COURT WEEK-A PROPOSITION. Next week Court begins in this place. and it will afford our subscribers an excellent opportunity to "step up to the Captain's office and settle" their accounts, and we trust every one of them will improve the occasion by remembering the Printer. A great many have paid nothing for nearly two years and a half, and can righteously be charged TWO DOLLARS a year according to our terms; but such is our need, scription :--. of money and such our anxiety to get it, AND FIFTY CENTS from all subscribers who will pay us for three years' subscription, or \$4.50. THE PRESIDENT JUDGESHIP.

We are gratified to learn, from various portions of this Judicial District, that the Democracy are singularly unanimous in their support of our popular and talented candidate for the Judgeship, JAMES LINDsey, Esq., and his election is therefore very properly regarded as a "foregone conclusion." This will be welcome news to the hosts of Mr. Lindsey's friends who know portant functions.

In supporting Mr. Lindsey, neither his many excellent qualities of head and heart, foremost members of our Bar. and great learning in the line of his profession. But no man in the State or county has less claim upon the support of the Democratic masses than Mr. VEECH, and certainly no one has labored longer or harder than he for the overthrow of Democratoffice. His has been no half-hearted opposition: it has been zealous, earnest and perwill only cease with his life. We do not complain of this obstinate and exclusive opposition: indeed, there is much in it to commend if it is honest, and this is a queswe leave with Mr, VEECH's judgement and conscience, where it properly belongs. But we do complain that so decided and consistent a partizan, so inveterate and uncompromising an opponent of the men and meaor expect the support of Democratic voters, and we shall be mistaken in our estimate of counted.

One consideration, in Mr. Lindsey's favor, should have great weight with the voters of the District; and that is, that Greene county has never had a President Judge .-Though organized in 1796, and though at all times presenting at her Bar a fine array of legal talent, her claims have been entirely san friend Hurd, of the Brownsville "Clipignored or overlooked for a period of 65 per:" vears. The time is now here, and the opportunity, to do justice to our claims, and we confidently hope our Democratic brethren throughout the District will cheerfully allow us to furnish a Judge, and a good one, burgh. Col. Jones was formerly connecttoo, the coming term.

Incorruptible in integrity either as a man or a politician, zealous and utterly forgetful of self in his labors for the glorious old party with which he was identified and to which he gave the best energies of his life and mind,-perfectly fearless and independent in his course and direct in all his purposes, invariably discarding expediency where principle was imperilled, there is much in the example of such a man as John luons to render it worthy of emulation. Pure, too, as a child in his private and family relations, generous but unobtrusive in his charities, and firm and nobly disinterested in his friendships, is it matter of surprise, that though long lost to us, his memory should still be green in our souls? If he had faults, they are the inheritance of our common humanity, and did little to mar the symmetry of his character. Indeed.

'his very foibles leaned to virtue's side." It is well, occasionally, to go to the graves of our dead. It is a place for reflection, for tender recollections, instructive lessons and new resolves. And there, as well as by the couch where "mortal suffering exchanges earth for Heaven," we may learn the value of the steadfast hopes and blessed assurances of the Christian faith, as well as the consoling truth that the memory of the good shall not perish. We are happy to inform Bro. Hund that in beauty, which latter article in his case, at least, seems to dely the "tooth of time and razor of oblivion."

Speeches on the War.

We are called on, every week, to publish lengthy speeches of Holt, Vallandingham, and others on the War. If we printed all we are asked to publish in this line, we would have little or no space left for other of our readers who look for the usual variety every week. This is our only reason for not complying with the requests of our friends, in publishing lengthy speeches, and we trust it will be satisfactory.

We cordially approve the Union sentiments of Mr. Holt, and are first, last and always for sustaining the Government, the Constitution and the Laws.

POLITICAL AND FIGHTING PAR-

The mania for political and belligerent sermonizing, originating with the Parkers and Beechers of the North, has spread over the entire South, and is now confined to no particular locality. The weightier and more practical matters of personal sin and salvation are everywhere comparativev overlooked and neglected, and the Puloft in both sections are consecrating their est efforts, not to the work of restoring peace to a distracted and suffering country, but to the less appropriate and less godly employment of exciting and teeding sectional animosities, and stirring men up to however it may appear to others, there is much to deplore and little to commend in this strange attitude and these still stranger of peace. While we concede to preachers of the Gospel, as to all other men, perfect freedom of opinion in all matters of political concern, and expect them to feel a becoming interest in the result of the pending struggle for the preservation of the government and unity of the country, we at the same time see no propriety or necessity for their preaching politics from the pulpit, or for their laying aside the functions of their sacred and exalted office, as they have done in many instances, to take up the weapons of a very different warfare from that which they are called to wage. We cannot resist the temptation to publish a deserved rebuke to ministers who neglect their duties to "dabble in the dirty pool of politics," and to excite and prolong angry and bloody strite among these who ought to be brethren, as they are descendants of a common ancestry and inheritors and custodians of the best government God ever gave to men. The article is from a loyal Southern paper, the Louisville (Ky.) Democrat, and we trust it may and do much to correct the evil of which

it complains:-"A Holy Being once descended from man. His coming was announced by hosts of angels, who sang, "Glory to God in the Highest, and on earth peace, good will toward men." In all the words and acts of this Great Being appeared the viled, he reviled not again. "Blessed are the peace makers," said he, "for they shall be called the children of God."-When he was betraved into the hands of his enemies, one of his followers drew his sword and cut off the ear of one of the band that had come seize him. 'Put up thy sword," said he, and he immediately healed the wound. While suffering the agonies of a cruel death on the cross, he prayed earnestly that his enemies might be forgiven. His kingdom was not of this world, and before the objects of his mission every earthly interest shrank into in-

significance. Nearly nineteen hundred years have passed away since his appearance, and his divine mission is acknowledged in all the most enlightened portions of the world .-When we approach a great city, we see, towering above everything else the spires that crown the temples dedicated to Him; we find the buildings adorned with all the heauty that the skill of the architect can bestow. If we enter one of them at the proper time, we can hear the music of the organ rising like " a stream of rich, distilled perfume," accompanying words of thanksgiving for heaven's message of peace and good will. In the most conspicuous place is one who claims to be an embassador of the Prince of Peace; and when he rises you expect to hear from his lips the words of meekness, peace, and charity. But listen! He uses not without hope that he may yet succeed the very words of his Master as he sets in bringing the old "Messenger" to forth the worth of the soul, and urges man the high moral standard it maintained to obey the divine commands. Here you under the dispensation of the Rev. Tom. are sure that you have found one who is imbued with the spirit of his master: one whose peaceful presence tends to calm the stormy passions; one who yields a ready obedience to the laws of God and of his country; one whose counsels will serve will be safe to follow. You walk behind the holy man, and at the next corner overhear him preaching rebellion and treason, and expressing the wish that he could dye his hands in the blood of the supporters of his government. These are the sentiments of Hon. JOHN A. Dix, a member of Mr. Buchanan's Cabinet, now a Major General in the army, and the sentiments of the entire Democratic party of the North. The Democratic party will stand by the Union; and the Republican party, much as they would like it, cannot drive them from their loyalty by calling them "traitors."
