pendence has just passed between the Governors of the loyal States and President Lincoln :- To THE PRESI-DENT-The undersigned, Governors of States of the Union, impressed with the belief that the citizens of the States which they respectively represent, are of one accord in the hearty desire that the recent success of the Federal arms may be followed by measures which must ensure the speedy restoration of the Union, and believing that in view of the present military movements in progress, and the reduced condition of our effective forces in the field, resulting from the usual and unavoidable casualties of the service, that the time has arrived for prompt and vigorous measures to be adopted by the people in support of the great interests committed to your charge by them, we respectfully request, if it meets with your entire approbation, that you at once call upon your several States for such men as may be required to fill up military organizations now in the field, and add to the armsheretofore organized such additional number of men as may in your judgment be necessary to guard and hold all numerous cities and military positions that have been captured by our army, and to speedily crush the rebellion that still exists in several of the is the Southern States, thus practically Dress Goods, restoring to the civilized world our great and good Government. We believe that the decisive movement is near at hand, and to that end the people of the United States are desirous to aid promptly in furnishing all reinforcements that you deem needful to sustain our Government. EXECUTIVE MANSION, WASHINGTON, July 1st, 1862.—Gentlemen: Fully concurring in the wisdom of the views expressed to me in so patriotic a manner by you in the communication of the 28th ult., I have decided to call into the service an additional force of 300,000 men. I suggest and recommend that the troops should be chiefly of infantry. The quota of your States would be ---I trust that they may be enrolled without delay, so as to bring this unnecessary and civil war to a speedy tory conclusion. STUNG BY A SCORPION.—A letter from Tuscumbia valley to the Philadelphia Press says :- "A new order of reptile has made its apperance in this section of the country, called a scorpion. Ten rattlesnakes, and upwards of a hundred scorpions, have been killed in the two divisions already. Colonel Stambaugh lost a man from his brigade, he having been stung by a scorpion.'

The Detroit Tribune says that a citizen of that place went down into a man hole in one of the streets after his dog, and was horror-stricken to find a female beastly intoxicated and nearly naked, with an infant lying on some straw. The little babe was horribly mangled, the lower part of its legs, from its knee down, and half its back, having been gnawed off to the bone by rats. The child died in a short time.
