CARRANZA WILL NOT BE HANDICAP

Washington to Stick by Mediators Rather Than Rebel EARLY SETTLEMENT NOW SEEN

At Niagara Falls It is Said If United States Continues to Help Mediators Conference Will Soon End. Developments at the mediation conference at Niagara Falls, Ont., plainly showed that the Wilson government is prepared even to completely abandon General Carranza rather than to permit the mediation conference to fail.

The first and the most vital part of the peace plan evolved by the mediators has been put into writing and definitely adopted by all sides. This was done at a full conference. The first part of the plan provides for the installation of a provisional government in Mexico to take the place of General Huerta.

The mediators and delegates will take up now the matter of names. After a candidate believed to be acceptable has been agreed upon the Mexican delegates will transmit his name to Huerta and not before the choice has been sanctioned by the provisional president will it be adopted at the conference.

It was explained that the choice of the man would not be left to the dictator. The selection will be made at Niagara Falls, but no man will be chosen who is not believed to be acceptable to the present head of the Mexican government.

GREEKS IN ASIA MINOR ATTACKED

Warlike Action Taken by the Troops of Turkey MAY PRECIPITATE CONFLICT

Washington Urges Patience. The publication by the Niagara Falls (Ont.) mediators of the correspondence passing between them and General Carranza was prevented by the prompt action of the Washington government. The South American envoys were tired of the delay occasioned by Carranza taking his good time in replying to the last note.

Charges and counter charges have passed between Athens and Constantinople and it has been evident to all Europe that the smoldering fires of religious and racial hatred soon must break out into fierce combat. While no formal declaration of war has passed this step is now regarded as a matter of a few days, as both countries have been preparing for hostilities.

A war in the near east, with its attendant possibilities of involving Russia, Germany and England, all of whom have large political interests in that region, is regarded as a grave menace to the peace of Europe. Greece accuses Turkey of the wholesale expulsion, with great cruelties, of Greek Christians from the province of Thrace, while Turkey accuses Greece of oppressing Turkish subjects in the region of Saloniki.

TOLLS REPEAL BECOMES LAW

President's Measure Passes the Senate Gauntlet Safely HOUSE ACCEPTS AMENDMENT

Verbal Clash That Develops into a Near Fight Battle Enlivens Closing Hours of Debate in the Senate. Repeal of Panama canal tolls exemption for American coastwise shipping passed the senate by a vote of 50 to 35.

The measure went back to the house, which accepted the Simmons-Norris amendment specifically reserving all rights the United States may have under the Hay-Pauncefote treaty. The next and final step was the signature of the president.

The closing hours of the debate were signalized by a near encounter between Senators Vardaman and West of Georgia and also by a sharp personal colloquy between Vardaman and his colleague, Senator John Sharp Williams.

West and Vardaman confronted each other in a threatening attitude and Senator Ashurst jumped between them with extended arms as if to prevent them coming together. At the same time the presiding officer, Senator Swanson, considered the situation so menacing that he ordered the sergeant-at-arms to the scene to preserve order.
