Fine Fruit.

Gen. S. Morris presented us, a few days since, with some fine Apples from his farm on Whitely Creek, Whitely township. They for conviction.

McClellan Grapes.

Robert Morris, a clever citizen of our place, handed us a sample of his grapes, which were as fine a specimen as we have seen anywhere.

Fire!

'On Saturday evening, the 1st inst., the by the burning of Andrew Brown's Mill of Monongalia county, West Va. This fire is supposed to be the work of an incendiary.—
The loss to Mr. Brown in the distruction of the Mill and contents, it is said. will amount to \$25,000 and we regret to learn that no part of the property was insured. As this Mill was in an eligible situation, the loss will not only fall upon Mr. Brown, but upon the community at large.

Occurrences of this kind are lamentable. and the greatest vigilance should be exercised on the part of all law abiding citizens, with a view to the discovery and punishment of the wretch who would thus disgrace human nature by the perpetration of a crime so contemptibly infamous.

We were not a little surprised to learn a tew days ago, that a company of soldiers was on its way to Greene county. Why they were sent here we know not, nor at whose instance; the public knows no reasons for their presence. Perhaps our valiant Provost Marshal knows something about it. His unwillingness, personally, to discharge the duties devolving upon him in reference to the draft, and his uniform practice of devolving upon others the duties which belong to himself, would seem to account for the presence of a military force

We take pleasure in bearing our testimony to the uniform good behavior and courtesy of the military themselves. The time soldier is always a gentleman, and such we find those quartered among us to be

Dr. I. II. Longdon, Practical Medico-Electrician and Electro-Physiologist, of Pittsburgh, Pa., will lecture in the M. E. Church, Waynesburg, Pa., on Thursday evening, Oct. 13th, at 7 o'clock, on Electricity as connected with the mental and physical changes, mysteries and diseases of human life. Ladies and gentlemen are respectfully invited to attend.

Also, on Friday evening, October 14th, at 7 o'clock, to gentlemen only, on Reproduction, Marriage and Diseases. Seats free. Dr. Longdon, with his assistant, Dr. Orr, will have professional rooms at the Robert's House, now occupied by D. A. Worley, from Thursday, Oct. 13th, until Saturday Oct. 29th, where he may be consulted in regard to all forms of diseases, and their treat-

Thos. LUCAS, Sheriff.

Sheriff's Office, Waynesburg, Pa., Sept. 14, '64.

THE peculiar taint or infection which we call SCROFULA lurks the constitutions of multitudes of men. It either produces or is produced by an en-feebled, vitiated state of the blood, wherein that fluid becomes incompetent to sustain vigorous action, and leaves the system to fall into disorder and decay. The scrofulous

contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the venereal infection. Whatever be its origin, it is hereditary in the constitution, descending "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniqui-ties of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsia, and liver comduce indigestion, dyspepsia, and liver com-plaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you. With feeble, foul, or corrupted blood, you can-not have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sersaparilla is compounded from the most effectual anti-

dotes that medical science has discovered for

this afflicting distempor, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does combine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has m the following diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, whenein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sections of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these considerations has led us to spend years in perfecting a remedy which is adequate to its cure. This we now offer to the public under the name of Aver's Sarsaparilla, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and foster in the blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital functions, and thus expels the distempers which lark within the system or burst out on any

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is intended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has ever been available to them.

AYER'S

CHERRY PECTORAL.

The World's Great Remedy for Coughs, Colds, Incipient Consumption, and for the relief of Consumptive patients in advanced stages

of the disease. This has been so long used and so univer-sally known, that we need do no more than assure the public that its quality is kept up to the best it ever has been, and that it may be relied on to do all it has ever done.
