They treat results as it they were course; and so no relief is found.

WHAT IS THE CAUSE OF THESE DISEASES very frequently 3. There is the secret—solinary selfabuse, practiced by thousands. Commenced when boys, at school or elsewhere, it is kept up even during young inauhood, producing mental and physical prostration. If continued, these diseases, and even madness are the result. If the victim be conscious of the cause of his decay, and quit it, he suffers under those terrible nocturnal and involuntary emissions which weaken and shame him, till life becomes grievous.—Thus place between certain decay and premature death and horrible suffering, the wretched victim rushes to SELF-DESTRUCTION, or sinks to an untimely grave. If he emancipates himself before the practice has done its worst and enters matrimony, his matringe is unfruitful, and his sense tells him that this is caused by his carly follies.
