COMMISSIONS.

The following Commissions for Justices of the Peace are now in my office, to wit:

Lewis Dowlin, Elias Scott, John P. Morris, Abraham Ammons, John Lantz, J. F. TEMPLE, Recorder.

THE REPUBLICAN PARTY.

The Pittsburgh Gazette, a mouth-piece of radical Abolition, red and black Republicanism, falsely and vauntingly asserts that the Republican party "is the saviour of the country." Like an incendiary who applies the torch to a building, and then labors to extinguish the flames kindled by his own crime and folly, it is not surprising that the mischievous fanatics who have done so much to bring about the war and its attendant evils should boast of their achievements. To the vigorous prosecution of the struggle, however, we do not object, (as the only means now left for the re-establishment of order and the restoration of the Union,) and will be the last to detract an iota of just praise from that portion of the Republican party which honestly aims and battles for the integrity of the government and the unity of the country. But for the miserable and traitorous fanatics who lend the struggle their aid and countenance with the sole expectation that it will sooner or later be converted into a crusade against negro slavery, we have no other feelings than those of hearty contempt. Such men deserve hatred rather than commendation. Upon them, and upon their wretched Secession coadjutors at the South, will devolve the terrible responsibilities of this war.—There is the laudable and glorious work of stirring up the sectional prejudices and animosities in which it originated. To them belongs the credit of refusing to entertain any and all projects for the peaceable adjustment of difficulties in themselves of easy solution if approached in a proper spirit. And theirs has been the constant effort to pervert the war from its important and patriotic objects to partisan and fanatical ends. They have done all they could to embarrass the Administration and defeat the national cause. If they had been in the pay and service of the rebels, they could have accomplished little more toward strengthening their hands and furnishing them with apologies for their attempt to break up the Union. The people rightly regard the "negro worshippers" as fully as dangerous in their spirit and teachings, and as inimical in their policy to the harmony and true interests of the country as the Secessionists, and they are determined to put them down; and they will do it in due season and do it effectually.

WENDELL PHILLIPS, the "great gun" of Abolitionism, and the "lion," just now, of the Pittsburgh Gazette and the New York Tribune, and other papers of the same ilk, reflects the "Union" sentiments of his fanatical associates in the following elegant extracts from one of his late harangues:—"I have labored nineteen years to take nineteen States out of the Union, and if I have spent any nineteen years to the satisfaction of my Puritan conscience, it is those nineteen years. The child of six generations of Puritans, I was taught at a mother's knee to love purity before peace. And when Daniel Webster taught me that the Union meant making white men hypocrites and black men slaves; that it meant lynch law in the Carolinas and mob law in Massachusetts; that it meant lies in the pulpit and gags in the Senate; when I was told that the cementing of the Union was returning slaves to their masters, in the name of the God I loved and had been taught to honor, I cursed the Constitution and the Union, and endeavored to break it, and thank God, it is broken!"

Again:—"I think to-day that unless this war result in liberty it would be better the Union had gone—initially better. Unless within twelve months or twenty-four Maryland is a free State, Delaware and half of Virginia, and we are enabled to look east and west of that marble Capitol on freedom, would to God that building, with the city of Washington, had been shelled last July, for it is nothing but a bribe, tending to keep the North quiet."

Such are the incendiary and treasonable expressions of the man whose speeches are being paraded in their columns with every sign and mark of approval, by the "Gazette" and Republican prints generally.—At the same time they prate lustily of their loyalty and have the effrontery to denounce as treasonable almost every utterance of prominent Democrat and Democratic journals. Their precept and practice have a very different look to our optics.

PENNSYLVANIA VALOR.

We are gratified at the uniform gallantry and good conduct of the Pennsylvania troops in every battle and skirmish in which they have been engaged since the commencement of the war. Detachments of our troops took part in the battles at Drainesville, Ball's Bluff, Newbern, Winchester and Shiloh, and performed prodigies of valor on those bloody fields. The "Old Keystone" may well feel proud of the unflinching courage of her sons, and their devotion to the national cause and the glorious "old flag."

THE NATIONAL TAX BILL.

Our neighbor of the Washington Review makes the following deserved strictures on the course of Republicans in Congress concerning the Tax Bill now pending:—

The procrastination manifested by the controlling party in Congress in regard to the tax bill is beginning to attract the attention of the country. The Republicans appear very timid about taking decisive steps in regard to this all important question. They will know as soon as the hoard of tax gatherers commence to swarm over the country the people will begin to wake to a full realization of their situation and to demand a strict investigation in regard to the systematic stealing that has been, and is still going on about Washington. The wily Republican politicians know very well that with the taxation that will be felt in every department of life, there must come political sequences not at all promising for their continuance in power. Hence they put off the "evil day," and evidently desire to postpone direct taxation, and hide from the people the startling picture of our national debt, until after the next election, and then have secured the House of Representatives by their tardiness of Congress, the people are making their own calculations and footing up the "bill of costs." Two million dollars per day amounts to seven hundred and thirty millions dollars per year: the interest on this at six per cent. amounts to forty three million eight hundred thousand. Hon. Thad Stevens, stated in a recent speech in Congress, that the national debt was already twelve hundred million dollars! In face of such figures as these, the House of Representatives have spent the past week in fixing the tax on a barrel of beer!

THE WAR TAX.

Some light minded genius travesties the complicated requirements of the proposed national tax law, as follows:—Snuff boxes are to pay a tax of \$1 per year. For every pinch of snuff given to a friend, 3 cents. For asking a friend to drink 35 cents. For playing billiards, 25 cents. License to kill woodcock, \$8 a year. Tax on moustaches, \$2 a month. To whiskers, other than those belonging to cats and dogs, \$3 a month. For blowing the nose in public streets, 75 cents. In country roads, 50 cents. License to shoot rabbits, \$1. To shoot marbles, \$1. If "China alibys" are used in the game, a further tax of 40 cents. To play euchre, \$1.50. If the two bowlers of trumps are held, a further tax of 50 cents. Hurdy-Gurdies are to pay a tax of \$1 a tune. Mocking birds, 75 cents. To sneeze in a public highway, 15 cents. If accompanied with unusual noise, 25 cents. License to peddle fire-wood, \$1 per month. License to beg cold victuals, one dollar and fifty cents. License to gather bones, \$2.

JUDICIAL.

Every person taking an affidavit shall be assessed 25 cents. Ordinal cursing and swearing to pay five cents an oath, and swearing to be measured by a cursometer to be furnished by the Secretary of the Treasury.

WAR CONTRACTS.

On the 17th of July, 1861, the Senate called upon Mr. Cameron for information respecting contracts, but received no answer. On the 14th of last January the Secretary was directed to answer the former resolution, but responded by saying that he had not sufficient clerical force.—He volunteered the assertion, however, that he had not made a single contract for any purpose whatever, believing it to be the duty of the heads of bureaus. Mr. Stanton, his successor, responded to a demand from the House for similar information, his reply containing the following paragraph:—"Contracts by order of the Secretary of War, from Feb. 12, 1861, to Feb. 1, 1862, one million eight hundred and thirty-six thousand and nine hundred muskets and rifles."

There is a broad contradiction of the former Secretary involved in this reply, which he should take the trouble to explain to his constituents.

THE COURT HOUSE.

The Court House roof and spouting are in bad condition, and should be immediately repaired. The building is too good, and cost tax-payers too much, to be allowed to go to ruin. Our present efficient Board of Commissioners should see to this matter at once. There is such a thing as being "penny wise and pound foolish," and we would be sorry to see it illustrated in the care taken of the public property.

P. S. Since writing the above, it will be seen that the Commissioners have issued proposals for making the repairs mentioned.

NEW SHOE STORE.

JOHN C. LIGHTCAP, late of Uniontown, and a clever and estimable gentleman and good citizen, has opened a new Boot and Shoe, and Hat and Cap Store in Sayre's Building, opposite the Messenger Publication Rooms. His goods have been bought on exceedingly favorable terms for cash, and will be sold at correspondingly low rates. The stock is full, well-selected and suited to the varied wants of the community. Dealing exclusively in Boots and Shoes, and buying in large quantities, Mr. Lightcap will be able to offer better inducements to buyers in the way of prices than ever before offered in Waynesburg.

A Shoe Store is a great public convenience, and should be well patronized.—We trust Mr. Lightcap will do a large and prosperous business.

CHEAP AS THE CHEAPEST.

R. CLARK, in the Hamilton House, is in receipt of a large and choice selection of reasonable Dry Goods, Notions, &c., which he will positively sell at exceedingly small profits for the ready cash. His assortment embraces a large lot of prime Groceries, and everything usually found in the best village stores. Try RICHARD'S Goods and prices.

Will some of our subscribers bring us some Coal on account? We will receive 3 or 4 hundred bushels in this way.

THE COLLEGE.

The Summer Session of this institution opened last week. The attendance is much larger than through the Winter, and is quite encouraging.

LIVERY.

Our young friend, Wm. G. W. Day, Esq., has re-opened his Livery Stables, and is prepared to accommodate the traveling and pleasuring public with "fast nags" and comfortable vehicles. "WILL" is "as good as he's pretty," indeed is altogether an excellent fellow, and will spare no pains to oblige a neighbor. In addition to all this, he trusts. This fact secures our custom. "No other bids will be received."

WHEN TO PLANT SORGHUM.

The Bucyrus (Ohio) Forum contains an article from the Rev. A. Myers of that place, in which he states that the experience of forty persons of his acquaintance demonstrates that early planting is not practicable. "Of all the experiments from the last of April until the 10th of May, not one matured; those from the 10th of May until the 20th were ripe, or nearly so; and all, without exception, from the 20th of May until the 1st of June, were perfectly matured, demonstrating, conclusively, that the latter part of May is the best time to plant." It is absolutely essential to success in making sugar, he says, that the sorghum should be fully matured, and as early planting is not safe, he thinks we must have some preparation to bring the seed up speedily. What that is, he professes to have discovered, and will announce in time for planting. We hope he will do so.

EMANCIPATION—THE COST.

Abolitionists, in Congress and out of it, talk very flippantly of emancipating all the Southern slaves, and paying the slaveholders for them. Let us look at the figures of such a proposition. There are four million of slaves. The bill now in Congress, which proposes to abolish slavery in the District of Columbia, fixes the price to be paid by the General Government at three hundred dollars per head. At that rate the emancipation of all the Southern slaves would cost twelve hundred million dollars, without including the cost of carrying out the plan, or of disposing of the free negroes after emancipation. This sum, according to the Constitution, would have to be apportioned among the States, according to the population. As the white population of the United States, according to the census of 1860, was about twenty-seven millions, and the population of Michigan three-fourths of a million, the share for the citizens of Michigan to pay on this speculation would be about \$33,333,333.—Detroit Free Press.

Pennsylvania's proportion of this "nigger trade," would be near three times the sum to be paid by Michigan, or over NINETY-TWO MILLIONS of dollars, which would exceed forty dollars for every man, woman and child in the State! If, when this purchased, the slaves are to be colonized, or sent to some distant country, they would have to be maintained, in part at least, by us; and this would involve an enormous annual expense. But if they are not to be colonized, they must be distributed over the Northern States, wherever the people of those States will permit. It is well known that they would not be tolerated in the West, and most of them would therefore be thrown upon the Middle and Eastern States. But supposing they are distributed over the North in proportion to the population, Pennsylvania's share of the four million negroes, would be over three hundred thousand!

Do the people of this State want to pay NINETY-TWO MILLIONS of dollars to free the slaves of the South, and then take three hundred thousand of them home to be supported mainly as paupers? If so, let them support Republicanism and they will probably be gratified in this.—Lancaster Intelligencer.

WHO SHOULD PAY.

The N. Y. Tribune says:—"Those who are so much disturbed at the prospect of heavy taxation, ought, to be consistent, to go in for making the rebels pay the cost of the war, which they have causelessly and incexcusably forced upon the country."

We go in most heartily for the proposition of making those who have caused the war, pay the cost. Under that rule, truly says the Detroit Free Press, the N. Y. Tribune would have to pay not less than one hundred millions of dollars. That is the smallest possible computation which any candid, intelligent and fair-minded man, under the above rule, could apportion as its share.

ANOTHER DARK LANTERN PARTY.

We learn from the Harrisburg Patriot & Union, that a Dark Lantern party is being organized by the opposition throughout the State, for political effect during the approaching election. This society first originated in Luzerne county, and the regulations and Constitution of the unrighteous league were published at the office of the Harrisburg Telegraph. We caution our readers not to be entrapped by any of the traveling minions of this disgraceful association, who, we understand, are bound together by extra judicial oaths, grips, pass words, &c.—Butler Herald.

"KNIGHTS OF THE GOLDEN OIRCLE."

The Harrisburg Patriot has at length discovered the existence and personnel of this mysterious order. It says:—"It appears that this Golden circle is composed of a gang of plunderers who have been engaged in robbing the Treasury since the advent of the present administration. In the course of a single year they have succeeded in abstracting funds to the amount of over sixty millions of dollars, as much as the ordinary annual expenses of the Government during the last administration. Hence they are called, 'Knights of the Golden Circle.' A number of members have been initiated into this treasonable order from this part of the State."

The Brownsville Times reaches us this week in an elegant new dress. We congratulate our contemporary on this evidence of prosperity.

CELEBRATION.

We understand that D. D. G. M. Porter has issued a dispensation to the H. M. Phillips Lodge, No. 337, at Monongahela City, Washington county, to have a public celebration on the approaching St. John, the Baptist's Day, June 24th. We predict for our neighbors a big day.

AN INCIDENT.

About a year ago this Spring, a man in Hollidaysburg wrote a letter to the late Col. MURRAY, threatening to mob him if he did not "come out" on the war question.—Since then the brave and patriotic MURRAY has raised a regiment, and fell at its head, while gallantly leading his men into battle, while the individual who wrote the letter, has figured conspicuously among the dishonest beef contractors and government swindlers. It is scarcely necessary to add that the lamented Col. was a Democrat, and the contractor is an abolitionist.

DECELIATION.

Mrs. Jones & Jennings: You will do me the kindness of permitting me, through the columns of your paper, to address a few words to the Democrats of the County, and acquaint them with the conclusion at which I have arrived. I but recently announced myself as a candidate for Commissioner, and the near approach of the election will prevent me from canvassing the county at large; in addition to this, other duties and responsibilities demand my attention at this time. With these considerations, I have, therefore, thought it proper to acquaint you with my determination to decline being a candidate at the present time. I shall take this occasion to return my thanks to my Democratic friends for the anxiety they manifested in my behalf.

Yours, very respectfully, RUSSELL ARMSTRONG.

PENNSYLVANIA GALLANTRY COMPLEMENTED.

Assistant Adjutant General Wright has issued an order thanking those members of the "Anderson Body Guard" who fought at Shiloh for the courage and coolness displayed during the contest. The Adjutant, in his order directed to the Captain of the troop, says: "I am directed by Major Gen. Buell, commanding the army of the Ohio, to call your attention to the good conduct of the men of your company who accompanied him in the late action on the field of Shiloh. Their names are Norman M. Smith, John A. Stevenson, J. Randolph Hewitt and Valentine B. Hummel. They were all under fire, and performed their duty with the coolness of veterans. I would add that the conduct of privates Smith and Hewitt came particularly under my own observation, and the gallant manner in which, during the hottest of the fight, they rallied scattered parties of men, and led them back to their regiments, is deserving of the highest commendation." The "Anderson Body Guard," our readers will recollect, was made up wholly of Pennsylvanians, and has some few men in it from this city. Of the parties referred to in Adjutant Wright's order, Smith is from Philadelphia, Hewitt from Greene county, Hummel from Dauphin county, and Stevenson from Westmoreland.—Pitts. Chron.

YORKTOWN EVACUATED.

The news of the evacuation of Yorktown by the Rebels, is of the most gratifying and startling character. Gen. McClellan appears to have taken advantage of this unexpected movement and pursued the enemy in force. The loss of artillery, ammunition and camp equipage must tell terribly upon the enemy. Where they can ever make a stand, or what they mean to do, is to us incomprehensible.—Pittsburg Post.

MINISTERS WANTED.—The Secretary of the Society for the Increase of the Ministry of the Protestant Episcopal Church makes public the fact that there are now no fewer than five hundred parishes, in the Northern States alone, which are vacant at present.

Our Consul at Geneva writes that during the six months he has been there he has received no less than a thousand applications to enter our army from Italian soldiers who wish for Liberty in America.

HOMICIDE.—A few days ago, Mr. Sam'l Sloan, a prominent merchant of Cape Girardeau, Mo., was shot and instantly killed in that place by a lady, wife of a Lieutenant in an Iowa company.
