"A sentiment not to be appalled, corrupted of marganised. It knows no baseness: it cowers to compromised. It knows no basegess; it cowers to no danger; it oppresses no weakness. Destructive only of despotism, it is the sole conservator of lib-srty, labor and property. It is the sentiment of Freedom, of equal roligations--the law of nature pervading the law of the land.⁹

OUR DAY OF PUBLICATION.

Hereafter the Messenger will not be isfor their papers earlier in the week.

THE AUDITOR GENERALSHIP.

The cordial response of the Democratic press in Western Pennsylvania to our suggestion of Col. W. T. H. PAULEY, for the Auditor Generalship, leads us to indulge the hope that he will be the only candidate before the Convention from this portion of the State. The claims of the West, and especially of "glorious Little Greene," entitle Mr. PAULEY to the nomination, aside from his acknowledged deservings as a Democrat, and his admirable fitness for the position; and we confidently trust he will be made our nominee with entire unanimity. It would only be doing tardy justice to the Democracy of a county which has never failed, since its erection, to give a decided Democratic majority, and which has never received and never before asked a nominee for a State office.

ANOTHER CHANGE OF NAME.

Our Republican friends are at present discussing the propriety of again changing their name. Instead of calling themselves "The People's Party," as they have heretofore in Pennsylvania, the Philadelphia Executive Committee propose to make the party Republican in name as it has been in policy; while JOHN W. FOBNEY, and other opposition pollywogs, are for dubbing it the "Union Party," par excellence ! We presume its claims to the "Union" sobriquet is founded on the tendency of its doctrines and policy in the direction of breakiny it up .--Certain we are that a large portion of the organization are opposed to "any Union with slaveholders," or to the "Union as it was," and would see the Union in Tophet before they would abate a jot or tittle of their antislavery fanaticism to preserve it. But take any name they may, the odor of "Sambo" will still cling to our opponents, and will render it an easy matter to drub them when the Abolition mania has subsided, and the people have had time for a "sober, second thought."

ABOLITION OF SLAVERY IN THE DISTRICT OF COLUMBIA.

politic and ill-timed, will accomplish little (Politic and ill-timed, will accomplish little or no practical good for the negro, and will comich a conital text to Southan Babla furnish a capital text to Southern Rebels and conspirators for harangues on "Northern aggression," and "interference" with their slave institutions. Its adoption certainly indicates the decided anti-slavery proclivities of the Republican party, and leads to well-grounded apprehensions that it may be followed by measures of a similar character much more injudicious and mischievous in effect and policy. It is a "tub" thrown to the Abolition "whale," and will only satisfy the cravings of the monster for a very brief season.

> WHAT HE SAID IN 1856. Wendell Phillips, the notorious Abolition

ecturer, held the following language in regard to the Republican party in 1856 : "There is a merit in the Republican par

ty. It is the first sectional party ever or-ganized in the country. It is the North arrayed against the South. The first crack in the iceberg is visible. You will yet hear it go with a crash through the centre."

The people have heard the "crash," and sued until WEDNESDAY mornings. If if the Republicans and Abolitionists don't our office subscribers will remember this, hear bigger thunder next Fall, we have mistait will save them the trouble of calling ken the signs of the times. Abolitionism, Republicanism, Secessionism, and Sectionalism of every hue and shape are "played out." The sceptre will pass into the hands of men who hold radically different opinions from the demagogues, South and North, who have precipitated the country into her existing troubles,-men who will be

animated by a broader patriotism, and seek

The recent elections in Pennsylvania, Ohio and New York have resulted in the decided success of the Democratic nominees. Indeed, in almost every county of the 'Old Keystone'' Abolitionism and Sectionalism have been almost literally 'wiped out.' In many instances, not only townships and boroughs, but whole counties have been completely revolutionized; while in others the usual Democratic majorities have been doubled or quadrupled. In Luzerne county the Damocrate carried nearly every township, and in the

Borough of Wilkesbarre, the whole three wards are Democratic by large majorities. In Columbia and Montour counties Republicanism was routed, horse, foot and dragoons.

In old Montgomery the Democrats swept verything before them in gallant style. In Westmoreland county the Democrats carried nearly all the districts, by increased majorities.

And so on throughout the State. In Chicago, Illinois, the Democrats have elected their entire ticket by a majority of 1,400, and have also elected 7 out of 10

Alderman. In Ohio the changes and results have been quite as marked and cheering. Last week at the municipal election in Chillicothe, the Democratic candidate for Mayor was elected by 229 of a majority. The year before the Republicans elected their Mayor by a majority of 161.

In Columbus, the Democrats have elected

SURVEYOR GENERAL. Col. TATE, the veteran editor of the "Columbia Democrat," is favorably mentioned by several of our exchanges for the Surveyor Generalship, and his friends will present his name to the approaching State Convention. The Colonel is a "rock- water" Democrat, a gentleman of fine intelligence, and would make a good officer. Below is a

complimentary notice of him from the Clearfield (Democratic) Republican : Col. LEVI L. TATE .- Among the names of prominent Democrats named in connection with the State offices to be filled next

Fall, there is no one spoken of for Surveyor General who seems to meet with as much favor as that of our old friend TATE, of the Columbia Democrat, and now a member of the Legislature. Col. T. spent his younger days in this county, where he is kindly remembered. Since then he has filled several inportant public trusts, discharging their duties with the utmost fidelity; and during his whole life has been fearless and unyield-

ing in his support of Democratic measures. DWELLING BURNT.

We learn that a dwelling in Centre township, belonging to HIRAM SMITH, Esq., and occupied by ISAAC JOHNSON, was destroyed by fire on Saturday week. The house and the greater portion of its contents were consumed. The property was uninsured, and the loss will reach \$1000 or \$1200.

PITTSBURGH BUSINESS NOTICES. ST. CLAIR HOTEL .- This old and popular

establishment, one of the best "homes" in the world for strangers and travellers, has recently changed hands, and has been elegantly and comfortably refitted. It is not only one of the most commodious Hotels in the Iron City (containing 145 rooms, with spacious parlors and offices,) but is one of the most convenient and best ordered stopping places in the city. It is in the immediate vicinity of the business streets, and has all the luxuries and appointments of the best houses in the country, though the charges are exceedingly moderate (only \$1,25 per day, and less for a prolonged stay.) The proprietor (J. N. ANDERSON, Esq.,) is an old and well known caterer to the public taste, and a courteous and obliging gentleman, while the clerk of the establishment, S. L. HOCKERT, Esq., (late of the Girard,) is universally conceded to be one of the best fellows in the world, and the very best landlord we ever knew. Try the St. Clair the first time you visit the city, and our word for it you will

'eall again.' DRY GOODS AND VARIETIES .- It will be seen, by his advertisement in another column, that the veteran merchant, D. GREGG Esq., has associated JOHN RICHARDSON, Esq., with him in the wholesale Dry Good and Notion business. The facilities of the firm for cheap buying are exceedingly good, and will enable them to retain their already large custom, and indefinitely extend their trade. Their stock, this season,

is the fullest the house has ever had, and is all the most fastideous buyers could wish it. Country merchants will save largely by laying in their supplies at this establishment. Our old friend, Jons Duswoody, Esq., is principal salesman in this house, and will contribute largely to its popularity by his frank and courteous bearing, and honorable dealing. May his shadow never grow less !

New Commission House .- Our young riends, J. T. Colvin and John N. Mason, late of Brownsville, have opened a Com-mission House at No. 6 Smithfield Street, and are prepared to receive consignments of Grain, Wool, Flour and Produce gener-

all their candidates by overwhelming ma- ally. Long acquaintance with both memjorities-their Marshal by a majority of bers of the firm enables us to speak in high terms of their business qual

THAT'S SO.

The Detroit (Michigan) Free Press, in publishing an abstract of the Tax Bill, calls its readers' attention to the attractive provisions of the measure, and says "no one need fear that they have been slighted. A careful investigation will show that the invitation is general, embracing every Minister to Spain during the Buchanan class and everybody, respectfully requesting them to walk up to the captain's office and settle.'

"Our Northern people have been dancing an anti-slavery jig, and now they must pay the fiddler. That is all there is of it. We fancy when the

time comes to fork over, they, or at least most of them, will inwardly conclude that they are paying 'too dear for the whistle." The great injustice of it all is, that those who have resisted political anti-slavery with all their power, who have a

thousand times warned the people of the inevitable result, must bear equal burthens with the incendiary aboli-

debt upon the country. If secessionists and abolitionists, political antislavery leaders and Southern conspirators could be made to pay the shot, it would be exactly right. But no, the innocent and the guilty have got to suffer alike. We will not grumble, however, if after all our dangers and trials, we shall have a country saved with a constitution unimpaired. Let no man, however. who has aided political anti-slavery try to cheat his conscience and deny his responsibility for these lamentable results. Every man of ordinary intelligence knows that if there had

been no warring by the people of the North upon Southern institutions. no political anti-slavery, this war would not have occurred. One millstone will not crush the grain; two are always necessary. So Southern conspirators never would have been able

to grind out the rebellion grist without the nether millstone of Northern anti-slavery to aid them. One was just as indispensable to the result as the other, and it will require a nico adjustment of the scales of justice to discriminate in favor of either, when the moral guilt of both parties shall be tested.'

THE NEW APPORTIONMENT BILL. Under the new Congressional Apportionment Bill, which passed the Legislature on Friday, Western Pennsylvania will be distributed thus: Seventeenth District - Cambria. Blair, Huntingdon and Mifflin coun-

ties; Eighteenth district-Erie, Warren, McKean, Forest, Elk, Cameron, Jefferson and Clearfield counties; Twentieth district-Crawford, Venango, Mercer and Clarion counties; Twenty-first district-Indiana, West-

Its fashion plates are ex- mer the Commander-in-Chief, on the field, in the hands of their enemies. And Beauregard, on the same day he telegraphed that he had won a victory, wrote to Gen. Grant, asking permission to bury his dead.

> A CURIOUS BEQUEST .- Dr. Reed, the philanthropist, lately deceased in England, has left a sum of money to form a fund, the interest of which is to be devoted forever to buying toys as Christmas gifts to the orphan children in an asylum at Wavstead.

GEN. PRESTON KILLED .- A dispatch has April 23, 1862. been received in Washington, stating that Gen. Win. Preston, a Confederate officer, MRS. C H. This darling project of the Abolionists, and one which they have been agitating for the last twenty years, has at length been adopted, having passed both Houses of Congress and received the Executive sanction. Various amendments to the bill were proposed while on its passage, and among others one submitting the scheme to a vote of the people of the District, but all were defeated, and the act, as originally reported by the Committee, adopted by the almost unanimous voice of the Republican members.

"The bill provides for the appointment of three Commissioners by the President who shall value each and every slave in the District, provided, however, that the entire sum so appraised and apportioned shall not exceed in the aggregate an amount equal to three hundred dollars for each person shown to have been so held.

The sixth section of the bill provides bounteously for the payment of the officers employed to execute the provisions of the bill out of the people's money, as follows : "That said Commissioners shall receive in compensation for their services the sum of TWO THOUSAND DOLLARS each, to be paid upon the filing of their report; that said clerk shall receive for his services the sum of TWO HUNDRED DOLLARS PER MONTH; that said marshal shall receive such fees as are allowed by law for similar services performed by him in the Circuit Court of the District of Columbia; that the Secretary of the Treasury shall cause all other reasonable expenses of said commission to be audited and allowed, and that said compensation. fees and expenses shall be paid from the treasury of the United States."

The last section makes a liberal appropriation of \$100,000 for the colonization of the country.

the negroes set free by this bill as follows "That the sum of \$100,000, out of any money in the treasury not otherwise ap propriated, shall be expended, under the direction of the President of the United States, to aid in the colonization and settlement of all persons liberated under this act, and such free people of African descent now residing in said District, as may desire to emigrate to the Republics of Hayti or Liberis, or such other country beyond the limits of the United States as the President may determine. Provided that the cost shall not exceed \$100 for each pe rson colonized.

We are assured that prior to the passage of this bill, the "agitation of the subject of emancipation in the District, so alarmed the slaveholders there that they sent every slave they had, who was worth anything, off to Maryland and Delaware ; so that by the time the time the act of manunission passed, slavery had dwindled down to tion at the Farmers' and Drovers' Bank .--about two thousand slaves--and these were, principally, old people and children. | Tobacco growing, would do well to call and The true course, therefore, for the "friends of freedom" to have pursued, was to have passed an act of gradual emancipation .---This course, however, was too moderate ; and the two thousand helpless beings made

They are familiar Monday-all their candidates being de- with prices and the state of the market, feated by an average majority of 100.

In Cincinnati, the Democracy elected one-half the city officers and a majority of the councilmen. In October last, the "Union" State ticket had one or two thousand majority.

The Democratic ticket was elected in Bordentown township on Tuesday by an average majority of 200.

All over the country the Democratic umn. fires burn brightly, and the Democratic hosts are marshalling for the overthrow of political Abolitionism and its kindred heresies and factions. Next autumn's elections will witness as well the re-establishment of order and the restoration of the Union as the unqualified condemnation of every form of fanaticism and every line of public policy which threatens

ABOLITIONISTS.

Twenty-three years ago, in his place in the Senate, Henry Clay portraved, as with the touch of a master and popular houses of the kind in the "city limner, the Abolitionists of that day. Then they were an insignificant fac-

tion; now they are a powerful party, but unchanged in feature, motive or

With them the rights of property are nothing; the deficiency of the

powers of the General Government is nothing; the acknowledged and incontestible powers of the States are nothing; civil war, a dissolution of the Union, and the overthrow of a Government in which are concentrated the fondest hopes of the civilized world, are nothing. A single idea has taken possession of their

minds, and onward they pursue it, overlooking all barriers, reckless and regardless of all consequences.

----ner A cotemporary makes a sensible suggestion. It is that Dr. Hopkins, the hero of the Knights of the Golden Circle practical joke, shall

proceed to the organization of a new eircle," to be called the Knights of

the Golden Ass, and that Senator Chandler, who, in the Senate, gave credence to the existence of the Golden Circle order in Michigan, and asserted that it had put a good many of its men into the army, "to his certain knowledge be forwith admitted.' As an ass he is unsurpassed.

REBEL GRAVES .- The number of graves found in the vicinity of Manassas are said to exceed three thousand. The rebels,

from estimates made, lost by disease at this famous encampment over five thousand men.

It is stated that Jefferson Davis, as commander-in-chief, has taken the command of the Confederate forces at Yorktown, instead of going westward, as was reported.

> More frauds in regard to blankets, clothing, and the charter of coal vessels are said to have turned up in Philadelphia.

AYEB'S SARSAPARILLA

I will attend to the duties of the above appointment at my office, in Waynesburg, on the 15th day of May next, at which time and place atl persons interested can attend, if they see proper. GEO. L. WYIX April 16, 1862. Auditor. Is a concentrated extract of Para Sars-sparilla, so combined with other substances of still greater al terative power as to allord an effective antiacte for levative power as to allord an effective antiacte for diseases Sarsaparilla is reputed to cure. This compound will derive the proven by experi-ment on many of the worst cases to be found in the following complaints :-Scrofula and Scrofulous complaints. Eruptions and Eruptive Discases, Ulcers, Pimples, Blotches, Tumors, Salt Rheum, Scald Head, Syphilis and Syphilitic Af-fections, Mercurial Discase, Dropsy, Neuralgia or The Doloreux, Debility, Dyspepsia and Indigestion, Erysipeles, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood. This compound will be found a great promoter of health, when taken in the spring, to expel the foul hu mors which fester in the blood at that season of the year. By the timety explaision of them many tanking disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the

disorders are nipped in the bud. Multitudes can, by the aid of this remedy, spare themselves from the endurance of toul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the body by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pinplew, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is telt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with the paha-tum of the disordered, there can be no lasting health. Sooner or later something must go wrong, and the great machimery of life is disordered or overthrown. I buring late years the public bave been misled by large bottles, pretending to give a quart of Extract of Sarsaparilla for once dollar. Most of these have been frauds upon the sick. for they not only contain little if any Sarsaparilla, but often no curative properties whatever. Hence, bitter and painful disappointment has followed the use of the various extracts of Sarsa-parilla which flood the market, until the name iself is justly despised, and has become synonomous with imposition and che t. Still we call this compound **Sarsaparilla**, and intend to supply such a remedy as shall rescue the name from the load of obloquy which reats upon it. And we think we bave ground for be-lieying it bas virtues which are irresistible by the ordi-nary run of the diseases it is intended to cure. Prepared by Dz. J. C. AVRE & CO., Lowell, Mass.
