

When You Come To Town To Do Your Shopping

We should be glad to have you make this store your home. You will find wide stocks of fresh new summer goods spread out where you can examine them. You will find courteous salespeople glad to answer as many questions as you care to ask. And above all, you'll find an atmosphere of welcome—welcome just as hearty to the "looker" as to the woman whose purchases amount to large sums. There's just one advantage in buying, however. If your purchases amount to \$10 or more, we'll pay for your one-way ticket; purchases of \$20 or over entitle you to a rebate covering your round trip fare. Can't we become better acquainted?

Wonderful Savings On Beautiful Summer Hats.

Prices that would be unusual even at the end of the season, offered at a time when you can get a full summer's wear from any of the hats. 2 Groups of Trimmed Hats special at \$1 and \$2.50. A Table piled high with Untrimmed Hats at 50c. A lot of Genuine Imported Panamas special at \$2.75. All Children's Hats in stock—your choice at 1/3 price.

Vacuum Cleaners.

Keeping your floor free from dirt with the least amount of time and energy, is simply a matter of getting the right sort of cleaner.

The Sweeper Vac.

The original vacuum carpet cleaner, is sold here at \$12.00

The Torrington Roller Bearing

Vacuum Sweeper, with brush attachment, may be had here at \$8.50.

Both these cleaners are guaranteed, and will remove every particle of hair, thread, dust and dirt.

The floor is a natural play ground for the children. Their health demands that you keep it clean—your comfort demands that you use one of these two sweepers.

Let us demonstrate them to you on our second floor.

Die geeignete Auswahl von Brillen.

Es sind mehr Augen durch unrichtiges Anpassen von Gläsern als durch sonst etwas ruiniert worden. Hat das Auge mangelhafte Refraction, so muß das Bild aller Gegenstände nach einem Focus auf der Netzhaut durch außerordentlich Tätigkeit des musculus ciliaris gebracht, oder das Bild unvollkommen sein und das Resultat verunfälschtes Sehen mit Schwäche und Schmerz um Augen und Stirn. Dies verursacht Congestionen, welche sich durch schwere Augenlider, Rötze, Jucken oder Brennen, ein Gefühl, als sei Schmutz im Auge, und häufigen Schmers, verbunden mit Empfindlichkeit gegen Licht zeigen. Zu schwächer das Auge, desto fähbarer obige Symptome. Augen mögen physikalisch hart und gleichwohl sehr schwach sein und umgekehrt.

Um durch Gebrauch einer Brille die Mängel aufzuheben, wird die Tätigkeit der Muskeln geändert, und wenn der Schaden vorüber oder durch zu hart, oder zu schwache Gläser nicht aufgehoben ist, so sind die Ursachen der Congestio oder vermehrt hat vermindert. Bei sehr gemischter Refraction, muß irgend ein Handelsglas den Schaden vermehren. Jeder Schwächliche sollte sich sorgfältig wissenschaftlich untersuchen und Brillen anpassen lassen, ehe er sie in Gebrauch nimmt.

In besonderen Fällen werden Gläser auf Bestellung geschliffen, in jedem Falle garantiert.

Fun Is All Right In Its Place,

But a Man Should Not Let It Get Into the Appearance of His Clothes.

T. A. P.

The average man nowadays won't trifle—neither does he want to be trifled with. In the choosing of our clothing the men who do it spend a great deal of time, and exercise the utmost care to avoid getting undesirable into the line. For instance—the styles shown in the Southern States are for the most part different than what we in the North wear.

So it is that we avoid getting styles into our stock that were made for the people of the South. You have no idea how big our store and stock is at present. We believe if you understood it fully you would be here long ago and you'd be getting real service out of the suit by wearing it now.

It Only Costs You \$10.00 to \$20.00

To get acquainted with the finest quality clothing we know of. Sure, come in today.

Sunday School Convention.

The nineteenth annual session of the Forest County S. S. Association was held at Clarington June 2 and 3, 1914, and was a decided success. This village is small but its people are certainly alive and up to date in the Sunday school work. Their homes were graciously opened for the entertainment of all who were in attendance. The program, as previously published, was carried out. The State S. S. Association sent two splendid workers, Mrs. Baldwin, superintendent of primary work in the State and Mr. Reel, who is a live wire and ready at all times to render help in any branch of the work. The exercises were from time to time enlivened by the talks of Mr. Richlon, of Philadelphia, and an exhibition of the use of the black board, on which he illustrated different parts of the scriptures by means of pictures tacked on the board, as he explained the lessons to be taught. This is a new way of teaching and a splendid way too for impressing the truths upon the mind, not only of the young scholars, but also of adults. It teaches through both the mind and the eye, and if properly managed would be a great help in any school. The first session was held in the Presbyterian church and was presided over by the County President Hon. A. R. Meachling. After devotional services, Mr. G. E. Matthews, of Clarington, in a pleasing manner welcomed the people to their town and to their homes. He assured us we would not be annoyed by any bad conduct or the appearance of police. This proved to be true. He gave us the keys to the city and freedom to do as we pleased. This address was cheerfully responded to by Mr. Reel, State Worker. Mrs. Baldwin gave a very interesting and instructive talk on primary work. Mrs. Mable Henderson then read a splendid paper on instructing children in the S. S. Mr. Reel followed with a general talk on the work. The evening session, in the same church, was presided over by T. F. Ritchey who in the absence of Mr. Maxwell and Rev. Bailey conducted the devotional and song service. Addresses were then made by Mrs. Baldwin and Mr. Reel to a crowded house, with wrapped attention. Wednesday's sessions were held in the M. E. church. Hon. A. R. Meachling presided. After devotional services, T. F. Ritchey, delegate to the State convention in Williamsport last October, gave a report, mentioning briefly the work done at that convention. That all the 67 counties in the State had advanced to the Front Line. Forest county gained the Front line position in 1911. Two of the most important points dwelt upon at that convention were the need of Teachers Meetings and Teachers' Training Classes. The parade of the A. B. C. class was a feature, 5,000 were said to be in line, among which was the veterans Class, whose ages averaged 73, 40, ex union soldiers of the rebellion and one confederate. Miss Mary Vail read a very interesting paper on the S. S. work. Again we had fine talks from our State workers. Mrs. Baldwin spoke chiefly on the temperance work in S. S. The afternoon and evening sessions were both interesting and very instructive, but space will not permit a detailed account. The following officers were elected for next year: President, B. F. Kendall, Marienville; Vice President, I. M. Fox, Endeavor; Recording Secretary, Emerson Kifer, Mayburg; Sec. Secretary, C. P. Cloak, Marienville; Treasurer, Mrs. Ellen Gattin, Kelleetville.

Several other spectators were hurt and were taken to the hospital, while a few were able to go home. The dead are: Charles Ford Marzolf, aged about thirty-three; Benjamin Kernohan of Homestead. Archer Armstrong, racer, of Cincinnati, is probably fatally injured. Fortunately there was no explosion. None of the victims was burned. Marzolf, who was identified by his signet ring, was seated near the front and received the full impact of Armstrong's machine. Others were struck by flying pieces of light pole which was broken off by the racer and still others were trampled and bruised. There is what is called a safety device over the track, intended to prevent such accidents as this. Armstrong missed it through some mischance and struck first one light pole and then another. He turned a complete somersault, went over the safety device, through the screen and into the first row of spectators.

ACCIDENT AT MOTORDROME

Two Spectators Killed on Track in Pittsburg—Rider Dying.

Two spectators were killed and a rider is dying because a motorcycle went over the edge of the saucer at the Motordrome in Pittsburg and crashed through the steel screen and into the crowd of spectators.

Several other spectators were hurt and were taken to the hospital, while a few were able to go home.

The dead are: Charles Ford Marzolf, aged about thirty-three; Benjamin Kernohan of Homestead.

Archer Armstrong, racer, of Cincinnati, is probably fatally injured.

STATE COMMITTEES MEET

Party Leaders Are Preparing For Coming Campaign.

Getting ready for the fall campaign the state committees of three parties in Pennsylvania met in Harrisburg and chose officers.

William E. Crow was re-elected state chairman of the Republican state committee, W. Harry Baker, secretary, and Charles Johnston, treasurer. A committee was appointed to draft a platform to submit to the general committee in September.

Roland S. Morris of Philadelphia was re-elected Democratic state chairman. Arthur McKean of Beaver county will be reappointed secretary. The party platform was adopted without material change.

The Prohibition state committee elected W. H. S. Hermans of Bradford temporary chairman. The committee will re-elect Dr. B. P. E. Prugh of Westmoreland county as state chairman.

Heard From After 14 Years.

Leaving his home in Uhrichsville, O., fourteen years ago, then twenty-one years old, Edward B. Keesey was never heard from until last week when Mrs. William Sherlock, a sister, residing at Altoona, Pa., received a letter stating that he had joined the United States army, gone to the Philippines, married a pretty Spanish girl and is now treasurer of the constabulary.

WESTINGHOUSE MEN OUT

Almost 10,000 Quit in Attempt to Force Union Recognition.

Partial idleness reigns in East Pittsburg and Turtle Creek, Pa., following the refusal of from 7,000 to 10,000 employees, according to various estimates, of the Westinghouse Electric and Manufacturing company, the Westinghouse Machine Company and the Pittsburg Meter company to resume work. The workmen give as the chief cause of the walkout the refusal of the companies to recognize their organization.

At union headquarters leading spirits of the demonstration were laying claim to having all three concerns almost tied up.

This was especially so of the electric plant, for men on picket duty reported that every man in the powerhouse, except a foreman or two and a few others, had been prevailed upon to stay out.

Three mass meetings were held by the strikers. At each of the gatherings men and women speakers impressed upon the workers the importance of keeping away from the plants and remaining at all times orderly.

Burgess Snyder of East Pittsburg has decided to take no chances on disorder. He has sworn in a score of special policemen to help the regular force of five patrol the borough. They were recruited from the ranks of the workmen.

Saloon keepers signified their willingness to close their places in the event of disorder.

DEAD NUMBER 1,024

Figures Given Out by Owners of Empress of Ireland.

Aboard the Empress of Ireland when she was sent to the bottom of the St. Lawrence river by the collier Storstad were 1,475 persons and of this number only 452 were saved, according to the corrected figures of the disaster given out by officials of the Canadian Pacific railroad.

If these figures are right the least and missing number 1,024 or almost 100 more than were given out in the first reports.

There were 89 first class, 256 second class and 718 third class, 413 officers and crew. Of the first class 36 were rescued, 47 of the second class, 136 of the third class and 233 officers and crew.

The figures of the identified are 22 first class and 31 second class. Twelve members of the officers and crew were identified. The steerage figures are not given.

Rats Gnaw Water Pipe.

Rats ate a hole in a lead water pipe in the store of Samuel Childs in McKeesport, Pa., and when he opened the store he found that \$2,000 damage had been done by water.
