25, 1864. The circumstances under which this lean is asked for, and your aid invoked, though differing widely from the existing state of affairs three years ago, are such as to afford equal encouragement and security. Time, while proving that the struggle for national unity was to exceed in duration and severity out worst anticipations, has tested the national strength, and developed the national resources, to an extent alike unexpected and remarkable exciting equal astonishment at home and abroad. Three years of war have burdened you with a dept which, but three years since, would have seemed beyond your ability to meet. Yet the accumulated wealth and productive energies of the nation have proved t be so vast that it has been borne with comparative ease-and a peaceful future would hardly teel its weight. Thus far the war has been supported and carried on, as it only could have been, by a service people resolved, at whatever cost of blood and treasure, to transmit, unimpaired, to posterity, the system of free government bequeathed to them by the great men who framed it. Up to the present moment you have readily and cheerfully afforded the means necessary to support your government in this protracted struggle. It is your war. You proclaimed it. and you have sustained it against traitors everywhere, with a patriotic devotion unsurpassed in the world's history.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything, a man could of both advice and medicine, but without any relief whatever, until I took your Sarshararilla. It immediately unde my face worse, as you told me it implet for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as anybody's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your Sarsharilla."

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your FILLS. Together they have cured me. I am now as well and sound as anybody. Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunchkannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a lonthsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. How ing tried every thing else we had any hope from, we began giving your Samapparellell, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had fluished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child mass die."

Syphilis and Mercurial Disease.

Syphilis and Mercurial Disease. From Dr. Hiram Sloat, of St. Louis, Missouri.
"I find your Sarsaparllla a more effectual remady for the secondary symptoms of Syphilis, and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

best medicines we have:

From A. J. French, M. D., an eminent physician of
Lawrence, Mass. who is a prominent member of
the Legislature of Massachusetts.

"DR. AYER—My dear Sir: I have found your
SARSAPARILLA an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liete, of New Brunswck, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of Aven's Sarsarakilla relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhoes, Whites, Female Weakness, are generally produced by internal Scrofulous Ulcer-ation, and are very often cured by the alterative effect of this Sarsaparilla. Some cases require, however, in aid of the Sarsaparilla, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of formales. Many cases of irregularity, Lencorrhom, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not.
