THE ABOVE IS A PORTRAIT OF DAVID M'CRETY Sworn statement of David M'Creary, of Napier tpe

Bedford county:

In April, 1856, as near as I can remember, a small pimple made its appearance on my upper hp, which soon became enlarged and sore. I used positices of sorrel, and a wash of blue vitriol, without effect.—Finding the sore extending, I called on Dr. Ely, of Schellsburg, who pronounced it CANCER, and prescribed a wash of sugar of lead and bread poultices. Finding these remedies of no avail, I called upon Dr. Shaffer, of Davidsville, Somerset county, who also pronounced the disease Cancer, and gave me internal and external remedies—the latter consisting principally of caustic; but all to no purpose as the disease continued spreading toward the nose. I next used a preparation of arsenic, in the form of salve. This for a time checked the disease, but the inflamation soon increased. I called upon Dr. Statler, of St. Clairsville, Bedford county, who also pronounced the disease Cancer, and applied a salve stid to be a never failing remedy, but it had no effect whatever in checking the spread of the sore. In December in the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnative here I consulted Prof. R. S. Newton, of the Eclectic Medical College. He pronounced the disease "a cataneous Cancer, superinduced by an inordinate use of mercuty." He applied mild zinc ointment, and gave me internal remedies. My face healed up, but the inflammation was not thoroughly removed. In February, 1857, he pronounced me cured, and I left for home. In mercury. The appined mind zinc ontiment, and gave me internal remedies. My face healed up, but the inflammation was not thoroughly removed. In February, 1857, he pronounced me cured, and I left for home. In April the disease again returned, and so violent was the pain that I couid not rest at night. Late in May! returned to Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained until September, during which time he used every known remedy, and partly succeeded in checking the disease, but when I returned home there were still three discharging ulcers upon my face. I continued using Newton's preparations, and also medicine that I got from Dr. Ely, but the Cancer continued gröwing until it had cat off the left side of my nose, the greater portion of my left check, and had attacked my left eye. Inad given up all hope of ever heing cured, since Dr. Ely said he could only give relief, but that a cure was impossible In March, 1888. I bought a bottle of "Blood Searcher;" but I must confess that I had no faith in it. I was very weak when I commenced taking it; but I found that I gained strength day hy day, and also that the ulcers commenced drying up. I continued, and when the third bottle was taken, my face was healed as if by a gained strength day by day, and also that the ulcers commenced drying up. I continued, and when the third bottle was taken, my face was healed as if by a miracle. I used the fourth bottle, and I have been healthier since than I have been for the last seven years. Although my face is sadly disfigured, I am still gratefur to a benign Providence who has spared my life, and which has been done through the instrumentality of Lybory's Improved Blood Searcher.

CANCER CURED.—A letter from England, Mr. JOHN POPE, of Blackovon, near Pentypool, Monmouthshire, England, writes as follows:

Monmouthshire, England, writes as follows:

BLARNOVON, Aug. 1851.

SIR:—An old woman in this place has wished me to write you respecting LINDSEY'S BLOOD SEARCH-ER, from which she found great benefit and wishes to have a little more. She has been suffering from a disease of a cutaneous nature for the last six or severn years. Her daughter, who is living in America, obtained it for her, and sent her eighteen bottles. She is now quite out of it, and I have written to her daughter twice and have received no answer; of course she is anxious to get more, to get completely cured. I told her I would write to you for the agency in this country, and she felt very much pleased to hear me say a low beg to ask you on what terms you will supply me as cheap as possible. The carriage on the one dozen bottles was £1 8s 6d. The medicine was a present from her daughter. I would like to have the Blood Searcher in a jar or small cask, if you can send it in that way, or in pint or quart bottles. I will send a bill through bank or registered letter, which ever will be most convenient to you, if you will send me carrier's receipt of the parcel as security. I would send you a stamp to anawer this, but as it is uncertain of this reaching you, on account of the country being in sixes and sevens, a term which is commonly used, you will be kind-enough and charge me with the postage. Yours, respectfully, [Signed.]
