This is an entire new idea, and its want has been noticed by all acquainted with Reed Instruments. The old Swellcould never be made to operate gradually: the instant the pedal was touched to opening it, the change would be instantaneous and abrupt.

Our NEW SWELL is constructed on scientific principles, and we are satisfied, by our uniting study and experiments, that it is the only one by which the tone of Reed Instruments may be graduated from a mere whisper to the tull power of the instrument, and vice versa. The volume of tone is also very much increased by this swell, and is now all that we could desire.

This, in connection with our DIVIDED SWELL, (which we patometel in 1833,) will be added to all the Melodeons which we manufacture in the future, and without extra charge. Jacksonville, on Wednesday and Thursday, July 1st and 2d, 1863.

One other feature in our Melodeons is the IMPROVED VALVE OR PALLET, being a combination of cloth and leather, prepared expressly for the purpose. This valve we have used for the past three years, and we find it to be the very thing that has been so long moeded as a substitute for the Judia Rubber Valve, which has been in use ever since Melodeons have been manufactured, and which has caused so much trouble by the dissolving and sticking of the Judia Rubber. All of our instruments are now finished with this improved valve, and we can recommend them with confidence.

Persons unacquainted with the Melodeon and its history, will been in mind that we are the pioneers and leading manufacturers, not only in the United States, but in the world. We commenced the manufacture of Melodeons in the fall of the year 1847, and since that time have finished and sold

"THE AGE."

A National Democratic Newspaper to be Published Daily and Weekly in the City of Philadelphia, Penna., BY A. J. GLOSSBRENNER, & CO., . J. GLOSSBRENNER, FRANCIS J. GRUND. WILLIAM H. WELSH.

PROSPECTUS

WILLIAM H. WELSH.

THE AGE will advocate the principles and policy of the Democratic party, and will, therefore, necessarily favor the restoration of the Union as it was, and defend the Constitution of the United States, and that of this Commonwealth.

It will freely and fairly discuss all legitimate subjects of newspaper comment, including, of course, and preeminently at this time, all questions connected with the existing unhappy condition of our country.

It will fearlessly criticise the public acts of public servants, and defend the legal and constitutional rights of individual citizens and sovereign states, against asseaths from any quarter.

It will seek to awaken the minds of the people to a proper sense of the actual condition of the Republic—to present to them, truthfully, the fearful perils in which we stand as a nation—to exhibit the magnitude of the task that is before them, if they would check our downward progress—and to inspire them with patriotic determination to apply the remedy for our national ills.

In brief, it will, in all things, aim to be the faithful

responent of Democratic principles, and to reader itself worthy to be an organ of the Democratic party, under whose auspices our country prospered so long and so well. The restoration of that party—the party of the Constitution and the Union—to power in the legislative and executive governmental branches of the States and of the Union, we believe to be necessary to avert anarchy, and the utter ruin of the Republic. To contribute to that restoration will be our high-The News, Literary, Commercial, and other depart-

— The many difficulties now surrounding an enterprise of the magnitude of that in which the undersigned we engaged, require them to appeal to the public for 2 generous support, and to ask for "The Age" a liberal patronage and extended circulation.

The present state of the preparatory arrangements warrant the expectation, that the first number of the Daily will appear before the close of the present month (February, 1863.) The Weekly will be issued soon thereafter.
