Political.

The Men who Want the War to Go On.

All the Abolitionists, who want slavery torn out root and branch, even if the country is ruined, want the war to go on, but they don't want to help.

All the Federal Assessors, who make three and four dollars a day, want the war to go on, but they don't want to help.

All the tax collectors, who get ten per cent. on commutation money, want the war to go on, if it takes every man but themselves.

All the shoddy contractors, who have made princely fortunes by furnishing rotten clothing to the soldiers, want the war to go on without them.

All ship owners who sell the Government rotten ships for double the cost of a good vessel, want the war to go on, for they have learned to pay three hundred dollars.

All the cotton speculators who go in cahoot with Generals to steal cotton, want the war to go on, until all the cotton is stolen.

All the knaves who sell old spavined, ringboned and blind horses to the Government at exhorbitant prices, want the war to go on.

All the Provost Marshals and their under-strappers, who get so much a head for arresting Democrats, want the war to go on without their assistance.

All the New England manufacturers, who get dividends of fifty per cent., want the war to go on until all the poor men are killed off.

All the railroads, who are growing rich by charging the Government exhorbitant rates for transportation, want the war to go on—until the Government is bankrupt.

But the *People* want the war stopped the first moment the Constitution is vindicated, and those in rebellion evince a disposition to return to their allegiance.

—*Hancock Courier.*

Who Rob the Government?

Not the four hundred working-girls of New York, who met the other day to take measures for ameliorating their condition. It was there ascertained that shelter tents, with forty-six button holes, and sixteen eyelets, brought last season twenty-five cents; they are now made for eight cents, and only four can be made in a day. No one, after hearing these facts, will accuse the work-women with speculating in Government contracts. At the same meeting it was ascertained that the weekly wages of female labor, for from twelve to fourteen hours each day, ranged from $1 to $3; that shirts bring 60c. a dozen that hoop-skirts are made for from 15c. to 25c. per hundred hoops; that silver table spoons are furnished 1c. a-piece—30 a day—with the privilege, if not well done, to do it over next day for nothing! that the clasps of hoop-skirts are made for half a cent a gross, at which a smart little girl can make a shilling a day; that the price for running fifty yards with a machine is five cents; that if a girl is five minutes behind time, some employers deduct five cents from her wages, and if a button is missing from a shirt, 25 cents are deducted. It being thus clearly ascertained that this class of operatives do not make all the money, the question then arises—who does?—especially on Government contracts. Who knows?

PRIVILEGE OF EXAMINATION

IMPROVED DUPLEX IN FULL RUBY ACTIONS.

A first class Hunting Time-Piece of silver material, over which is electro-fine plated 18 k. gold, most durably wrought, making the imitation so faultless that it cannot be detected from the solid material by the most experienced judges; acids will not affect it. London made movement. Improved Duplex, in full ruby action, has sweep seconds, and is not to be excelled in general appearance. This is decidedly one of the best articles ever offered for traders and speculators. Engineers, emigrants, and persons travelling, will find them superior to any other; alteration of climate will not affect their accuracy. Price, packed in good shape and good running order, only $35, or case of 6 for $200.

Silver Double Time Hunting Levers.

BEST QUALITY SILVER CASES, over which electro fine plated 18 k. gold, similar to our improved Duplex, and superior adjusted movements with 'Stop,' to be used in timing horses, etc.; has four indexes for Washington and Greenwich time, sweep second, and all the improvements. All in all, taking its beautiful and fashionable appearance and its superior movement into consideration, we regard it as decidedly the cheapest article of the kind in market. Price, in good running order, $35, or case of six for $200.

☞ We ask no pay in advance, but will forward either of them to responsible parties, to any part of the loyal States, with bill payable to expressman when the goods are delivered, giving the buyer the privilege of examination, and, if not satisfactory, the watch can be returned at our expense.

The express companies refuse making collections on soldiers and other parties in the disloyal States, consequently all such orders

MUST BE ACCOMPANIED BY THE CASH

to insure attention. We make a deduction of two dollars on either watch when the payment is forwarded in advance.

Money may be sent by express at our expense.
