decay. The scrotulous contamination is variously caused by mercurial disease, low living, disordered digestion from unhealthy food, impure air, filth and filthy habits, the depressing vices, and, above all, by the veneral infection. Whatever be its origin, it is hereditary in the constitution, desce "from parents to children unto the third and fourth generation;" indeed, it seems to be the rod of Him who says, "I will visit the iniquities of the fathers upon their children." The diseases which it originates take various names, according to the organs it attacks. In the lungs, Scrofula produces tubercles, and finally Consumption; in the glands, swellings which suppurate and become ulcerous sores; in the stomach and bowels, derangements which produce indigestion, dyspepsis, and liver com-plaints; on the skin, eruptive and cutaneous affections. These all having the same origin, require the same remedy, viz. purification and invigoration of the blood. Purify the blood, and these dangerous distempers leave you.
With feeble, foul, or corrupted blood, you cannot have health; with that "life of the flesh" healthy, you cannot have scrofulous disease.

Ayer's Sarsaparilla

is compounded from the most effectual anti-dotes that medical science has discovered for this afflicting distemper, and for the cure of the disorders it entails. That it is far superior to any other remedy yet devised, is known by all who have given it a trial. That it does comwho have given it a mai. In at it does com-bine virtues truly extraordinary in their effect upon this class of complaints, is indisputably proven by the great multitude of publicly known and remarkable cures it has made of the following diseases: King's Evil or Glandular Swellings, Tumors, Eruptions, Pimples, Blotches and Sores, Erysipelas, Rose or St. Anthony's Fire, Salt Rheum, Scald Head, Coughs from tuberculous deposits in the lungs, White berculous deposits in the lungs, White Swellings, Debility, Dropsy, Neuralgia, Dyspepsia or Indigestion, Syphilis and Syphilitic Infections, Mercurial Diseases, Female Weaknesses, and, indeed, the whole series of complaints that arise from impurity of the blood. Minute reports of individual cases may be found in AYER'S AMERICAN ALMANAC, which is furnished to the druggists for gratuitous distribution, wherein may be learned the directions for its use, and some of the remarkable cures which it has made when all other remedies had failed to afford relief. Those cases are purposely taken from all sec-tions of the country, in order that every reader may have access to some one who can speak to him of its benefits from personal experience. Scrofula depresses the vital energies, and thus leaves its victims far more subject to disease and its fatal results than are healthy constitutions. Hence it tends to shorten, and does greatly shorten, the average duration of human life. The vast importance of these consideralife. The vast importance of these considera-tions has led us to spend years in perfecting a remedy which is adequate to its cure. I This we now offer to the public under the name of we now offer to the public under the name of AYER'S SAESAPARILLA, although it is composed of ingredients, some of which exceed the best of Sarsaparilla in alterative power. By its aid you may protect yourself from the suffering and danger of these disorders. Purge out the foul corruptions that rot and fester in the blood, purges out the course of disease and blood; purge out the causes of disease, and vigorous health will follow. By its peculiar virtues this remedy stimulates the vital func-tions, and thus expels the distempers which lurk within the system or burst out on any

part of it.

We know the public have been deceived by many compounds of Sarsaparilla, that promised much and did nothing; but they will neither be deceived nor disappointed in this. Its virtues have been proven by abundant trial, and there remains no question of its surpassing excellence for the cure of the afflicting diseases it is in-tended to reach. Although under the same name, it is a very different medicine from any other which has been before the people, and is far more effectual than any other which has

READING Afflicted Read. ——
Hundreds afflicted with Consumption, Epilepsy, Palpitation of the Heart, Torpid Liver, Palsy, Irritability of the Fystem General or Loc. I Pains or Weakness, Night Sweats, Dinness of Sight, Fits of Despondency, Muscular Prostration and all dise sees of the Nervous Centres, never dream of the CAUSE of their several afflictions. They treat results as it they were causes; and so no relief is found.

WHAT IS THE CAUSE OF THESE DISEAREST VERY frequently! There is the secret—solitary selfabuse, practiced by thousands. Commenced when boys, at school or elsewhere, it is kept up even during young manhood, producing mental and physical prostration. If continued, these diseases, and even madness are the result. If the victim be conscious of the cause of his decay, and quit it, he suffers under those terrible nocturnal and involuntary emissions which weaken and shame him, till life becomes grievous.—Thus place between certain decay and premature death and horrible suffering, the wretched victim rushes to SELF. DESTRUCTION, or sinks to an untimely grave. If he emancipates himself kefore the practise has done its worst and enters matrimony, his marriage is unfruitful, and his sense tells him that this is caused by his early follies.

SUFFERING YOUNG MEN,
Let no false modesty prevent you from explaining your case to one whose acknowledged position in the medical profession, and respects this in that to cute yourself, and so tamper with a faculty, the destruction of which renders a mantruly interable. Come to Dr. KINKELIN, confide in him as thousands have done before you.
