There is no doubt they must take things as they meet them—and they have great opposition to contend with; but accretan is, at this moment at the voltage work his heart loves, and which will sell forth all all kinds of that of entrenching, engineering and try, made of the best materials, and by the best workbesieging. And in regard to General Halleck, he will do his work like a soldier. There can be no fear of Waynesburg, January 24, 1860—19. these two able soldiers doing any base or disloyal act. They are honest to the core, and will never betray their country."

The result of the interview we have not ascertained, but it is very probable that matters were represented in their true light to the visiting Minister respecting the war, its causes and policy.-Dr. Lemoine is an enthusiastic sympathiser with the South, and is looked up to by those whose sentiments he speaks, with confidence and veneration.

Sworn statement of David M'Creary, of Napier tp., Bedford county:

In April, 1856, as near as I can remember, a small pimple made his appearance on my upper his, which soon became enlarged and sore. I used poulices of sorrei, and a wash of blue vitriol, without effect.—Finding the sore extending, I called on Dr. Ely, of Schellsburg, who pronounced it CANCER, and prescribed a wash of singar of lead and bread poultices. Finding these remedies of no avail, I called upon Dr. Shaffer, of Davidsville, Somerset county, who also pronounced the disease Cancer, and gave me internal and external remedies—the latter consisting principally of caustic; but all to no purpose as the disease continued spreading toward the nose. I next used a preparation of arsenic, in the form of salve. This for a time checked the disease, but the inflamation soon inforeased. I called upon Dr. Statler, of St. Clairsville, Bedford county, who also pronounced the disease cancer, and applied a salve said to be a never failing remedy, but it had no effect whatever in checking the spread of the sore. In December in the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati where I consulted Prof R. S. Newton, of the Eclectic Medical College. He pronounced the disease "a cutanous Cancer, superinduced by an inordinate use of mercury." He applied mild zinc ointment, and gave me internal remedies. My face healed up, but the inflammation was not thoroughly removed. In February, 1857, he pronounced me cured, and I left for home. In April the disease again returned, and so violent was the pain that I couid not rest at night. Late in May I returned to Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained unit september, during which time he used every known remedy, and partly succeeded in checking the disease, but when I returned home there were still three discharging ulcers upon my face. I continued using Newton's preparations, and also medicine that I g

A BAD SORE LEG CURED.—Pittsburgh, September 18, 1861—I hereby certify that I have had a sore leg for over a year. It was covered with ulcers and sores so that I could not work for nearly a year. My leg swelled so that I was unable to be anything for a long time, for at least six months. I tried several of the best doctors in the city, but without any benefit; finally I called on Dr. Keyser, at No. 140 Wood street, who only attended me about two weeks, and gave me bu two bottles of medicine, and I am entirely well, and have continued well for six months. I am employed at the Eagle Engine House on Fourth street, where any one can see me.

READ THIS CURE.—I was afflicted with a horrid disease in my feet and ankles, so much so that for six weeks I was confined to my bed, and at other times to my ckair, where I was compelled to sit for weeks. I was in the care of both our eminent physicians for a long time, but they could do nothing to effect a cure or ease my pain. My teet and legs became very much swollen, and having heard of your Blood Searchef (although I had very little faith in ii), I was induced by Messrs. Alexander & Son, agents at this place, to try it. I had not used one bottle before I began to find immediate retief. I tried another, and am now able to walk about without crutches. I have tried other patent medicines, but received no benefit. I take pleasure in recommending your Blood Searcher above all others, to those who may be afficted as I Lave been. Yours, trily,
