SECRETARY BRANTEN anxious to get back to the Chautauque circuit for another friendly chat with the people. If the average voter knew as much about public life as he does the battling averages of the baseball players, this would be a wonderful country.

THE explanation that the federal officers executed by the Mexican rebels were bandits is an easy one and will serve to justify the execution of officers of either army.

AMERICAN correspondent John Reed depicts Villa as a great and good man and his opinion is backed up by Senora Villa and with less enthusiasm by Secretary Bryan.

THE Wilson Administration is patting itself on the back because of the prospects for bountiful crops. Providence, of course, is non-partisan, but it is also merciful, and is no doubt coming to the aid of the people when its needs are sore because of a misfit tariff law.—Punky Spirit.

THE death at the Providence hospital, Washington, D. C., on the 9th inst., of John P. Hamlin, marked the passing of the last survivor of the jury that condemned Charles J. Guiteau for the assassination of President Garfield on the 2d of July, 1881. Hamlin was 90 years old, and had been a resident of Washington all his life. He had been ill for more than a year. Shortly before he died he wrote a brief history of the famous trial.

A Psychological Business Depression.

While there are so many phases to the tariff question that the average discussion does not accomplish many desirable results, in so far as convincing either free traders or protectionists, there are however, a few facts which the people of the country may well consider, viz: We have a new tariff law. We have a business depression. We have President Wilson's explanation that the depression is psychological, and we have a few figures to show what a psychological depression means.

In April, 1913, the balance of trade in our favor was \$53,618,977. The last year of President Taft's administration there was a shortage of 35,000 freight cars in the country. On May 15, this year, the net number of idle freight cars was 238,462. Under the Payne tariff law we had a surplus of \$19,000,000 in the national treasury.

We now have a deficit of \$16,000,000, notwithstanding the prediction of the president that the new free trade tariff law would increase importations and thereby increase the revenue.

We are promised a reduction in the cost of living by these tariff changes. How much less is your grocery bill, your clothing bill and your shoe bill at the present time than during Taft's administration, and above all how much have your wages increased?

We mention these matters not for the purpose of indulging in any tariff argument but merely as a statement of fact which cannot be contradicted with any great degree of success. If this is a psychological business depression, let us hope that we will not have any old fashioned kind.—Jamestown Journal.

Porkey.

Mr. and Mrs. F. A. Littlefield went to Sheffield Saturday, Frank had some dental work done and returned in the evening, but Mrs. and the children remained over Sunday to visit relatives at that place. Frank had to be here to go to work on Monday morning on Horner's lease.

F. C. Proper and family of Tionesta are spending a few days on the lease in their summer cottage and have their car with them. They finished a good well on the lease last week.

Mrs. Geo. Blum spent Sunday at Phelps calling on friends, while Mr. Blum was looking after his duties at this place. Wm. Rogers, Wm. Lindsay and another gentleman, of Kelleysville, spent Sunday with friends at Porkey.

The Howe township road men are improving the state roads along the creek and we find they are now in better shape than they have been since the state took them two years ago. They have covered them from the Kingsley line to a point near Trueman's.

Harry Smith and Warren Cook of Mayburg went through our village on a motor cycle trip Saturday evening and returned Sunday evening. Mr. Cook has just received a new machine that is of the latest "Indian" type and it is not only a peach but a pipkin as well. It has no pedals and has electric front and tail lights, two speeds and will make anyone "wish" that sees it.

Sunday school was well attended Sunday, and if the weather will permit next Sunday a photo will be made of this interesting group of children, who are always ready to go to Sunday school. Several people from this place attended the Ice Cream parlor of Vivian Brennan at Minister, Sunday, where he dished up the cool and refreshing luxury.

Last week a loss of oil occurred near Wildcat run, and one day last week some one lit the oil causing a very black smoke to ascend heavenward which could be seen for a long distance. At first it was thought an accident had occurred on the Horner lease, where a well was being shot, but later the facts were learned and no damage was done except a pile of bark was consumed by the fire. The Horner

Oil Co. brought in a fine well on their lease and we are pleased to note that it was not the same that caused the above smoke.

Geo. and James Welsh, who have been in West Virginia for some time, spent last week with their father at Balltown but George returned to the Southwest on Saturday. Mr. and Mrs. James McMichael are also on the farm for a few weeks. Miles O'Donnell of Wellers spent Sunday at Pittsburg and will return on Monday to take up his work here.

John Littlefield has been laying off the past week on account of a very sore thumb that he injured while building the rig on lot 5282. The well is starting next week and it is hoped it will be a producer. Jack Spencer was over from Mosquito over Sunday and passed a pleasant day with his old friends here and at Wellers. We were sorry to miss writing for our friends last week and hope this will not occur again.

A piano tuner from Oil City was here last week and tuned the piano of E. T. Downey's and as he had to make the train did not get around to all of them. We hope he will return as we are in need of a tuning ourselves. If we had the tools for this kind of work we would not worry nor care if a tuner ever came into the valley.

The Heasley family took dinner Sunday on the ball-ground across from this place and had a fine time. There were a lot of the relatives here and they came from Blue Jay and Beck Mills.

Cooksburg.

The directors of Barnett township met at Hottelville last Saturday and elected teachers for the coming year. [The list will be found in a local item in another column.—Ed.]

Mrs. Charles Ross of Clarion visited her mother, Mrs. Rebecca Cook, the latter part of the week. Harry Knight of Mayburg visited his parents here Sunday.

James Starr and son Charles, of DuBois, autoed over Sunday and spent the day with Mr. and Mrs. S. H. Cook. Andrew, son of Mr. and Mrs. T. B. Cook, of this place, left last week for Portland, Oregon, where he will enter as partner in the lumber business with his uncle, J. H. Cook, of that place. Andrew is a shrewd young business man and his Forest county friends feel confident that he will be very successful in his new business career.

E. W. Mass and family autoed down last Sunday from Millstone and spent the day with friends. Ed. is the owner of a new Ford car.

We understand that "Billy" Knapp quits work at five p. m. on Saturday nights this month, as he has some business transactions to negotiate at Redcliffe.

Mr. and Mrs. A. W. Cook have returned home and will spend the summer in our little burg.

The Children's Day exercises here last Sabbath were well attended and were a great success. The program rendered showed very careful preparation and those in charge are to be congratulated. The school house was decorated with beautiful wild flowers and this beauty added greatly to the entertainment.

Lester Knight came home Saturday from Mayburg, where he has been employed. He expects to go to Oil City this week to resume his work with the Pennsylvania railroad company.

Miss Emma Naylor, who has been ill at her home in Renovo the past month, returned Saturday to resume her duties as nurse. We are very glad to know that she is back again.

Children's Day exercises will be held at the Greenwood church next Sabbath. A splendid program is being prepared and a cordial invitation is extended to everyone to be present.

Lenzie Coogan, who has been employed at Renovo the past week, is visiting her parents, Mr. and Mrs. Richard Coogan. A number of our people attended the ball game at Hottelville last Saturday.

Mr. and Mrs. T. B. Cook accompanied their son to Portland, Ore., last week and expect to remain there for some time.

Mrs. Harry Miller and children, Mr. and Mrs. Edward Henry of Scotch Hill, Miss Bertha Grace, Mr. and Mrs. Warren Black, Mr. and Mrs. Richard Cook of Hominy Ridge, were among the people who attended the Children's day service here last Sabbath.

Sam. Eshelman of Halsey was a recent visitor in our town. Cupid seems to have been rather busy among some of our people the past month and we again expect to hear the pleasant sound of wedding bells in the near future.

Miss Sadie Dunkle of Clarington is visiting friends here. Mrs. Jennie Fulton is employed at the home of Harvey Walton at Hottelville. Jack Johnson of Brookville is employed as chauffeur for A. W. Cook. Mrs. Ella MacBeth was a Leeper visitor Friday.

W. A. Crossman is repairing his mill and expects to have it in running order in a few weeks. A number of our people attended the ice cream social at Hominy Ridge, Saturday evening, and all report a good time. Mr. and Mrs. G. K. Braden, Leo Braden, and Sadie Dunkle autoed to Kane Sunday and spent the day with friends.

We wonder where our interesting correspondent from Porkey was in our last issues of the Forest county papers? We trust he has not gone off duty entirely, but that one week's vacation will suffice.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh, that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & Co., Props., Toledo, O. We, the undersigned, have known F. J. Indigestion and Constipation. "About five years ago I began taking Chamberlain's Tablets after suffering from indigestion and constipation for years without finding anything to relieve me. Chamberlain's Tablets helped me at once and by using them for several weeks I was cured of the complaint," writes Mrs. Mary E. McMullen, Phelps, N. Y. For sale by all dealers. adv.

WILSON PROMISES INQUIRY

Discharge of Vets From Federal Service Causes Many Protests. Aroused by protests reaching Washington from Grand Army men throughout the country because of the discharge or demotion of old soldiers in the government service by Democratic officials, President Wilson assured a committee representing the veterans that he would investigate the subject and see what could be done for them in question.

A committee consisting of L. P. Shoemaker, Fulton R. Gordon and Charles W. Darr and backed up by Washington Gardner, commander-in-chief of the Grand Army of the Republic, had an interview with the president and impressed upon him the necessity of prompt action.

REPRIEVE AT 11TH HOUR

Negro Dressed For Gallows When Execution is Halted. Dressed for the gallows, Silas Jones, negro, was granted a reprieve by Governor H. D. Hatfield of West Virginia. With the rope suspended from the gibbet and the witnesses already arriving to witness the execution, the activities were halted when Sheriff W. L. Brown received a telephone call from Governor Hatfield informing him that it had granted Jones a reprieve.

In explaining the granting of the reprieve Governor Hatfield said that additional evidence and affidavits are being forwarded to him which tend to exonerate the negro.

WIDOW TO GET BACK MONEY

Church of God Pastor Ordered to Refund With Interest. Rev. S. B. Kraft, former pastor of the Church of God of Canton, O., was ordered by a jury in common pleas court to return to Mrs. Katherine Snyder, a widow, \$2,000 with interest, which he secured from her in alleged fraudulent stock deals.

Abraham Whitmire, a prominent farmer, was exonerated of complicity with Kraft. Mrs. Snyder testified that the minister sold her collateral notes which he represented to be gold bonds of the Bankers' Corporation company, declared by the plaintiff to be a "paper" concern.

LINER GOES THROUGH LOCKS

Alliance Used For Test by Electric Locomotives. The first passage through the Gatun locks by an ocean liner was successfully carried out by the Panama railroad steamship Alliance, a vessel of 4,000 tons.

The trip was made a test of the working of the electric locomotives in handling a large vessel. The operation passed without incident, the time required being an hour and a half each way.

MIle in Thirty-nine Seconds.

Martin Kriessler, the motorcyclist, at Philadelphia broke the world's record for one mile on a board track when he rode the distance in thirty-nine seconds.

Hottelville.

Born to Mr. and Mrs. Harry Fulton, a boy. Mrs. J. B. Campbell was shopping in Marienville, Thursday. Ralph Fitzgerald calls on friends quite frequently at Maple creek. Hottelville is growing. Homer Fulton is building a fine house. Clifford Moore and Floyd Fitzgerald were at Leeper, Wednesday, and brought home a load of oats.

Al and Ves, Fitzgerald are employed on Crossman's mill at Redcliffe. Burns Campbell has been hunting crows which are robbing the cornfield. He is beginning to think there are no bullets in the shells. Children's Day services will be held at the Greenwood church, Sunday, June 21. They are preparing a good program. The Barnett township school directors met here Saturday and elected teachers for the coming year. [The list will be found in another column.—Ed.]

The Clarington base ball team came up Saturday in the same spirit in which they came last Saturday, of winning a game from our boys. We tried to accommodate our opponents better. When nine innings were played the score stood 18-7. David Silvis and wife took dinner at Charles Moore's, Sunday.

The ice cream social at Mrs. James McAboy's was well attended by our boys and girls. Ralph and George Fitzgerald attended the social at Clarington.

Wattersonville.

Wm. Wallace and Arthur Baker are bringing quite a number of logs to the mill by riding the horses through the river. The big mill has shut down and two little mills are running up in the woods. The yard is full of ties and lumber. Mr. Jamison has been on the sick list a few days but is better now. The platform used for dancing will be used for lectures Wednesday, Thursday and Friday evenings, July 1, 2 and 3. A little boy was drowned near here last week.

Mr. and Mrs. King of Franklin are moving to this little village this week. Frank Mealy was laid up a few days with a sore hand, hurt on the mill. Quite a number of our people attended the Sun Bros. shows at East Brady. A. E. Timmis is getting his store nicely filled up for the summer. Mrs. W. A. Fleming went to East Brady between trains Tuesday.

Quite a number of the men have been laid off since the big mill shut down. A steamboat came to our little town Thursday evening. The water is pretty low here for them to get very close to shore. They landed near a raft for the night. Mr. and Mrs. Shoffstall returned home yesterday from above Utica, where they buried their little boy, who was scalded to death.

Mrs. Delong visited Mrs. Earl Baker Wednesday. Mrs. Baker has been sick the past week. Mr. and Mrs. Frank Mealy and children were at East Brady Friday. Goldie Baker visited her aunt, Mrs. Brink, Sunday. Wm. Fleming made a business trip to Kittanning, Thursday.

WAR RELICS TRANSFERRED

Impressive Ceremony Takes Place In Harrisburg, Pa. Business on Capitol Hill and in official and business establishments in Harrisburg, Pa., was suspended at noon Monday in honor of the ceremony of the transfer of the 350 battle flags of the Pennsylvania commands in the Civil and Spanish wars from the state museum to the rotunda of the state capitol, where they will remain as long as the capitol.

These battle flags, some of which were so tattered when they were placed in the custody of the state that they are almost falling apart, have been encased in silk netting and will be borne turlled. For thirty-five or forty years the collection of flags has been accumulating and there is said to be nothing like them in the country. There are flags of the Revolution, the War of 1812 and the Mexican war.

At 2 o'clock there was a short street parade in which a battalion of the Eighth infantry and the governor's troop escorted divisions of G. A. R. and Spanish war veterans. Following the parade exercises will be held in Capitol park in which 150 school children sang.

HEAT SOFTENS VARNISH

Crowd Attending Performance In Pottsville, Pa., Stick to Seats. In addition to causing the death of School Director Phillip Krieg the intense heat in Pottsville, Pa., was responsible for many prostrations at the Hippodrome, where a large crowd was attending a patriotic performance.

The heat had softened the new varnish with which the seats had recently been coated and many women stuck fast. More than 200 women left the auditorium with ruined dresses.

BOMB IN ST. GEORGE'S

Suffragettes Damage Fashionable Church in London. A bomb was exploded in St. George's church, Hanover square, London. There is evidence to show that the explosion was the work of suffragettes and coming so close upon the bomb outrage in Westminster abbey, the desecration of this famous edifice has increased alarm as to how far the militant women intend to go.

The caretaker of St. George's had locked the church after a careful inspection on the conclusion of the evening service. Later a passerby heard an explosion and summoned the fire brigade. The firemen, forcing the doors, found the church filled with dense smoke. Three pews in the north aisle and three stained windows were damaged by the explosion while a pew immediately in front of the lectern was blown down.

Fortunately the famous painting of "The Last Supper," by Sir James Thornhill, which hangs over the altar, was not damaged, although the window above it was splintered.

THAT CROP LOOKS GOOD

Trade Review Sees Prosperous Year Looming Up. Dun's Review of Trade says this week: "Official promise of another prosperous year on the farms tends to strengthen confidence in the general business outlook. The government grain report this week made a splendid exhibit and, in the case of wheat, assurance is given of the greatest yield that this country has ever raised.

"With the increased wealth derived from the oil the purchasing power of the agricultural community will be enhanced; an enlarged railroad freight traffic is indicated by the bountiful harvests, and, since funds here are in abundant supply, no difficulty should be experienced in financing the marketing of the crops."

THREE MINERS KILLED

Caught Under Fall in Workings Near Washington, Pa. Three men were killed in the mine of the Meadowlands Coal company near Washington, Pa. They were caught under a fall. The dead are: Christopher Henry, aged forty-five, married; Joseph Zienkoska, forty-two, married; Michael Javilin, twenty-three, single.

Discovery Likely Saves Two Lives.

The discovery of a bottle containing giant powder on coal which he was about to toss into the firebox of a fast Erie express train at Greenville, Pa., probably saved the lives of Engineer McMannus and Fireman John Austin. It is thought that the powder was left by a coal miner who had been using it in blasting.

Lightning Kills Child.

Francis Fish, aged twelve, was killed and Mrs. John Sharp was seriously injured when lightning struck the barn on the Sharp farm at Galborton, near Indiana, Pa., during an electrical storm. The girl was in the barn caressing a pet horse when the bolt hit the building. The horse was not injured.

Ice Water Kills Fireman.

As the result of drinking copiously of ice water, Harry M. Stiner, nineteen years old, of Tyrone, Pa., a fireman on the Bald Eagle Valley railroad, is dead. Returning from Lock Haven with his train he drank the water. He fell in front of the firebox unconscious.
