Gen. Skerman on Trash. Gen. W. T. Sherman, in calate letter, addressed to Major R. M. Sawyer, Assistant General, the following paragraph appears:-"In this belief, whilst I assert for our Government the highest military prerogative, I am willing to bear in patience that political nonsense of slave rights, State rights, freedom of conscience, freedom of the press, and such other trash as have deluded the Southern people into war, anarchy, bloodshed and the fonlest crimes that have disgraced any time or any people." Other army officials have talked in much the same style about freedom first regular occure-taking establishment ever inof conscience and of the press, and where stituted in the place, where they are prepared to execute of conscience and of the press, and where are they now? The time may come when he, too, shall stare vacantly out of oblivion.

· Abolition begets war and disunionwar begets debt debt begets taxation-taxation begets burden on the laboring or producing class. The beauties of all this system of coercion or force may be seen in the condition of things in Europe. Abolition, then, brings war, disunion, national debt, national banks, the tyranny of chartered money mongers and laboring people impoverished by tation. Why will honest laboring men vote with such a party ?-[Patriot & Union.

LIBERTY OF THE PRESS .- Junius says, "the liberty of the pess is the palladium of all the civil, political and religious rights of an old Englishman."

Once it was so of an American; and it must be so again, even if that liberty is regained over the dead carcases of the usurpers and tyrants who have stricken it down.

They treat results as it they were cluses; and so no relief is found.

WHAT IS THE CAUSE OF THESE DISEASES very frequently? Here is the secret—solitary selfabiles, practiced by fhonsands. Commenced when boye, at school or clsewhere, it is k pt up even ducing young manhood, producing mental and only-sical prosboys, a sechool or cisewhere, it is k pt up even during young manhoos, producing mental and mysical prostration. If continued, these diseases and even madness are the result. If the victim be conscious of the cause of his decay, and quit it, he utters devoer those terrible nocturnal and involuntary emissions which breaked did statue film, thi life becomes grievous.—
Thus place between certain decay and premature death and horrible suffering, the writched victim rushest of SELF-DESTRUCTION, or sinks to an untimely grave. If he emancipates himself tefore the practice has done its worst and enters matrimony, his marriage is unfruitful, and his sense tells him that this is caused by his early folhes.
