Poetry and the Wires.

Somebody has written the following about the girls, and put it afloat on the sea of newspaperdom:

God bless the girls,
Whose golden curls
Blend with our evening dreams;
They haunt our lives
Like spirit wives,
Or as naiads haunt the streams.

They soothe our pains,
They fill our brains
With dreams of summer hours;
God bless the girls,
God bless their curls,
God bless our human flowers.

The wives, we think, are quite as deserving as the girls—therefore the following is respectfully submitted:

God bless the wives,
They fill our hives
With little bees and honey,
They ease life's shocks,
They mend our socks,
But—don't they spend the money!

When we are sick;
They heal us quick—
That is, if they love us;
If not, we die,
And yet they cry
And place tombstones above us.

Of roguish girls,
With sunny curls,
We may in fancy dream;
But wives, true wives—
Throughout our lives,
Are everything they seem.

Agricultural.

Get a Home and Keep it.

A leading object with every young man should be to secure himself a permanent home. And for its great stability, it should consist partly in land, and up to a certain limit, the more of it the better, if paid for. The house should be as comfortable and attractive as one has the means to make it. It should be one that the heart could grow to, and will cling around more firmly with every passing year. Its owner should desire and purpose to keep possession of it as long as he lives, and his children should grow up feeling that there is one place, fixed and stable for them through all change.

Americans are altogether too roving in their habits. We build houses cheaply and pull them down without regard. Or we sell out and move away a half dozen times in a lifetime in the vain hope of bettering ourselves. It is better to choose a homestead early in life, and then lay plans with reference to abiding there. Even if our gains be less than are promised elsewhere, a certainty, should seldom be given up for an uncertainty. A bird in the hand is worth two in the bush.

Only those who have experienced it, know how firmly a family becomes attached to their long loved homestead. No children love home as well as those who have known only one. As the young becomes of marriageable age, they should go out, one by one, from the old homestead, feeling it to be the model after which their own should be established, and know that this will remain unchanged as long as the parents live, a place to which they can return, and where they will ever be welcome. A pleasant writer confirms our doctrine thus:

"There is a great gain in being settled. It is two-fold. Each year accumulates about the farmer the material by which labor is lessened.

"The rough channels of labor become worn and smooth. A change involves a great loss, and rarely is there a corresponding gain. Time is lost, labor expended, money paid; the wear and tear of removal is no small item; and above all the breaking up of old associations is often disastrous in the extreme. Parents and children become unsettled in their habits, if not in their morals. Let a man who has a home ahead keep it; let him that has none get one, and labor to render it a treasured remembrance to the absent, and a constant joy to those who abide in it." To all of which every intelligent, thoughtful person must give a hearty approval.—*American Agriculturist.*

Indian Meal and Corn Bread.

A bushel of corn, says a Michigan Farmer, contains more nutriment than a bushel of wheat; but corn meal should not be ground fine, as it will not keep sweet. There is no grain that can be put to so many good uses and served up in so many different ways as corn and corn meal. First we have the green corn, roasting ears and soup in the early, and the dried corn soup and hominy, the balance of the year. These dishes every good housekeeper knows how to prepare, being the most simple in the culinary art. And then by grinding it into meal, what visions of delicious eating float before the eyes. First we have the corn cake, made of meal and water, and a little salt, if you are too poor to use eggs and milk, mixed into a dough and baked on a griddle. Then corn bread or pone, which can only be made properly by about one housekeeper in ten. Then mush and milk, and fried mush. We have never seen the individual that did not like one or the other. Many fail in making good mush by not boiling it enough. When it is merely scalded it has a raw taste. Then there is a very good corn meal pudding, made by stirring the meal into scalded skim milk till it is as thick as gruel, and when cool add ginger, cinnamon, nutmeg, salt, and sweetening to suit the taste, and a little fine cut suet, and some raisins or dried peaches or a fine cut apple. It should bake an hour or more, according to size. This is a good pudding. And then see into how many dishes corn becomes a palatable and favorite mixture. It is the cheapest and most wholesome food that man can live on, and should be on the table of both rich and poor more frequently than it now is, in some of its many forms.

Ayer's SARSAPARILLA

THE WORLD'S GREAT REMEDY

FOR

SCROFULA AND SCROFULOUS DISEASES.

From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your SARSAPARILLA, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community."

Eruptions, Pimples, Blotches, Pustules, Ulcers, Sores, and all Diseases of the Skin.

From Rev. Robt. Stratton, Bristol, England.

"I only do my duty to you and the public, when I add my testimony to that you publish of the medicinal virtues of your SARSAPARILLA. My daughter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your SARSAPARILLA. She has been well for some months."

From Mrs. Jane E. Rice, a well-known and much-esteemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your SARSAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the widely-known firm of Gage, Murray & Co., manufacturers of enamelled papers in Nashua, N. H.

"I had for several years a very troublesome humor in my face, which grew constantly worse until it disfigured my features and became an intolerable affliction. I tried almost everything a man could of both advice and medicine, but without any relief whatever, until I took your SARSAPARILLA. It immediately made my face worse, as you told me it might for a time; but in a few weeks the new skin began to form under the blotches and continued until my face is as smooth as anybody's, and I am without any symptoms of the disease that I know of. I enjoy perfect health, and without a doubt owe it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Robt. Sawin, Houston St., N. Y.

DR. AYER: I seldom fail to remove *Eruptions* and *Scrofulous Sores* by the persevering use of your SARSAPARILLA, and I have just now cured an attack of *Malignant Erysipelas* with it. No alterative we possess equals the SARSAPARILLA you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollars' worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your SARSAPARILLA. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to everybody in this community, and excites the wonder of all."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your SARSAPARILLA in my family, for general *debility*, and for *purifying the blood*, with very beneficial results, and feel confidence in commending it to the afflicted."

St. Anthony's Fire, Rose, Salt Rheum, Scald Head, Sore Eyes.

From Harvey Siekler, Esq., the able editor of the Tunckhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skillful physician applied nitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your SARSAPARILLA, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had given the first bottle, and was well when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease.

From Dr. Hiram Sloat, of St. Louis, Missouri.

"I find your SARSAPARILLA a more effectual remedy for the secondary symptoms of *Syphilis*, and for syphilitic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER—My dear Sir: I have found your SARSAPARILLA an excellent remedy for *Syphilis*, both of the *primary* and *secondary* type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a powerful alterative is required."

Mr. Chas. S. Van Liew, of New Brunswick, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or *mercurial disease*, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bottles to cure him.

Leucorrhœa, Whites, Female Weakness, are generally produced by internal *Scrofulous Ulceration*, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

From the well-known and widely-celebrated Dr. Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of females. Many cases of irregularity, Leucorrhœa, Internal Ulceration, and local debility, arising from the scrofulous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment."

A lady, unwilling to allow the publication of her name, writes:

"My daughter and myself have been cured of a very debilitating Leucorrhœa of long standing, by two bottles of your SARSAPARILLA."

Rheumatism, Gout, Liver Complaint, Dyspepsia Heart Disease, Neuralgia,

when caused by *Scrofula* in the system, are rapidly cured by this EXT. SARSAPARILLA.

AYER'S CATHARTIC PILLS

EACH INSTRUMENT WARRANTED FOR FIVE YEARS.

THESE instruments have now been for many years before the public, and have from their superiority of tone, fulness of touch, durability, and elegance of finish, drawn forth many and very flattering commendations from a number of the most prominent members of the musical profession.

They are now offered to the public at prices from 25 to 30 per cent. lower than any other instruments of equal qualities. The steady, increasing demand for those superior instruments have induced the makers to increase their facilities for manufacturing them, and they are now fully prepared to meet the demands of all, both wholesale and retail customers.

Dealers in localities where these instruments have not yet been introduced, desiring an agency for them, will be liberally dealt with.
