"that not less than twenty thousand,

snuff lodged him prematurely in the grave."

Bocarm, of Belgium, was murdered in two minutes and a half by a little nictine, or alkali of tobacco.

Dr. Twitchell believed that sudden deaths and tobacco, among men, were usually found together, and he sustained this opinion by an array of facts altogether conclusive.

Three young men formed a smo-king club, and they all died within two years of the time they formed it. The doctor was asked what they died of. 'He said they were smoked to death.

A youth of sixteen fell dead, with a cigar in his mouth, in a dram-shop. What caused his death? The coroner's inquest said : "It was a mys-terious act of God." The minister, at the funeral, consoled the friends by saying much the same thing.-Physicians said it was "heart disease," and nothing about the cause of the disease. A sensible woman, knowing the boy's habits, said, "Tobacco killed him." It deranged the action of the heart; it ceased to beat, and 'the victim fell!

COST OF PRACTICING INIQUITY. A single gambling house in London cost \$50,000, and its receipts were as enormous. The money lost in London alone, by the various modes of gambling, annually amounts to thirty-five millions. At Crockford's, a noted resort for gamblers, five millions were lost and won in one night .---'An English nobleman gives fifteen hundred dollars for a box at the opera .-'An Italian singer receives an annual sala ry of seventy thousand dollars. This would sustain forty-six missionaries among the heathen. In one year London wasted on one of its twenty-two theaters sufficient to supply one hundred evangelists to the world. Great Britain expends annually on ardent spirits and tobacco about one hundred and twenty-five millions-enough to sustain sixty thousand mission families for a ruined world. In war what enormous sums are expended. Four of the prime powers of Europe maintain two millions in arms, at an annual expenditure of many millions. There is no end to what the world expends to gratify the evil passions of our nature, while to spread the gospel and shed over earth the blessings of life, how scanty the measure! Millions for evil, cents for righteousness. Ah ! how far removed is the day of millennial glory, and how dim as yet the dawn of the brightness whose radiance is yet to kindle on every hill and valley of this sin-darkened world .- Home and For. Record.

A college of physicians has said that not less than twenty thousand, in our and, annually die by the use of this poison.
