"Lord, I believe; help thou mine unbelief." Philosophical Argument, especially

that drawn from the vastness of the Universe, in comparison with the apparent insignificance of this globe, has sometimes shaken my reason for the faith PIANO FORTES OF ALL SIZES AND which is in me; but my heart has always assured and reassured me that the gospel INSULATED IRON RIM AND FRAME of Jesus Christ must be a Divine Reality. The Sermon on the Mount

cannot be a merely human produstion. This belief enters into the very depth of my consciousness. The whole history of man

proves it. DANIEL WRESTER.

The Printing Business. The late census returns of manufacturing establishments in New York, reveal the astonishing fact that more capital is employed in carrying on the printing trade than in any other business, the amount being over eight and a half millions !-Over six thousand persons are employed in printing and the various establishments use up about \$5,000 worth of raw material, ink, paper, &c., per annum, producing over \$11,-000,000 worth of books, papers, &c.

"Charles," one day asked a devoted Christian mother of her little boy, "do you want to go to heaven?" With much thoughtful solemnity and modest delibera-'tion, he answered, "No, mother!" She of course, was not a little surprised; and after assuring herself that she had not misunderstood him, she asked his reasons. "Why do you not want to go to heaven?" The little fellow, his breast heaving with emotion, and eyes filling with tears, replied, "I have been such a wicked boy that I am afraid to see God!"

STEMWAY: & SONS' PREMIUM PLANCS.

THE SEST PIANOS IN THE WORLD.

WARRANTED FOR FIVE YEARS.

WE would respectfully direct the attention of citizens of Wagnesburg and vicinity to the vast and universally admitted specificity of the Pianos made by STEINWAY & SONS, New York.

The tone of these instruments more nearly resembles the "human voice" in the prolonged and singing qualities of their sound; and they combine in a wonderful degree POWER and SWERTWESS. Both for britiant instrumental performance, and as an accompaniment to vocal music, they are altogether univalled.

We Challenge Comparison, and we Warrant there apperfor in every respect to anything else in the shape of a Piano Forte.

THALBERG, one of the most eminent planists in the world, says: "I have great pleasure in certifying that I have tried your Pianos, and find them equal, if not superior, to any in this country. Among their great qualities, which distinguish them, is the evenness of tone, the agreeable and easy touch, and volume of tone. Wishing you all the success you so highly deserve, I am, sir, yours truly.

S. THALBERG."

C. GRODE, the well known composer, Wilmington, Delaware, says that "they cannot be surpassed by any in the market."

A Lecture on the Nature, Treatment and Radica Cure of Spermatorthesa or Seminal Weakness, In voluntary Emissions, Sexuel Debility, and Impediments to Marriage generally; Nervousness, Concumption, Spilepsy and Fits; Mental and Physical Incapatity, resulting from Self Abuse, &c.—By ROBT. J. CULVERWELL, M. D., Author of the Green Book,

The world-renowned author, in this admirable Lecture, clearly proves from his own experience that the awful consequence of Self-abuse may be effectually removed without medicine, and without dangerous surgical operations, bougies, instruments, ritgs, or cordials, pointing out a mode of cure at once certain and effectual, by which every sufferer, no matter what his condition may be, may cure himself-cheaply, privately, and radically. This lecture will prove boon to thousands and thousands.
