

"A sentiment not to be appalled, corrupted or compromised. It knows no baseness; it cowers to no danger; it oppresses no weakness. Destructive only of despotism, it is the sole conservator of liberty, labor and property. It is the sentiment of Freedom, of equal rights, of equal obligations—the law of nature perwading the law of the land."

DEMOCRATIC MEETING.

There will be a Democratic meeting, in the Court House, in Waynesburg, on Tuesday evening of the first week of March Court, being the 18th inst. A full attendwill be transacted.

R. A. McCONNELL, Chairman of County Com. March 7th, 1862.

THE REBELLION.

However it may have been with others, we have never had a doubt of the eventual suppression of the Southern rebellion, and of the ability of the Federal Government to recover and maintain its authority .-Our conviction, from the inception of the war, has been that the Southern people could not command the means to prosecute the struggle with any degree of energy and success, or for any considerable ly blockaded, with no market for their out the ability to borrow a dollar from foreign capitalists, it was evident to us that they would soon be in a most embarrassing and harassing want of "the sinews." Their wealth as a section and a people slaves than bullion, and such property was not to be easily or generally converted into gold and silver. Under these circumstances, we could not see the shadow of a chance for the "Jeff. Davis" government, or the slightest probability of their been none the less formidable. They us:have also had the great disadvantage to contend with of having the theatre of the war confined to their own territory. The the causes that have brought it upon

the rebels and their leaders, is it any wonder that the "Confederacy" should be a thing of a day? or that the war they mill per mile; omnibuses, ferry boats and wage upon the Federal Government and horse railroads 3 per cent, on gross re-Union should soon exhaust their exchequer | ceipts from passengers; advertisements 5 and the patience of their deluded people? | per cent. on amount of receipts annually for use; the use of carriages annually Foreign intervention, armed intervention, from \$1 to \$10, according to value; gold in their behalf, has been the only thing watches \$1; silver watches 50c.; gold upon which they could base a reasonable hope of success; and even it, we are happy to say, is likely to fail them. The recent | 5c.; licenes, bankers', \$100; auctioneer's brilliant triumphs of the Federal arms will deter England and France from any rash interference in our affairs, and will, brewers, \$50; hotels, inns and taverns, we trust, secure us an "open field and a graduated according to rental, from \$50 fair fight." In that event, we have no to \$200; eating houses, \$10, commercial fear of results.

DEOLINES THE PRESIDENCY.

Hon. Wm. H. SEWARD has written a letter to a political association in Philadelphia bearing his name and organized and dividends of banks and saving instifor the purpose of urging his claims to the tutions, 3 per cent.; payments of all salanext Presidency, in which he very emphatically declines being a candidate. This, Senators and members of Congress, 3 per Mr. SEWARD can very safely do. Although | cent.; legacies and distributive shares of one of the ablest men in the ranks of the Opposition, and sincerely attached, as we doubt not, to his country and her institu- all kinds of legal and commercial papers, tions, Mr. SEWARD belongs to a class of all patent medicines, telegraphic messa-noliticians who have "had their day." and ges, and all goods by express. The bill he is just as likely to be "struck by lightning" as elected to the Presidency. The rule of politicians and parties of narrow views and sectional aims is at an end in this Republic. Henceforth the destinies and policy of the country will be committed to the hands of men of broader patriotism and radically different political theories and convictions from the extremists, South and North, who brought upon us the present deplorable civil war.

On the contrary, we and an organization which shall make trust all will commend the step as obvi- those principles effective, is pointed at as a ously proper and just.

"THE CRISIS,"

This is the title of a Democratic weekly journal published at Columbus, Ohio, by SAM. MEDARY, with whom our earliest recolections of newspapers and politics are associated. The "Statesman" of 1840, ance of the Democracy is desired at that | under the control of Gov. Medary, was one time, as business of moment to the party of the ablest and most efficient organs of the party West of the mountains, and had a wide circulation and popularity. Few men write with more force than Medary, and no one is more independent and fearless in the expression of his opinions .-Twenty years have neither abated his zeal in the Democratic cause, nor impaired the vigor of his intellect, and we hope he may serve the party even better for a coming decade or two than he did when his years were fewer and his blood hotter.

THE WAR TAX.

The general Tax Bill has been presented to Congress by the Committee having it in charge. It provides for thorough and heavy taxation, and imposes its burthens length of time. With their ports diligent- alike upon all classes, professions and callings. Nobody is exempt, and everybody cotton, sugar, rice, tobacco, &c., and with- is expected to "face the music." Even printers, who have heretofore been taxed little or nothing because it was found in possible to collect more than a shilling at a time off of the poor devils, are compelled, by this bill, to shell out eagles and halfhas consisted rather in plantations and eagles without number and without a grunt. Where they are to come from, this "deponent saith not, and cannot say."-Perhaps some sympathizing friend will lend us a handful now and then? We find printing paper is taxed 3 mills per pound, all advertisements are taxed 5 protracting, indefinitely, a rebellion so ex- | per cent., while all incomes above \$600,00 tensive and so enormously expensive as are taxed 3 per cent., besides probably this was likely to prove. In addition to other forms of taxation of which we vet their pecuniary straits and troubles, the know not. This will take the greater part rebel authorities have had to grapple of the profits of every paper, and will inwith a Union sentiment, in their midst, | jure them indirectly much more. Below is which, though quiet and cautious, has a synopsis of the Bill, as it has reached It provides for a duty on spirituous

WAYNESBURG COLLEGE.

The Semi-annual Examination of the classes in Waynesburg College will be held on the 18th and 19th days of March,

The Public Examination of the classes in the Female Department will be held on Thursday the 20th, and on the evening of the same day the ladies of the Institution will give a Literary Entertainment.

The Report of the Congressional Committee to investigate Army Contracts ume of over 1100 pages, and the evidence of stupenduous frauds on the government is overwhelming. We regret that our of State. space forbids the lengthly extracts we would like to make from the evidence .-Many of the disclosures are startling.

A communication on the Tonnage Tax, and a letter from our Harrisburg cor respondent are in type, but we are compelled to lay them over

Hereafter we will print 50 Nos. to a Volume, issuing no paper during Christmas or 4th of July weeks. This is the custom with many of our cotemporaries, a little recreation as well as other people.

PURPOSES. The "Harrisburg Patriot" asserts a truth, warranted by facts, when it declares that the enemies of the Democratic parunceasingly to produce discord and division. traitor or a secret sympathizer with Secession by those who insolently arrogate to themselves all the patriotism in the land. If a Democrat cries out against the fraud and corruption, by means of which a gang of patriotic cormorants have made collossal fortunes, he is attempting to distract the people and embarrass the Administration. Public plunderers must not be disturbed in their infamous vocation. They must be permitted to feed and fatten on the good cause may suffer by their expos- of his health.

ure. The Administration has been annoyed and embarrassed, but by whom? Who rotten provisions and defective firearms to the Government? Who swindled it in horse contracts? Who raised a clamor at the removal of Fremont? What class of men are now importuning and annoying the Administration about emancipation? Who made an assault upon Gen. McClellan the other day in the House of Representatives? Who is thus endeavoring to undermine public confidence in our public servants and our military chiefs?-Not the Democratic party. It is not the source from which all these annoying and distracting causes have proceeded; but they have their origin in the party that arrogates to itself all the patriotism and honesty in the country. And yet, with a full knowledge of these facts, that very virtuous patriot, John W. Forney, and other Republican scribblers and politicians endeavor day after day to persuade their readers and the people that the Democratic party is disloyal and disorganizing, and that its purpose is to divide the people | buyers. and ultimately to destroy the Govern-

WE, the undersigned Commissioners of Greene County, do certify the above to be a true statement of the aggregate amount of assessments and valuation of the several objects taxable by the Laws of this Commonwealth, for State and County purposes, as returned by the Assessors of the several townships for the year 1862, and the State Tax thereon.

WILLIAM BRADEM,
ELIAL LONG,
DANIEL THROCKMORTON,
ATTEST,
B. F. LONG, Clerk,

TO THE PUBLIC.

t, the undersigned Commissioners of Greene ty, impelled by a sense of the obligation of our and of our duty to the public, and in obedience law requiring us to "carefully examine and corto the law requiring us to "carefully examine and correct the assessments as returned by the Assessors of the several townships, and to raise or reduce the same if they find improper valuations have been made," do hereby make known that we have made a full and complete examination of the assessments of the several townships, and find that whits all are far below the actual cash value of the real estate assessed. The assessments of many of the townships are so grossly below the real value of the property assessed, that to suffer them to remain would inflict great injustice upon the other townships whose property has been more correctly estimated. We have, therefore, raised the valuations on assessments of the real estate of such tewnships, so as to equalize them with the other townships of the County, as follows:

Wayne township increased 10 per cent.

other townships of the County, as follows:
