THE FUGITIVE SLAVE LAW. About one hundred slaveholders from Prince George's county, Maryland, waited upon the President on Monday, and through a committee, consisting of Messrs. Crisfield, Webster, Calvert, and Boyne, complained concerning the non-enforcement of the fugitive slave law in the district, and of the hindrances alleged to About one hundred slaveholders and of the hindrances alleged to have been thrown in their way by Gen. Wadsworth, who, it seems, does not show much alacrity in aiding its execution, residing wholly, except which will be sold as low as they can be had at any othwhen the claimants prove themselves loyal citizens, and on that point taking the evidence of the slaves .-Under these disabilities these slaveholders complain that out of 800 or 1,000 who have escaped from their MARBLE AND STONE WORKS. county into the District, but ten or twelve have been recovered. The President, in reply, assured them that he had entire confidence in Gen.
Wadsworth's ability and intention to large and extensive assortment of fine do right, but would take their repre-centations into consideration, and see that no injustice was done. The fugitives are, as we are informed, emigrating from the District in considerable numbers. Some take passage on vessels bound down the Potomac; and some, strange to say, seek freedom

Sworn statement of David M'Creary, of Napies 12.

Bedford county:

In April, 1856, as near as I can remember, a small pimple made its appearance on my upper lip, which soon became enlarged and sore. I used poultices of sorrel, and a wash of blue vitriol, without effect.—Finding the sore extending, I called on Dr. Ely, of Schellsburg, who pronounced it CANCER, and prescribed a wash of sugar of lead and bread poultices. Finding these remedies of no avail, I called upon Dr. Shaffer, of Davidsville, Somerset county, who also pronounced the disease Cancer, and gave me internal and external remedies—the latter consisting principally of caustic; but all to no purpose as the disease continued spreading toward the nose. I next used a preparation of arsenic, in the form of salve. This for a time checked the disease, but the inflamation soon inferences and applied a salve said to be a never failing remedy, but it had no effect whatever in checking the spread of the sore. In December in the same year, the disease had eaten away a greater part of my upper lip, and had attacked the nose, when I went to Cincinnati where I consulted Prof R. S. Newton, of the Eclectic Medical College. He pronounced the disease "a cataneous Cancer, superinduced by an inordinate use of mercury." He applied mild zinc ointment, and gave me internal remedies. My face healed up, but the inflammation was not thoroughly removed. In February, 1857, he pronounced me cured, and I left for home. In April the disease again returned, and so violent was the pain that I could not rest at night. Late in May I returned to Cincinnati, and again placed myself under the charge of Dr. Newton, with whom I remained under the charge of Dr. Newton, with whom I reminded under the charge of Dr. Newton, with whom I reminded under the charge of Dr. Newton, with whom I reminded under the charge of Dr. Newton, with whom I reminded under the charge of Dr. Newton, with whom I reminded under the charge of Dr. Newton, with whom I reminded under the charge of Dr. Newton, with whom

CIANGER CURED.—A letter from England, Mr. JOHN POPE, of Blaenoyon, near Pontypool, Monmouthshire, England, writes as follows:

BLARNOVOX, Aug. 1861.

BIR:—An old woman in this place has wished me to write you respecting LINDSEY'S BLOOD SEARCH-ER, from which she found great benefit and wishes to have a little more. She has been suffering from a disease of a cutaneous nature for the last six or seven years. Her daughter, who is living in America, obtained it for her, and sent her eighteen bottles. She is now quice out of it, and I have written to her daughter twice and have received no answer; of course she is auxious to get more, to get completely cured. I told her I would write to you for the agency in this country, and she felt very much pleased to hear me say so. I now beg to ask you on what terms you will supply met you will please bear in mind the carriage, and supply me as cheap as possible. The carriage on the one dozed bottles was £1 &6 d. The medicine was a present from her daughter. I would like to have the Blood Searcher in a jar or small cask, if you can send it in that way, or in pint or quart bottles. I will send a bill through bank or registered letter, which ever will be most convenient to you, if you will send me carrier's receipt by the parcel as security. I would send you a stamp is answer thia, but as it is uncertain of this reaching you, on account of the country being in sixes and sevens, a term which is commonly used, you will be kind enough and charge me with the postage. Yours, respectfully [Signed.]

We have seen the letter which is published in the day's Dispatch, from John Pope, and believe it is gen in the part of BLARNOVON, Aug. 1861.

A BAD SORE LEO CURED.—Pittsburgk, September 18, 1861—I hereby certify that I have had a sore leg for over a year. It was covered with ulcers and sores so that I could not work for nearly a year. My leg swelled so that I was unable to do anything for a long time, for at least six months. I tried several of the best doctors in the city, but without any benefit; finally I called on Dr. Keyser, at No. 140 Wood street who only stended me about two weeks, and gave me bu tiwo bottes of medicine, and I am entirely well, and have continued well for six months. I am employed at the Eagle Engine House on Fourth street, where any one can see me.
