St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes. From Harrey Sickler, Esq., the able editor of the Twackhannock Democrat, Pennsylvania. "Our only child, about three years of age, was at-tacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and sctually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any ap-parent effect. For fitteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Hav-ing tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had finished the secoud. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die." Scald Head, Sore Eyes.

Although not disposed to invor or recommend Patent Medicines in general, through distrust of their ingredi-ents and effects; I yet know of no sufficient reasons why a man may not testify to the benefits he believes himself to have received from any simple preparation, in the hope that he may thus contribute to the benefit of others.

I do this the more readily in regard to Hoofland's German Bitters, prepared by Dr. C. M Jackson, of this city, because I was prejuiced against them for many years, under the impression that they were chiefly au alcoholic mixture. I am indebted to my friend, Robert Shoemaker, Esq., for the remeval of this prejudice by proper tests, and for encouragement to try them, when suffering from great and iong continued debility. The use of three bottles of these Bitters, at the beginning of the present year, was followed by evident relief, and restoration to a degree of bodily and montal vigor which I had not telt for six months before, and had aimest despaired of regaining. I therefore thauk God and my friend for directing me to the use of them. Phila., June 23, '63. J. N. BROWN.
