THAW GIVEN INCOME
Pittsburgh Judge Says Harry is Not Lunatic.
By a decree of Judge James W. Over of orphans' court in Pittsburgh the trustee of Harry K. Thaw's estate was directed to pay him his income denied since he was adjudged insane after the killing of Stanford White and which during that time has accumulated until there is now \$160,773 due him.
While experts declare that Thaw is suffering from an hereditary exaggerated sense of self, which would make it unwise to commit any very large sums of money into his personal charge, Judge Over says this is not lunacy and that there are many persons to whom it is unwise to give a very large sum of money.
The decree closes about six months of legal proceedings started by Thaw to obtain his income or a part of it and is held to be a victory in his fight for liberty.

Deafness Cannot Be Cured
by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.
We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.
