

IN THIS COUNTRY ESPECIALLY IT IS A HABIT NOT ONLY ENTIRELY CONSISTENT WITH THE CONSTITUTION, BUT EVEN ESSENTIAL TO ITS STABILITY, TO REGARD THE ADMINISTRATION AT ANY TIME EXISTING AS DISTINCT AND SEPARATE FROM THE GOVERNMENT ITSELF, AND TO CANVASS THE PROCEEDINGS OF THE ONE WITHOUT A THOUGHT OF DISLOYALTY TO THE OTHER.

WANTED, At this Office, a large amount due us for Job Printing and Advertising. Executors, Administrators and others who know themselves indebted on these scores will oblige us by calling during the approaching Court.

For the Messenger. DEMOCRATIC MEETING IN ALEPPO. Important to public notice, the Democratic meeting of Aleppo township met at the house of August Miller, and on motion of Dr. Chapman, A. J. Hinderman was called to the chair, J. T. Elbin appointed Vice President, and L. Miller Secretary. On motion, the President appointed a Committee of five on resolutions, viz: P. R. Chapman, A. Wise, A. Miller, Monroe White and Elbin Woodruff.

When, in the course of political events, our once beloved country has been distracted by corrupt and designing men of the North, and fiery Secessionists of the South, it becomes all Democrats, and all good and loyal men, to come out and declare their intentions to support the Constitution, and preserve it from any innovation from either the Abolitionists of the North or Secessionists of the South.

Resolved, 1st, That we will yield a cordial support to the present administration in all its constitutional measures to put down the present wicked rebellion; we also invite all good Union-loving citizens to unite with us in putting down that insidious, and therefore more dangerous, foe to the Union, Abolitionism, at or through the ballot-box.

Resolved, 2d, That Abolitionism and Secessionism are twin relics, but Abolitionism, like Esau, is the elder or first-born, and they are both seeking the same end: the destruction of this Government and the Union, the one insidiously, and the other by open, armed rebellion; we hold them both in equal contempt, and we believe the peace of this country will never be restored until both are put down.

Resolved, 3d, That while we will co-operate with those in power to put down this open rebellion by all constitutional means in their power, we repudiate every encroachment upon that sacred charter of our liberty; the Constitution, believing that sufficient powers are granted by it for its preservation.

Resolved, 4th, That we will withhold our support from any man whose principles and antecedents show him to be the least tainted with Abolitionism, which is but another name for negro equality.

Resolved, 5th, That all the disgraceful scenes that are now being played off in this once glorious country had for their origin a peculiar disease called Nephrobia or Negromania, and that both North and South have become so smitten with it that nothing but paper bullets for the one, and steel bayonets for the other, will save the country from ruin.

Resolved, 6th, That we look with disapprobation and contempt upon all political secret societies as subversive of the Government, and overthrow of the Constitution, and the destruction of the liberty of the people, whether under the name of Golden Circle, Know Nothing or Union League; they all tend to the destruction of our liberty.

Resolved, 7th, That we will support no man for any office that has any affiliation with the secret political organizations of either, but we will stand by the old Democratic party of Jefferson, Jackson and Douglas, which has preserved the country in peace as well as in war, in prosperity and adversity; and as our country has been under Democratic rule ever since its origin, and has prospered beyond anything in the history of the world, we will therefore stand by the old Democratic landmarks as the only safeguards of the people.

Resolved, 8th, That Abolitionism and Secessionism be buried in the same grave—deep, and with their faces down, that they may remain in eternal darkness, and there sleep until Gabriel's trumpet shall sound.

On motion, the meeting adjourned.

with instructions to carry the proceedings published in the Waynesburg Messenger, the Washington Examiner and Review.

AN APPEAL FROM THE "SOLDIERS AID SOCIETY," OF WAYNEBURG. The blighting hand of war has again filled our Hospitals with sick and wounded soldiers, whose many wants the Government cannot fully supply.

We daily read appeals from the different Sanitary Commissions, and those who have the care of the sick and wounded in the hospitals, for the co-operation of the good people everywhere.

For the Messenger. LETTER FROM J. J. PURMAN. CAMP OF 10TH PENN'A. VOLS., Saturday, May 23d, 1863.

I; James Johnson, Co. I; James Jackson, Co. G; Franklin H. Morris, Co. A, Total missing, 11. Nearly all these were taken prisoners, and have since been taken.

So much time having now elapsed since the battle, I shall not attempt to give an account of the part the 140th took in the action. Suffice it to say, that our Regiment fully sustained her former good reputation, showing that her members were as good soldiers on the battle-field as in the Camp, or on the drill-ground.

In regard to one thing which occurred on that eventful day I wish to speak particularly, and to contradict an impression which has been for some time extant.—When the horses and men were all shot down from the 5th Maine Battery it was the 140th Regiment, Penna. Vols., which hauled off the guns, and prevented their falling into the hands of the enemy, and not the Irish Brigade, as has been stated in some of our City papers.

J. JACKSON PURMAN, 1st Lieut. Co. A., 140th P. V.

For the Messenger. DEMOCRATIC MEETING. According to announcement, the Democracy of Morris township met at Nineveh on May 16th. On motion, the meeting was organized by calling Jesse Andrew to the chair. Joseph Miller, Israel Breese and Thomas Auld were appointed Vice Presidents, and Stephen Day and N. G. Hughes, Secretaries.

Rev. Thomas Rose was called upon to address the meeting, and responded in an eloquent address.

Dr. A. Patton next took the stand and made an able speech. They spoke the minds of the Morris Democrats, who are true to the Constitution.

TO THE DEMOCRACY OF GREENE COUNTY. As I was before you as a candidate for the office of Register and Recorder at your late Primary Election, and was defeated, this is to assure you that I acknowledge the same cheerfully, and have borne it philosophically.

I am respectfully yours, WM. H. SUTTON.

Is this Treason? "The Union as it is will never bless the vision of any pro-slavery fanatic or Secession sympathizer; and it never ought to. It is a thing of the past, hated of every patriot, and destined never to curse an honest people, or blot the pages of history again."

"The Union shall never, with my consent, be restored under the Constitution as it is, with slavery to be protected by it." Thaddeus Stevens, the Abolition leader in the House, said it.

"Better recognize the Southern Confederacy at once, and stop this effusion of blood, than to continue in his ruinous policy, or have even a restoration of the Union as it was."

Cassius M. Clay said it, while the President was pursuing a conservative policy.

"For one, I shall not vote another dollar or man for the war until it assumes a different standing, and tends directly to an anti-slavery result. Millions for freedom, but not one cent for slavery!"

MARK THE DIFFERENCE. Hundreds of leading Republicans and Republican papers are urging a dissolution of the Union. Some have advocated dissolution for years; others, like the Tribune, believe in the doctrine of secession; others say that they want to "whip the South and then let them go;" others say they will never consent to a restoration of the Union; others say they are sick of the war and are willing to let the Southern States go off.

On the other hand, no Democrat was ever heard to express or approve of any of these sentiments; no Democrat either advocates or approves of the doctrine of secession; no Democrat is willing to see the Union dissolved; all Democrats hold that its restoration and preservation are indispensable to the prosperity of the country and the perpetuity of our free institutions; and no Democrat avows a willingness to make peace upon any other terms than a complete restoration of the old Union.

We wish our readers to ponder this great fact—this fundamental and vital difference between the two parties, and to note the daily proof of it which is found in the avowals of leading men and papers. And having thus confirmed the fact, let them reflect upon the depth and height and magnitude of the impudence, the audacity, the rascality, the total depravity displayed by these traitorous Republicans in their wholesale charges of "disloyalty" and sympathy with rebellion, so constantly made against the Democracy.—Allenton Democrat.

PATIENCE! PATIENCE! We are not insensible to the trials which those who differ with the Administration as to the mode of saving the Union and conducting the Government, are called upon to endure. But we counsel and urge our friends to be patient, hopeful and forbearing.

NEW GOODS AT PORTER'S. The great excitement occasioned by the fright of speculators in dry goods, and the consequent unparalleled depression in prices, furnished an opportunity but seldom afforded for buying bargains, and we are glad to be able to say that Waynesburg is to have a share of these. Our enterprising friend, Wm. A. Porter, was on hand, as he always is on such occasions, and secured an immense quantity of goods, which he will sell as they were bought at really astonishing low rates.

The Confederate Congress has passed a bill placing in service, after the 1st of May, all citizens of the United States, including Marylanders or sojourners, residing in the Confederate States.

Our captures were about 6,000 prisoners and seventy-four pieces of artillery, some of which has been destroyed. The position of our troops was within a mile or a mile and a half of the court house. Gen. Grant is represented to be in good spirits, and is confident of more brilliant results. It is supposed that there are 15,000 rebel troops at Vicksburg who will doubtless be made prisoners in the event of the capture of the town.

DIRECT FROM VICKSBURG. THE ATTACK ON FRIDAY! OUR ARMY IN GOOD SPIRITS! GRANT BEING REINFORCED.

St. Louis, May 29.—Mr. S. C. Scott, a well known river man, arrived here to-night, from Young's Point on Sunday last. He had been with Gen. Grant's army, and saw some of its operations. He says that our forces are well prepared to repel any attack in the rear, and were in the finest spirit, and confident of their ability to capture Vicksburg and its garrison.

What Illinois Has Done. Illinois will be a pleasant State for some people to live in when the draft is made. Official figures show that she has furnished an excess of 23,000 soldiers over the number required under all the calls made by the President, and if those now in service in Missouri are included, it will give her a surplus of 31,000.

TO DEMOCRATIC EDITORS. The Democratic Editors of the State are respectfully invited to attend in Harrisburg, on Wednesday, the 17th of June. Business of importance will be submitted.

Wool. We have to report a rather better feeling in the market. There has been more disposition shown among consumers to purchase domestic fleeces, and two hundred thousand pounds have been reported sold at 65¢ per lb.

PITTSBURGH MARKETS. PITTSBURGH, May 29. Flour—The market continues excessively dull; small sales are made at \$5 25 for superfine, \$5 50 for extra, and \$5 65 for family.
