AYER'S SARSAPARILLA

Is a concentrated extract of Para Sarsaparilla, so combined with other substances of still grenter at terative power as to afford an effective antidate for diseases Sarsaparilla is reputed to cure. Such a remedy is surely wanted by those who suffer from Strumous complaints, and that one which will accomplisher cure must prove of immense service to this large class of our afflicte it fillow-chizens. How completely this compound will do at has been proven by experiment on many of the worst cases to be found in the following complaints:

Serafula and Serofulous complaints. Eruptions and Eruptive Diseases, Ulcers, Pimples, Blotckes, Twiners, Salt Rheum, Scald Head, Syphilis and Syphilitic offections, Mercurial Disease, Dropsy, Neuralgia or T.c Doloreax, Debility, Dyspepsia and Indigestion, Erysipelas, Rose or St. Anthony's Fire, and indeed the whole class of complaints arising from Impurity of the Blood.

This compound will be found a great promoter of health, when taken in the spring, to expect he foul in mors which fester in the blood at that season of the year. By the timety expulsion of them many ranking disorders are nipped in the bud. Multitudes can, by the aid of this remety, spare themselves from the endurance of soul eruptions and ulcerous sores, through which the system will strive to rid itself of corruptions, if not assisted to do this through the natural channels of the hody by an alterative medicine. Cleanse out the vitiated blood whenever you find its impurities bursting through the skin in pimples, eruptions, or sores; cleanse it when you find it is obstructed and sluggish in the veins; cleanse it whenever it is foul, and your feelings will tell you when. Even where no particular disorder is relt, people enjoy better health, and live longer, for cleansing the blood. Keep the blood healthy, and all is well; but with the public more than the soft of these have been frauds upon the sick, for they not only contain little if any Sarsaparilla, but often no curative properties whatever
