10,000 in currency, were taken from the mails on July 5, 1912. The money was being sent from St. Paul to a bank in New York. Baum was held under \$10,000 bail.

It is said the government has expended more than the amount of the stolen money to uncover the robbery. Attention is said to have been attracted to Baum by the fact that he was indulging in expenditures apparently not in accord with his salary of \$1,200 a year.

A record for eating buckwheat cakes was established on the farm of John C. Stewart near Jefferson, Pa., when John Shriber disposed of thirty-three eight-inch cakes. Shriber made a wager with Albert Fowler, Fowler stopped eating while on his twenty-fourth cake.

Mystery surrounding the disappearance of William English, aged fourteen, who had been missing since the blizzard March 1, was cleared when his body was found in a field about 200 feet from where the boy lived in Bristol, Pa. It was revealed by the melting snow.

RECORD WHEAT CROP
Department of Agriculture Figures Best Yield in Ten Years.

A record-breaking winter wheat crop is in prospect this year, the department of agriculture estimating on a conservative basis that the yield may exceed 551,000,000 bushels. The condition of the crop April 1 was 95.6 per cent of normal, or 11.5 per cent better than the average April 1 condition for the last ten years.

The area planted last autumn was 36,506,000 acres and with a comparatively good winter it is believed the percentage of acreage abandoned has been somewhat less than 9.5 per cent, the average abandoned during the last ten years, so that an unusually big acreage will be harvested if condition continue favorable throughout the season.

Die geeignete Auswahl von Brillen.

Es sind mehr Augen durch unredliches Anpassen von Gläsern als durch sonst etwas ruinirt worden. Hat das Auge mangelhafte Refraction, so muß das Bild aller Gegenstände nach einem Focus auf der Netzhaut durch außerordentlich Thätigkeit des musculus ciliaris gebracht, oder das Bild unvollkommen sein und das Resultat verunfälschtes Sehen mit Schwäche und Schmerz um Augen und Stirn. Dies verurtheilt Congestionen, welche sich durch schwere Augenlider, Bisse, Jucken oder Brennen, ein Gefühl, als sei Schmutz im Auge, and häufigen Schmerz, verbunden mit Empfindlichkeit gegen Licht zeigen. Je schwächer das Auge, desto fühlbarer obige Symptome. Augen mögen physikalisch stark and gleichwohl sehgeschwach sein und umgekehrt.

Um durch Gebrauch einer Brille die Mängel aufzuheben, wird die Thätigkeit der Muskeln geübert, and wenn der Schaden vorüber oder durch zu stark oder zu schwache Gläser nicht aufgehoben ist, so sind die Ursachen der Congestion eher vermehrt statt vermindert. Rechtzeitig gemessene Refraction, muß irgend ein Handelsglas den Schaden vermehren.

Jeder Schwachichtige sollte sich sorgfältig wissenschaftlich unteruchen und Brillen anpassen lassen, ehe er sie in Gebrauch nimmt.

In befondern Fällen werden Gläser auf Bestellung geschliffen, in jedem Falle garantiert.
