Cost of Plowing by Steam. We observe, according to the statement of English papers, that the cost of Edwing by the use of Fowler's steam plow on strong land, has been found as below stated. The expense of plow and engine complete is £1,000, but the engine being used for other purposes when not plowing, it is thought fair to HUSS & INCHRAM estimate the whole cost at £700. The following is a correct statement of the yearly items:

Interest on £700, 5 per cent. Annaal wear, 10 per cent. Repairs of brakage. Qoal, oil and tallow. Wages. Water cart.

£308 The above estimate is based on an above actual ### the bounty of one hundred dollars due discharged solders on account of wounds received on sickness contracted while in the service, in accordance with the special Act of March 3d, 1863. Also, the Bounty of four hundred dollars to Peteran Recruits and the cost therefore in our present currency would be about \$4 per acre, or \$2 in gold.

It would be a question for our farmers to answer, whether this work could be more cheaply accomplished by herses, if it were not for the fact that iron-work, coal and wages are all cheaper in England than here. At the same time the labor of horses is dearer. The cather authority states that twelve shill-per acre is the lowest rate that moving can be done on strong soils of the lowest in England—which would the lowest rate that the l that in gold, or over \$6 at the presin time in American currency. This
that the case, steam-plowing is practically and more profitable in England.

How to Kill Canada Thistles.

Heavy seeding and early mowing are the only remedies for this pest. To come side ground except by thorough fallowing, is a sure means of encouraging the growth and spreading. And even the most perfect and expensive fallowing is liable to fail of its object if by chance a single stalk is allowed to seed in the neighborhood; because the seeds are scattered by the wind with great iscility, and the better the titlh the more readily the seed germinates. By ordinary cultivation the roots are broken and disturbed, and the seed is matured usually before the crop is ripe enough to harvest. Under such circumstances the spread is very rapid. And even in pastures they multiply rapidly, especially in loose soils. To rid land of thistles, seed it thickly with PUBLISHED THIS DAY! grass. A good strong growth of grass, besides reducing the amount of thistles at ence, decreases its vitality. and thus COAL AND COAL OIL. records the maturity until a latter period than that at which the grass is ripe enough for having. SARSAPARILLA FOR WORLD'S GREAT REMEDY

SCROFULA AND SCROFULOUS DISEASES. From Emery Edes, a well-known merchant of Oxford, Maine.

"I have sold large quantities of your Sarsaparilla, but never yet one bottle which failed of the desired effect and full satisfaction to those who took it. As fast as our people try it, they agree there has been no medicine like it before in our community." Eruptions, Pimples, Blotches, Pustules,

Ulcers, Sores, and all Diseases of the Skin-Ulcers, Sores, and all Diseases of the Skin-From Rev. Robt. Stratton. Bristol, England.
"I only do my duty to you and the public, when I add my testimony to that you publish of the me-dicinal virtues of your Sarsaparilla. My daugh-ter, aged ten, had an afflicting humor in her ears, eyes, and hair for years, which we were unable to cure until we tried your Sarsaparilla. She has been well for some months."

from Mrs. Jana E. Rice, a well-known and much-catemed lady of Dennisville, Cape May Co., N. J.

"My daughter has suffered for a year past with a scrofulous eruption, which was very troublesome. Nothing afforded any relief until we tried your Sar-BAPARILLA, which soon completely cured her." SAPARILLA, which soon completely cured her."

From Charles P. Gage, Esq., of the videly-known firm

of Gage, Murray & Co., manufacturers of enamelled papers in Nashua. N. H.

"I had for several years a very troublesome hemor in my face, which grew constantly worse until
it disfigured my features and became an intolerable
affliction. I tried almost everything a man could of
both advice and medicine, but without any relief
whatever, until I took your SARSAPARILLA. It
immediately made my face worse, as you told me it
might for a time; but in a few weeks the new skin
began to form under the blotches, and continued
until my face is as smooth as anybody 3, and I am
without any symptoms of the disease that I know
of, I enjoy perfect health, and without a doubt owe
it to your SARSAPARILLA."

Erysipelas—General Debility—Purify the Blood.

From Dr. Roht. Sawin, Houston St., N. Y.

Dr. Ayer: I seldom fail to remove Eruptions and Scrofulous Sores by the persevering use of your Sabrarbella. and I have just now evered an attack of Malignant Erysipelas with it. No alterative we possess equals the Sarrarbella you have supplied to the profession as well as to the people."

From J. E. Johnston, Esq., Wakeman, Ohio.

"For twelve years I had the yellow Erysipelas on my right arm, during which time I tried all the celebrated physicians I could reach, and took hundreds of dollais worth of medicines. The ulcers were so bad that the cords became visible, and the doctors decided that my arm must be amputated. I began taking your Sarrarbella. Took two bottles, and some of your PILLS. Together they have cured me. I am now as well and sound as any body. Being in a public place, my case is known to everybody in this community, and excites the wonder of al."

From Hon. Henry Monro, M. P. P., of Newcastle, C. W., a leading member of the Canadian Parliament.

"I have used your Sarsaparilla in my family, for general debitity, and for purifying the blood, with very beneficial results, and seel confidence in commending it to the afflicted."

Scald Head, Sore Eyes.

From Harrey Sickler, Esq., the able editor of the Tunckhannock Democrat, Pennsylvania.

"Our only child, about three years of age, was attacked by pimples on his forehead. They rapidly spread until they formed a loathsome and virulent sore, which covered his face, and actually blinded his eyes for some days. A skilful physician applied mitrate of silver and other remedies, without any apparent effect. For fifteen days we guarded his hands, lest with them he should tear open the festering and corrupt wound which covered his whole face. Having tried every thing else we had any hope from, we began giving your Sarsaparlla, and applying the iodide of potash lotion, as you direct. The sore began to heal when we had finished the second. The child's eyelashes, which had come out, grew again, and he is now as healthy and fair as any other. The whole neighborhood predicted that the child must die."

Syphilis and Mercurial Disease. From Dr. Hiram Sloat, of St. Louis, Missouri.
"I find your Sarsaparilla a more effectual remedy for the secondary symptoms of Syphilic disease than any other we possess. The profession are indebted to you for some of the best medicines we have."

best medicines we have."

From A. J. French, M. D., an eminent physician of Lawrence, Mass., who is a prominent member of the Legislature of Massachusetts.

"DR. AYER.—My dear Sir: I have found your SARSAFABILLA an excellent remedy for Syphilis, both of the primary and secondary type, and effectual in some cases that were too obstinate to yield to other remedies. I do not know what we can employ with more certainty of success, where a power-ity alterative is required."

Mr. Chas. S. Van Liev. of New Brunswek, N. J..

Mr. Chas. S. Van Liew, of New Brunsuck, N. J., had dreadful ulcers on his legs, caused by the abuse of mercury, or mercurial disease, which grew more and more aggravated for years, in spite of every remedy or treatment that could be applied, until the persevering use of AYER'S SARSAPARILLA relieved him. Few cases can be found more inveterate and distressing than this, and it took several dozen bot lies to care him. Leucorrhes, Whites, Female Weakness, are generally produced by internal Secondaria Ulceration, and are very often cured by the alterative effect of this SARSAPARILLA. Some cases require, however, in aid of the SARSAPARILLA, the skilful application of local remedies.

application of local remedies.

From the well-known and widely-celebrated Dr.

Jacob Morrill, of Cincinnati.

"I have found your SARSAPARILLA an excellent alterative in diseases of fenales. Many cases of irregularity, Leucorrhoa, Internal Ulceration, and local debility, arising from the scrotlous diathesis, have yielded to it, and there are few that do not, when its effect is properly aided by local treatment." "My daughter and myself have heen cured of a very debilitating Leucorrhea of long standing, by two bottles of your Sarsaparilla." Rheumatism, Gout, Liver Complaint, Dyspepsia, Heart Disease, Neuralgia, when caused by Scrofula in the system, are rapidly cured by this Ext. SARSAPARILLA.

CUMMINGS & JENNYS, MANUFACTURERS OF CRAND, SQUARE, AND COTTAGE UPRIGHT Piano Fortes,

No. 276 Broadway, NEW YORK. EACH INSTRUMENT WARRANTED FOR

FIVE YEARS.

THESE instruments have now been for many years before the public, and have from their superiority of tone, thress of touch, durability, and eligarce of finish; drawn forth many and very flattering commendations from a number of the most prominent members of the musical profession.

They are now offered to the public at prices from 25 to 30 per cent, lewer than any other instruments of equal qualities. The steady, increasing demand for those superior instruments have induced the makers to increase their facilities for manufacturing the m, and they are now fully prepared to meet the demands of all, both wholesale and retail customers.

Dealers in localities where these instruments have not yet been introduced, desiring an agency for them, will be liberally dealt with.

Afflicted Read.——
Hundreds afflicted with Consumption, Epilepsy, Palpitation of the Heart, Torpul Liver, Palsy, Irritability of the rystem General or Loc 1 Pains or Weakness, Night Sweats, Dimness of Sight, Fits of Despondency, Muscular Prostration and all diseases of the Nervous Centres never dream of the CAUSE of their several afflictions. They treat results as it they were censes; and so no relief is found.

WHAT IS THE CAUSE OF THESE DISEASES very frequently? There is the secret—solitary selfabilities, practiced by thousands.—Commenced when hoys, at school or elsewhere, it is kept up even during young manhood, producing mental and physical prostration. If continued, these diseases and even madness are the result. If the victim be conscious of the cause of his decay, and cair it, he suffers under those

pess are the result. If the victim he conscious of the cause of his decay, and; ait it, he suffers under those terrible meturnal and involuntary emissions which weaken and shame him, till life becomes grievous.—
Thus place—between certain decay and premature death and horrible suffering, the wretched victim ruch es to SELF-DESTRUCTION, or sinks to an untimely grave. If he emancipates himself before the practice has done its worst and enters matrimony, his marriage is unfruitful, and his sense tells him that this is caused by his early follies.

SUFFERING YOUNG MEN,
Let no false modesty prevent you from explaining your case to one whose acknowledged position in the medical profession, and respecta' fifty in private life, point him as a private counsellor. Think not to cure yourself, and so tamper with a faculty, the destruction of which renders a mantruly miserable. Come to Dr. KINKELIN, confide in him as thousands have done before you. before you.

In short, to be cured radically of all forms of secret diseases, and ruinous effects of self-indulgence, apply to the most successful and experienced Dr. KINKE.
