If the South should be beaten on both fields, she could hardly expect for some time to get together two armies of any magnitude; and would have to depend altogether upon the virtues of a Fabian policy, and a general system of skirmishing against the enemy. If the South, on the other hand, should gain both battles, the North would be compelled to desist from aggressive measures for such length of time as it would respect to the such length of the such lengt quire to organize and discipline other new armies, Considering the low state of their exchequer, the period required for this purpose would be so long that a virtual suspension of invasion would be the result, and the South would be enabled to carry invasion to their own doors. Such an invasion, though only partially successful, would virtually end the war, especially if it resulted in stampeding he Lincoln Government from Washngton. What's the Matter?-- A Recantation.

James Redpath, formerly the Kansas correspondent of the New York Tribune, and a man known as belonging to the most extreme school of abolition philosophers, now comes out in a public acknowledgement of past errors, repudiating the mischievous doctrines he disseminated in former days, and announces his retirement as a political editor until such time as he shall have "attained a clearer, and a more human and Christian view of sight.

A BAD SORE LEG CURED.—Pittsburgh, September 18, 1861—I hereby certify that I have had a sore leg for over a year. It was covered with ulcers and sores so that I could not work for nearly a year. My leg swelled so that I was unable to do anything for a long time, for at least six months. I tried several of the hest doctors in the city, but without any benefit; finally I called on Dr. Keyser, at No. 140 Wood street who only attended me about two weeks, and gave me but two bottless of medicine, and I am entirely well, and have continued well for six months. I am employed at the Eagle Engine House on Fourth street, where any one can see me.

READ THIS CURE.—I was afflicted with a horrid disease in my feet and ankles, so much so that for six weeks I was confined to my bed, and at other times to my chair, where I was compelled to sit for weeks. I was in the care of both our eminent physicians for a long time, but they could do nothing to effect a cure or ease my pain. My feet and legs became very much swollen, and having heard of your Blood Searcher (although I had very little faith in it). I was induced by Messrs. Alexander & Son, agents at this place, to try it. I had not used one bottle before I began to find immediate relief. I tried another, and am now able to walk about without crutches. I have tried other to walk about without crutches. I have tried other patent medicines, but received no benefit. I take pleasure in recommending your Blood Searcher above all others, to those who may be afflicted as I Lave been. Yours, truly,
Aroulo, Armstrong Co., Pa., Dec. 12, 1859.
We, the undersigned citizens of Apollo, being acquainted will the facts in the above statement, testify their corrections.

BLAENCYON, Aug. 1861.

Siz:—An old woman in this place has wished me to write you respecting LINDSEY'S BLOOD SEARCHER, from which she found great benefit and wishes to have a little more. She has been suffering from a disease of a cutaneous nature for the last six or seven years. Her daughter, who is Hyng in America, obtained it for her, and sent her eighteen bottles. She is now quite out of it, and I have written to her daughter twice and have received no alswer; of course she is suntious to get more, to get completely cured. I told her! would write to you for the agency in this country, and she felt very much pleased to hear me say so. I now beg to ask you on what terms you will supply me; you will please hear in mind the carriage, and supply me as cheap as possible. The carriage on the one dozen bottles was £1 is 6d. The medicine was a present from her daughter. I would like to have the Blood Searcher in a jar or small cask, if you can send it in that way, or in pint or quart bottles. I will send a bill through bank or registered letter, which ever will be most convenient to you, if you will send me carrier's receipt of the parcel as security. I would send you a stand to answer this, but as it is uncertain of this reaching you, on account of the country being in sizes and sevents, a term which is commonly used, you will be kind enough and charge me with the postage. Yours, respectfully.
