SCROFULA AND SCROFULOUS DISEASES.
From Emery Edes, a well-known merchant From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SarsaranILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your Sarsaparilla. My daughter, aged ten, had an afflicting busor in her cars, eyes, and hair for years, which we were unable to cure until we tried your Sarsaparilla. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and muchesteemed lady of Dennievitle, Cape May Co., N. J.

"My daughter has suffered for a year past with a
scrofulous eruption, which was very troublesome.
Nothing afforded any relief until we tried your SarBARBILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known firm of Gage, Murray & Co., manufacturers of chameled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your Sarsaparilla. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches, and continued until my face is as smooth as anybody 3, and 1 am without any symptoms of the disease that I know of. Erysipelas — General Debility — Purify the Blood.

From Dr. Robt. Sawin, Houston St., N. Y.
Dr. Ayer: I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your Sarsaparrilla, and I have just now cured an attack of Mulignant Erysipelas with it. No alterative we possess equals the Sarsaparilla you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarsaparilla. Took two bottles, and some of your Pills. Together they have cured me. I am now as well and sound as anybody. Being in a public place, my case is known to everybody in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Sickler, Esq., the able editor of the Tunckhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsaparaticle, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must dic."

Syphilis and Mercurial Disease. From Dr. Hiram Sloot, of St. Louis, Missouri.

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"Dr. Ayen—My dear Sir: I have found your SARSARILLA an excellent remedy for Syphüia, both of the primary and secondary type, and effectual in some cases that were too obstinute to yield to other remedies. I do not know what we can employ with more certainty of success, where a power-ful alterative is required."

Mr. Chas. S. Tan Lieve, of New Brunsieck, N. J., had dreadful nicers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of ATRIS SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhea of long standing, by two bottles of your SARSAPARILLA."

tion, Epilepsy, Papitation of the hinty of the rystem General or Local Pains or Weskness, Night Swears, Dinness of Sight, Fits of Despondency, Muscular Prostration and all diseases of the Nervous Centres never dream of the CAUSE of their several afflictions. They treat results as it they were causes; and so no relief is found.

WHAT IS THE CAUSE OF THESE DISEASES very frequently? There is the secret—solitary selfabuse, practiced by thousands. Commenced when boys, at school or elsewhere, it is kept up even during young manhood, producing mental and physical prostration. If continued, these diseases, and even madness are the result. If the victim be conscious of the cause of his decay, and quit it, he suffers under those terrible nocturnal and involuntary emissions which weaken and shame him, til life becomes grievous.—Thus place between certain decay and premature death and horrible suffering, the wretched victim rushes to SELF-DESTRUCTION, or sinks to an untimely grave. If he emancipates hunsel&before the practice has done its worst and enters matrimony, his marriage is unfruitful, and his sense tells bun that this is caused by his early follies.

SUFFERING YOUNG MEN,
Let no false modesty prevent you from explaining your case to one whose acknowledged position in the medical profession, and respects they in prevate life, point him as a private connestlor. Think not to cure yourself, and so tamper with a faculty, the destruction of which renders a mantrally miserable. Come to Dr. KINKELIN, confide in him as thousands have done before you.
