Now stopping here, and then afar off straying,

As flower or butterfly his feet beguiled. Twas changed,—one summer's day 1; with himself, in the Clothing business. This is the stepped aside,

To let him pass. His face had manhood's seeming:

And that full eye of blue was fondly beaming

On a fair maiden, whom he called "his bride!" Once more,-'twas evening, and the cheer-

ful fire I saw a group of youthful forms surrounding;

And in the midst I marked the smiling sire.-The heavens were clouded! and I heard

the tone Of a slow moving bell,—the white haired man was gone!

CHANCES OF WAR. General Rosecrans, in his report of the battle of Murfreesboro, estimates that 20,000 rounds of artillery fired by the Unionists, 728 hit the enemy, and of 2,000,000 rounds of musketry, 13,862 were effectual.-This would show that twenty-seven cannon shots, or one hundred and fifty-five muskets shots. were required to hit one man. Averaging the latter at one ounce each, the weight of metal required in bringing down an enemy would be nine pounds, while of the former it would require about 225 pounds, or one and

a half the weight of the human body. As, however, the proportion killed or dying from wounds would be only about one-fourth of the numbers put hors du combat, the figures given above must be increased to the same degree. It will readily be seen how much more destruction is dealt by the musket than the loud-mouthed cannon, when firing either round shot or shell.

A ROMANTIC SOLDIER.

A Romance in real life-affording foundation enough for a first class yellow-covered novel -came to the notice of the New York police Friday atternoon. Charles Noll, a young man about 21 years of age, (a soldier in the army,) recently came home on a furlough, but overstaying his time, he was afraid to go back lest he should be shot as a deserter; he therefore proposed to his betrohed, a young girl named Wilhelmina Stuben, as the best means of escaping apprehension that he should commit suicide by taking poison. He accordingly purchased a quantity of landanum, and atter administering some to the girl, who insisted on taking it, took a dose himself. They both then laid down to die A neighbor entering the room found Noll dead, and the girl insensible. The life of the latter, however, is now out of dan-

PITEOUS STORY.

The Boston papers tell a piteous GEO. A. PRINCE & CO., Buffalo, N. Y. story of Mrs. Tuckerman, formerly one of the most brilliant ladies in Boston society. Her husband swin-as its Treasurer, and is now serving JAMES BELLAK... out an eighteen years' term in the A. COUSE, Connecticut State Prison, for robbing BALMER & WEBER the mails. His wife clung to him through all his disgrace, but finally, it is said that, losing hope and friends, she took to strong drink, and the last scene was in the Police Court, where she stood a wreck of her former self.

The head of the great Russian despotism has sent a commissioner of peace to the Poland insurgents, proposing an armistice, to be followed by governmental reform, which however the Poles have declined.

NOTICE TO SCHOOL DIREC-TORS OF GREENE COUNTY.

To THE ECHOOL DIRECTORS OF GREENE COUNTY: To THE SCHOOL DIRECTORS OF GRENE COUNTY:

GENTLEMEN:—In pursuance of the 43d section of the Act of th May, 1854, you are hereby notified to used in convention, at the Court House in Waynesburg on the first Monday of May. OUR LATEST IMPROVEMENT:

PRINCE & CO.'S GRADUATED SWELL

Patented September 17th, 1861.

This is an entire new idea, and its want has been noticed by all acqualated with Reed Lastruments. The old Swell could never be made to operate gradually; the instant the pedal was touched for opening it is the change would be instantaneous and alwupt.

Our NEW SWELL is constructed on scientific principles, and we are astisfied, by our unstring study and experiments, that it is the only one by which the tone of Reed Instruments may be graduated from a mere whisper to the full power of the instrument, and vice versa. The wolkame of tone is also very much increased by this swell, and is now all that we could design.

one by which the tone of Roed Instruments may be graduated from a mere whitsper to the full power of the instrument, and vice versa. The volume of tone is also very much increased by this swell, and is now all that we could desire.

This, in connection with our DIVIDED SWELL, [which we patented in 1855, [will be added to all the Melodeous which we manufacture in the future, and without extra charge.

One other feature in our Melodeous is the IMPROVED VALVE OR PALLET, being a combination of cloth and leather, prepared expressly for the purpose. This valve we have used for the past three years, and we find it to be the very thing that has been so long needed as a substitute for the fedia Rubber Valve, which has been in mes ever since Melodeous have been manufactured, and which has caused so much trouble by the dissolving and sticking of the India Stubber. All of our instruments are now finished with this improved yaive, and we can recommend them with confidence.

Persons unacquainted with the Melodeou and its history, will bear in mind that we are the ploneers and leading manufacturers, not only in the United States, but in the yorld. We commenced the manufacture of Melodeous in the fall of the year 1847, and since that time have finished and sold.

TWENTY SEVEN THOUSAND!

These lustruments are now in the nostly in the Dubbe States and Canada, but also in Europe. Asia, Airica, States Assesses, and the West Indies, and from all these quarters we have the most flattering testimonials of the high estimation in which they are beld. At all Industrial Exhibitions they have invariably tens.

AWARDED THE HIGHEST PREMIUM

whenever exhibited in competition with others. We shall take pleasure in forwarding by mall lat our own expense) our limitation of calculations, in which every instrument we manufacture is fully described and illustrated by elegant engravings.

The state of the competition of the state of canada, are writtened to be perfect in every respect, and should any repairs be mecassary before expiration of five years from the date of male, we had considered ready and willing to make the same free of charge new ready and willing to make the same free of charge new ready and the state of the significant of the same free of charge new ready and willing to make the same free of charge new ready and willing to make the same free of charge new ready.

MOW OUR MANUFACTORY IS COMMICTED.

As we are the pioneers and leading transfactures of Melodeous in the world, we have, of course, the disputage of age; rising the service of the best mechanics in the businest, and very issue of our works of the best mechanics in the businest, and very issue of our works of have been with us since we commencing the magnifictures of Melodeons. We estiploy none but the most thorough another than the state of the establishment. In the state of the

In every department.

Our REED DEPARTMENT—Nucle of the good quality of the Melodeon depends on having perfect Reeds. It is necessity to have the most perfect massishery to each, burn, stomp, plane, Ac., 2c., as well as to use the utmost care in selecting stacks, and using prop. Transportions for the composition of reed medal.

The superinteredant of this department has been with us since vermemement of this bisiness, and, being a practical workman, has originated, improved and perfected all the machinery for making our reeds, and there are no duplicates at many other manifectory.

From the fact that our reeds are celebrated for their aniformity, evenuess and sweetness of tone, we very often receive orders for them, or solicitations from manufacturers to supply them with what they acquire; but as we never sell may part of our Instrument separate, we always decline to fell such orders.

In case the owners of our Medodecris should at may time be so unfortunate as to break a reed, they can, by informing us which it is, receive by return until a new one propenly trined, and ready to put in, free of charm.

"THE AGE." A National Democratic Newspaper to be Great Bargains in Dry Goods

Published Daily and Weekly in the City of Philadelphia, Penna., BY A. J. GLOSSBRENNER, & CO., A. J. GLOSSBRENNER, FRANCIS J. GRUND. WILLIAM H. WELSH INIE AGE will advocate the principles and policy of

THE AGE will advocate the principles and policy of the Democratic party, and will, therefore, necessarily favor the restoration of the Union as it was, and defend the Constitution of the United States, and that of this Commonwealth.

It will freely and fairly discuss all legitimate subjects of newspaper comment, including, of course, and preminently at this time, all questions connected with the existing unhappy condition of our country.

It will fearlessly criticise the public acts of public servants, and defend the legal and constitutional rights of individual citizens and sovereign states, against assults from any quarter. of individual citizens and sovereign states, against assaults from any quarter.

It will seek to awaken the minds of the people to a
proper sense of the actual condition of the Republicto present to them, truthfully, the fearful perils in
which we stand as a nation—to exhibit the magnitude
of the task that is before them, if they would check our
downward progress—and to inspire them with patriout determination to apply the remedy for our national ills.

In brief, it will, in all things, aim to be the faithful
exponent of Democratic principles, and to render it-

exponent of Democratic principles, and to render itself worthy to be an organ of the Democratic party, under whose auspices our country prospered so long and so well. The restoration of that party—the party of the Constitution and the Union—to power in the legislative and executive governmental branches of the States and of the Union, we believe to be necessary to avert anarchy, and the utter ruin of the Republic. To contribute to that restoration will be our high-

ic. To contribute to that restoration will be our highest aim.

The News, Literary, Commercial, and other departments, will receive due attention, and will be so conducted as to make "The Age" worthy of the support
of the general reader.

— The many difficulties now surrounding an enterprise of the magnitude of that in which the undersigned are engaged, require them to appeal to the public for a generous support, and to ask for "The Age"
a liberal patronage and extended circulation.
The present state of the preparatory arrangements
warrant the expectation, that the first number of the

STEINWAY & SONS LEGINER PLANTED

WARRANTED FOR FIVE YEARS.

W E would respectfully direct the attention of citizens of Wagnesburg and vicinity to the vart and universally admitted superiority of the Pianos made by STEINWALE SOAS, New York. The tone of these instruments more nearly resembles the "human voice" in the prolonged and singing qual-ities of their round; and they combine in a wonderfu-degree POWER and SWEETNESS. Both for bril-

H. KLEBER & BRO. No. 53 Fifth Street, Pittsburgh, Pa.,

I'ME above Pianos from their Factory possess all the superior and latest improvements, including the AGRAFFE TREBLE. Overstrung, Improved Full Iron Frame, Felt Covered Overstrung. Improved Full Iron Frame. Felt Covered Hammers, &c.

Thalberg, one of the most emiment pianists in the world, says: "I have great plensure in certifying that I have tried your Pianos, and find them equal, if not superior, to any in this country. Among their great qualities, which distinguish them, is the evenness of tone, the agreeable and essy touch, and volume of tone. Wishing you all the success you so highly deserve, I am, sir, yours truly.

C. Grobe, the well known composer, Wilmington, Delaware, says that "they cannot be surpassed by any in the market."

If. Viet ytempts writes:—"I was delighted on hearing the clear and full who of one of your first class Pianos."

Awarded the First Premium at the UNITED STATES FAIR.

M. O.R.E. THAN

We offer to the public WHEELER & WILSON'S

AT

REDUCED PRICES! with increased confidence of its merits as the best and most useful Famity Sewing Machine now in use. It does equally well on the thickest and thinnest fabrics, makes the lockstich indpossible to unrayet, with the essential advantage of being alike on both sides, forming no ridge or chain on the under side—is simple inconstruction more speedy in movement, and more durable than any other machine.

We give full instructions to enable the purchaser to sew ordinary seams, stirch, hem, fell, quilt, gather, bind and tuck, all on the same machine, and warrant it for three years.

Circulars containing testimonials from ladies of the higuest standing. East and West, giving prices, &c., will be furnished grafts on application in person or by letter.
